1	<p>I would like to ask about the infrastructure in schools, since we are aware that the Ministry of Education is already cooperating with Enabel to provide certain materials and tools for building STEAM workstations in schools, so will we be able to work with some schools that already have these workstations? or we need to start with schools from scratch? Or can we work on both some schools from scratch and some that already have the STEAM environment set for them? If so, will the tools and materials be included in the Grant's budget?</p>	<p>The selection of the schools is the responsibility of the applicant, as long as it fits the areas as indicated in the guidelines section 1.3 Objectives, expected results, activities, and target groups</p> <p>The priorities for this Call for Proposals are divided into 3 geographical lots :</p> <p>Lot 1: Gaza strip Lot 2: East Jerusalem Lot 3: West Bank</p> <p>The applicant and co-applicant must ensure the proposed activities can be implemented, and can procure the required equipment to do so, or work with partners that have the required equipment.</p>
