DEROGATIONS FROM THE GENERAL IMPLEMENTING RULES

Section 4, 'Specific contractual and administrative conditions' of these Tender Specifications (CSC/Cahier Spécial des Charges) holds the specific administrative and contractual provisions that apply to this public contract by way of derogation from the Royal Decree of 14.01.2013 or as a complement or an elaboration thereof.

These tender documents derogate from Art. 25-33 of the General Implementing Rules (see point 4.7 "Performance bond (Art. 25-33)"). This is motivated by the need to provide equal opportunity for local and international tenderers to participate with a view to increasing competition.

1 Technical Specifications

1.1 Requirements for the services and the deliverables

1.1.1 Technical methodology

The Contractor shall provide the services and the deliverables as specified hereafter by applying a technical methodology, which factors in the following aspects.

1.1.1.1 Background information

These terms of reference apply to a 5-year Kingdom of Belgium funded, Thematic Portfolio on Social Protection and Decent Work that is implemented in the Albertine and Rwenzori region of Uganda. The project is jointly executed by Enabel and the Ministry of Gender, Labour, and Social Development (MoGLSD). The long-term ambition of this project is to improve the living conditions and resilience of the most vulnerable populations in the Great Lakes region by investing in social protection systems and decent work, as well as contributing to the promotion of their sustainable and inclusive socioeconomic development. The specific objective of the project is, women and young people of working age in the Great Lakes region have an increased opportunity to engage in decent work, are better protected by labour rights and benefit from social protection and more inclusive social dialogue. This Portfolio will contribute to two strategic objectives of the third National Development Plan (NDP III) aiming at “Increasing Household Incomes and Improving Quality of Life of Ugandans”, namely (i) to strengthen the private sector to create jobs and (ii) to enhance productivity and social well-being of the population.

The Result 1 of the portfolio focuses on decent employment creation and enhancement for youth and women in agriculture, tourism and the green economy. This result area aims at creating and enhancing employment in the tourism and hospitality sector, agriculture and green economy sectors in order to increase the contributive capacity of workers for social protection schemes. The portfolio places a specific target on reaching youth both male and female. Through this result area, the portfolio will create better and decent employment via three action areas: stimulating labour (more and better jobs), stimulating labour supply that responds to the need of the labour market (employability) and finally, matching supply and demand.

Uganda is heavily dependent on natural resources for economic growth and the livelihoods of its people. The natural resource-based sectors of agriculture, tourism, and others are the

engines of economic growth. Despite their importance, Uganda's natural resources are under threat from both natural and man-made causes. In recognition of these evolutions the concept of a green economy, one that targets sustainable development without degrading the environment, has gained much interest and attention.

While in Uganda the green economy is still in the infancy stage, the Ministry has recognized its high potential to address high levels of unemployment, natural resource degradation, inequitable growth and poverty. The Uganda Vision 2040 aspires to pursue sustainable and inclusive economic growth on the principles of a green economy. According to estimations from the Ministry of Finance Planning and Economic Development (2016), the green economy has the potential to generate 4 million jobs and to spur economic growth by an additional 10% (MoF, 2016). Therefore, one of the main actions that the project intends is to Support green entrepreneurship. Green entrepreneurship is defined as the business in innovative solutions to environmental and social problems in the form of green products, services and production techniques that contribute to the green economy. The green economy has the potential to address youth unemployment and accommodate for new and decent jobs in its diverse segments of the value chain of agribusiness, agroforestry, eco-tourism, waste management, renewable energy/recycling and sustainable agriculture both in the rural areas as in the growing urban centres and secondary cities such as Fort Portal, Hoima and Kasese.

1.1.1.2 Assignment objective:

To conduct a study that will identify the most profitable and resilient sectors/businesses of the green economy in 14 districts¹ of Albertine and Rwenzori region.

Specific objectives:

To identify the most feasible and profitable green sectors/businesses/services/trades and provide a complete analysis.

1.1.1.3 Tasks

For effective delivery of the feasibility study, the project shall be implemented in as per tasks highlighted below;

¹ The districts will include: Kabarole, Fort portal City, Kasese, Bundibugyo, Ntoroko, Kamwenge, Kibale, Kikube, Kagadi, Hoima, Hoima City, Masindi and Kiryandongo Districts.

Task 1: Data collection and analysis

The contractor shall gather data on the most profitable and resilient sectors/businesses of the green economy in the Albertine and Rwenzori region. The data collection shall factor in both primary and secondary data collection methodologies. The data shall include both promising businesses/trades in the region and those that do not currently exist in the region but whose demand is strong and are economically viable (innovative Businesses/trades). Under this task, the contractor shall also conduct market analysis (adequacy between supply and demand) of profitability for each identified business/trade. This shall inform where demand is greater than the supply and whether the products or services have distinct advantages. On the basis of these two relevant criteria, the contractor shall propose a sufficiently extensive list of promising and sustainable trades/businesses and/or innovative activities on which young people and women can position themselves in (self) employment.

The contractor shall also analyse the data collected using creditable data analysis tools.

Task 2: Development of a feasibility report

The contractor shall prepare a feasibility report following the completion of data collection and analysis. The feasibility report shall include:

- an assessment of the viability and a variety of factors to determine whether the green sectors/businesses/services/trades will be profitable and worthwhile now or in the future in the targeted regions.
- a breakdown and description of the most promising and profitable green sectors/businesses/services/trades in the region highlighting the past performance of the green businesses and which type of business should be given priority of investment
- technical, financial, technological, economic, social and environmental feasibility assessment for the first 5 identified green opportunities with their strengths and opportunities, weak points/threats, of each profession/trade/business opportunity.

Task 3: Dissemination of findings.

The contractor shall be responsible for the dissemination of the data and information gathered from the assessment exercise. The contractor shall prepare a presentation of the findings and present the findings to Enabel and selected stakeholders through online and face to face meetings. In these meetings, Enabel shall provide feedback that shall be incorporated in the findings and thereafter finalized.

Task 4: Final report.

The contractor shall prepare a draft end of project report that shall be submitted to Enabel – Social Protection project upon completion of the activity. The report shall cover all the task activities above. The report shall be based on the template shared by the Contracting Authority. The draft end of project report shall be reviewed by Enabel – Social Protection project where they shall provide feedback that shall be incorporated in the final report. The contractor shall amend the report and submit the final report for approval to Enabel – Social Protection project. The feasibility report shall form part of the final report as an annex to the final report.

Deliverables:

- 1) Approved inception report
- 2) Raw collected data and database
- 3) Market feasibility report
- 4) Presentation with summary findings
- 5) Online dissemination of the findings
- 6) Final project report

1.2 Project Management**1.2.1 Planning**

A kick-off meeting will take place in Kampala/ Social Protection at the start of the performance. The aim will be to discuss with the Contracting Authority the general implementation of the project, the work plan, and the communication with the project management team. The meeting will also aim at clarifying to the Contractor the roles and responsibilities of the Contracting Authority during the implementation.

As required, ad hoc meetings and conference calls will be scheduled and organized by the Contractor during the implementation of a given service request. Prior to each of these meetings/ conference calls the Contractor will submit to the Contracting Authority a brief summary of any specific points that need to be discussed.

1.2.2 Monitoring

Supplementary meetings in Kampala/Social Protection during the implementation of the specific contracts may be convened at the request of the Contracting Authority to monitor the implementation.

The contractor shall ensure quality management through continuous monitoring. This monitoring shall take a quality assurance (QA) approach and collect information on the service provider's conduct in implementing the activities.

This QA approach shall be based on the following principles: collect data systematically; report these data; enable timely action on the data, at the appropriate level.

The Contractor shall use these principles to ensure the quality of their service and to monitor the satisfaction of those involved in all aspects of the activities.

At an appropriate point in time support trajectories and at the end participants shall complete a questionnaire asking them to rate their perception on: the contractor and conduct of the support facilitation; professional skills and capabilities of the expert; self-assessment of the learning in terms of skills and competencies that are subject of the activities.

The Social Protection project shall perform its own independent evaluation of the project during and after its implementation, on the basis of which the contractor may be required to adapt its quality management.

An evaluation of the performance shall be conducted by the Contracting Authority on a regular basis to assess the level of the quality of services provided, the key experts' capacity, and the participants' satisfaction.

The Contracting Authority shall communicate the assessment methodology prior to the evaluation. The Contracting Authority shall communicate the outcomes of the evaluation sessions to the Contractor and if necessary, shall ask for actions to be taken. The contractor can also perform self-evaluation, without the results of it being binding to the Contracting Authority. The Contracting Authority shall closely monitor the content, methodology and implementation of the activities to ensure that the desired level is kept.

The contractor shall be required to reply to all queries from the Contracting Authority within two (2) working days, unless agreed otherwise.

Furthermore, the contractor shall be obliged to ensure that the key experts comply to and follow the instructions given by the Contracting Authority, to allow smooth administration of the activities.

1.2.3 Reporting

The Contractor shall also ensure timely and accurate invoicing for services delivered as well as any required reporting.

Without prejudice to any of the outputs/deliverables as outlined, the Contractor shall on request, provide overview reports with, at a minimum, the following characteristics:

- Frequency: on request
- Content, at least:

Tender Specifications – Procurement procedure reference UGA21003-10032

- History of Service Requests/Work Orders
- Listing of in-progress Service Requests/Work Orders
- Values of the Service Requests/Work Orders

Form: in spreadsheet format.

Report data shall include all relevant references, dates, and subject of the Service Requests/Work Orders.

All outputs/deliverables (deliverables for services as the overviews) as outlined shall be submitted for approval and endorsement to the Intervention Manager.

1.3 Requirements for the resources

1.3.1 Human Resources

1.3.1.1 Selection of experts

1.3.1.1.1 Composition of the team

Composition of the Team	<ul style="list-style-type: none"> • 1 coordinator/team leader • A pool of 2 experts
-------------------------	--

The contractor shall be responsible to present a pool of experts that can cover all contents of this contract and that know the particulars of the content of the contract in Uganda (to ensure relevant content and delivery).

The contractor shall be responsible for selecting the individual trainer/key expert out of his pool for delivering the outputs of the specific service requests of the contract.

Coordinator/team leader

The contractor shall identify a coordinator/team leader within its organisation who shall represent the single point of contact for all administrative and operational communication with the Contracting Authority. The single point of contact and if necessary, his/her replacement shall fulfil the requirements set in the qualification of human resources below. Similarly, the Contracting Authority will designate contact persons.

All communications and exchange of information between the Contracting Authority and the Contractor during the contract period shall be held in writing or email, in English and be addressed to the Contractor’s single point of contact and to the contact person in the Contracting Authority respectively.

Tender Specifications – Procurement procedure reference UGA21003-10032

The coordinator shall need to closely collaborate with the Contracting Authority ensuring that the quality of the assignment meets the standards set. In addition, he/she shall safeguard that the requirements as described in this tender are being kept.

Individual Experts

The Contractor will be responsible for selecting the individual expert for delivering the outputs of the specific activities of the contract. But each individual expert shall require all the following skills and expertise, as specified hereafter.

1.3.1.1.2 Qualifications of the Team

Mandatory requirements for the coordinator:

- Master's degree in Environmental Sciences, Agricultural, Agricultural Economics, Rural Sociology, Social Sciences, Business, and other related studies.
- Specialized in Business, and having experience in the green economy.

Specific competencies and experience required:

- A Minimum of 4 years' experience of proven experience working in the green economy in Uganda.
- Good knowledge of the institutional setup of the green economy in Uganda and the relevant stakeholders.
- Excellent analytical and writing skills demonstrated by a track record of accessible publications and reports.
- Good knowledge of computer software (Word, Excel, and Database)
- Excellent communication skills

Specific competencies or knowledge considered an asset:

- Previous experience (work or consultancy) with the Cooperatives in the Rwenzori Albertine region

Mandatory requirements for the experts

- A Minimum of 4 years' experience of proven experience working in the green economy in Uganda.
- Good knowledge of the institutional setup of the green economy in Uganda and the relevant stakeholders.

- Excellent analytical and writing skills demonstrated by a track record of accessible publications and reports.
- Good knowledge of computer software (Word, Excel, and Database)
- Excellent communication skills

1.3.1.1.3 Management of the Team

During the implementation of the contract, the contracting authority shall individually assess the performance of the experts and conduct evaluation sessions to get feedback from the participants. The contracting authority reserves the right to reject an expert if his/her performance is not satisfactory to the contracting authority.

The contractor shall ensure that there is a back-up key expert available in the pool. Should a key expert become unavailable for any reason for more than one (1) day, a back-up expert has to be provided at short notice. The backup expert shall continue the implementation at the required standards. In case of unavailability of a Team Member, the Contractor shall ensure prompt replacement with at least the same level of qualifications as those of the Expert being replaced and who was initially proposed for the assignment in accordance with the Tender.

Efficient communication and sharing of experience must be put in place within the team.

1.3.1.1.4 Deployments of the Team

Below is the estimated number of calendar days that the contractor shall undertake to complete the assignment with an indication of maximum preparation time, maximum travel time to the location, maximum on-field mission, maximum travel time back from the Kampala and maximum reporting time.

Indicative Timeline	Phase	Indicative calendar days
80 calendar days	Planning phase	5
	Data collection and analysis	40
	Preparation of feasibility report plans	30
	Dissemination of findings.	2
	Final report.	3
Total calendar days		80

2 General provisions

2.1 Derogations from the General Implementing Rules

Chapter 'Specific contractual and administrative conditions' of these Tender Specifications (CSC/Cahier Spécial des Charges) holds the specific administrative and contractual provisions that apply to this public procurement contract as a derogation of the Royal Decree of 14.01.2013 or as a complement or an elaboration thereof.

2.2 Contracting authority

The contracting authority of this public procurement contract is Enabel, the Belgian development agency, public-law company with social purposes, with its registered office at Rue Haute 147, 1000 Brussels in Belgium (enterprise number 0264.814.354, RPM/RPR Brussels). Enabel has the exclusive competence for the execution, in Belgium and abroad, of public service tasks of direct bilateral cooperation with the partner countries. Moreover, it may also perform other development cooperation tasks at the request of public interest organisations, and it can develop its own activities to contribute towards realisation of its objectives.

For this procurement contract, Enabel is represented by person(s) who shall sign the award letter and are mandated to represent the organisation towards third parties.

2.3 Institutional setting of Enabel

The general framework of reference in which Enabel operates is:

- The Belgian Law on Development Cooperation of 19 March 2013²;
- The Belgian Law of 21 December 1998 establishing the Belgian Technical Cooperation as a public-law company²;
- The Belgian Law of 23 November 2017 changing the name of the Belgian Technical Cooperation and defining the missions and functioning of Enabel, the Belgian development agency, published in the Belgian Official Gazette on 11 December 2017.

The following initiatives are also guiding Enabel in its operations: We mention as main examples:

- In the field of international cooperation: the United Nations Sustainable Development Goals and the Paris Declaration on the harmonisation and alignment of aid;

² Belgian Official Gazette of 30 December 1998, of 17 November 2001, of 6 July 2012, of 15 January 2013 and of 26 March 2013. Belgian Official Gazette of 1 July 1999.

- In the field of the fight against corruption: the Law of 8 May 2007 approving the United Nations Convention against Corruption, adopted in New York on 31 October 2003³, as well as the Law of 10 February 1999 on the Suppression of Corruption transposing the Convention on Combating Bribery of Foreign Public Officials in International Business Transactions;
- In the field of Human Rights: the United Nations' Universal Declaration of Human Rights (1948) as well as the 8 basic conventions of the International Labour Organisation⁴ on Freedom of Association (C. n°87), on the Right to Organise and Collective Bargaining (C. n°98), on Forced Labour (C. n°29 and 105), on Equal Remuneration and on Discrimination in Respect of Employment (C. n°100 and 111), on Minimum Age for Admission to Employment (C. n°138), on the Prohibition of the Worst Forms of Child Labour (C. n°182);
- In the field of environmental protection: The Climate Change Framework Convention in Paris, 12 December 2015;
- The first Management Contract concluded between Enabel and the Belgian federal State (approved by the Royal Decree of 17.12.2017, Belgian Official Gazette 22.12.2017) that sets out the rules and the special conditions for the execution of public service tasks by Enabel on behalf of the Belgian State.
- Enabel's Code of Conduct of January 2019, Enabel's Policy regarding sexual exploitation and abuse of June 2019 and Enabel's Policy regarding fraud and corruption risk management of June 2019;

2.4 Rules governing the procurement contract

- The following, among other things, applies to this public procurement contract:
- The Law of 17 June 2016 on public procurement contracts⁵;
- The Law of 17 June 2013 on justifications, notification and legal remedies for public procurement contracts and certain procurement contracts for works, supplies and services⁶;
- The Royal Decree of 18 April 2017 on the award of public procurement contracts in the classic sectors⁷;

³ Belgian Official Gazette of 18 November 2008.

⁴ <http://www.ilo.org/ilolex/french/convdisp1.htm>.

⁵ Belgian Official Gazette 14 July 2016.

⁶ Belgian Official Gazette of 21 June 2013.

⁷ Belgian Official Gazette 9 May 2017.

- Royal Decree of 14 January 2013 establishing the General Implementing Rules for public procurement contracts and for concessions for public works⁸;
- Circulars of the Prime Minister with regards to public procurement contracts.
- All Belgian regulations on public procurement contracts can be consulted on www.publicprocurement.be.
- Enabel 's Policy regarding sexual exploitation and abuse – June 2019;
- Enabel's Policy regarding fraud and corruption risk management – June 2019;
- Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation – 'GDPR'), and repealing Directive 95/46/EC.
- Law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data.;

All Belgian regulations on public contracts can be consulted on www.publicprocurement.be;

Enabel's Code of Conduct and the policies mentioned above can be consulted on Enabel's website via <https://www.enabel.be/content/integrity-desk>.

2.5 Definitions

The following definitions apply to this procurement contract:

The tenderer: An economic operator submitting a tender;

The contractor/ service provider: The tenderer to whom the procurement contract is awarded;

The contracting authority: Enabel, represented by the Resident Representative of Enabel in Uganda.

The tender: Commitment of the tenderer to perform the procurement contract under the conditions that he has submitted;

Days: In the absence of any indication in this regard in the Tender Specifications and the applicable regulations, all days should be interpreted as calendar days;

Procurement documents: Tender Specifications including the annexes and the documents they refer to;

⁸ Belgian Official Gazette 27 June 2017.

Technical specifications: A specification in a document defining the characteristics of a product or a service, such as the quality levels, the environmental and climate performance levels, the design for all needs, including accessibility for people with disabilities, and the evaluation of conformity, of product performance, of the use of the product, safety or dimensions, as well as requirements applicable to the product as regards the name by which it is sold, terminology, symbols, testing and test methods, packaging, marking or labelling, instructions for use, the production processes and methods at every stage in the life cycle of the supply or service, as well as the evaluation and conformity procedures;

Variant: An alternative method for the design or the performance that is introduced either at the demand of the contracting authority, or at the initiative of the tenderer;

Option: A minor and not strictly necessary element for the performance of the procurement contract, which is introduced either at the demand of the contracting authority, or at the initiative of the tenderer;

Inventory: The procurement document which splits up the performance in different items and specifies the quantity or the method to determine the price for each of them;

General Implementing Rules (GIR): Rules laid down in the Royal Decree of 14.01.2013 establishing the General Implementing Rules for public procurement contracts and for concessions for public works;

The Tender Specifications (Cahier spécial des charges/CSC): This document and its annexes and the documents it refers to;

Corrupt practices: The offer of a bribe, gift, gratuity or commission to any person as an inducement or reward for performing or refraining from any act relating to the award of a procurement contract or performance of a procurement contract already concluded with the contracting authority;

Litigation: Court action.

Subcontractor in the meaning of public procurement regulations: The economic operator proposed by a tenderer or contractor to perform part of the contract. The subcontractor is understood as the economic operator with the capacity which the applicant or tenderer relies upon or to whom he entrusts all or part of his engagements.

Controller in the meaning of the GDPR: the natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of personal data.

Sub-contractor or processor in the meaning of the GDPR: a natural or legal person, public authority, agency or other body which processes personal data on behalf of the controller.

Recipient in the meaning of the GDPR: a natural or legal person, public authority, agency or another body, to which the personal data are disclosed, whether a third party or not.

Personal data: any information relating to an identified or identifiable natural person ('data subject'); an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

2.6 Processing of personal data by the contracting authority and confidentiality

2.6.1 Processing of personal data by the contracting authority

The contracting authority undertakes to process the personal data that are communicated to it in response to the Call for Tenders with the greatest care, in accordance with legislation on the protection of personal data (General Data Protection Regulation, GDPR). Where the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data contains stricter provisions, the contracting authority will act in accordance with said law.

2.6.2 Confidentiality

The tenderer or contractor and Enabel are bound to secrecy vis-à-vis third parties with regards to any confidential information obtained within the framework of this public contract and will only divulge such information to third parties after receiving the prior written consent of the other party. They will disclose this confidential information only among appointed parties involved in the assignment. They guarantee that said appointed parties will be adequately informed of their obligations in respect of the confidential nature of the information and that they shall comply therewith.

PRIVACY NOTICE OF ENABEL: Enabel takes your privacy serious. We undertake to protect and process your personal data with due care, transparently and in strict compliance with privacy protection legislation.

See also: <https://www.enabel.be/content/privacy-notice-enabel>

2.7 Deontological obligations

Any failure to comply with one or more of the deontological clauses may lead to the exclusion of the candidate, tenderer or contractor from other public procurement contracts for Enabel.

Tender Specifications – Procurement reference number UGA21003-10032

For the duration of the procurement contract, the contractor and his staff respect human rights and undertake not to go against political, cultural or religious customs of the beneficiary country. The tenderer or contractor is bound to respect fundamental labour standards, which are internationally agreed upon by the International Labour Organisation (ILO), namely the conventions on union freedom and collective bargaining, on the elimination of forced and obligatory labour, on the elimination of employment and professional discrimination and on the abolition of child labour.

In accordance with Enabel's Policy regarding sexual exploitation and abuse, the contractor and his staff have the duty to behave in an irreproachable manner towards the beneficiaries of the projects and towards the local population in general. They must abstain from any acts that could be considered a form of sexual exploitation or abuse and they must abide by the basic principles and guidelines laid down in this policy.

Any attempt of a candidate or a tenderer to obtain confidential information, to proceed to illicit arrangements with competitors or to influence the evaluation committee or the contracting authority during the investigation, clarification, evaluation and comparison of tenders and candidates' procedure will lead to the rejection of the application or the tender.

Moreover, in order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the procurement contract, it is strictly forbidden to the contractor to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to agents of the contracting authority who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the procurement contract, regardless of their hierarchical rank.

The contractor of the procurement contract commits to supply, upon the demand of the contracting authority, any supporting documents related to the performance conditions of the contract. The contracting authority will be allowed to proceed to any control, on paperwork or on site, which it considers necessary to collect evidence to support the presumption of unusual commercial expenditure. Depending on the gravity of the facts observed, the contractor having paid unusual commercial expenditure is liable to have its contract cancelled or to be permanently excluded from receiving funds.

In accordance with Enabel's Policy regarding sexual exploitation and abuse of June 2019 and Enabel's Policy regarding fraud and corruption risk management complaints relating to issues of integrity (fraud, corruption, etc.) must be sent to the Integrity desk through the <https://www.enabelintegrity.be> website.

2.8 Applicable law and competent courts

The procurement contract must be performed and interpreted according to Belgian law.

The parties commit to sincerely perform their engagements to ensure the good performance of this procurement contract.

In case of litigation or divergence of opinion between the contracting authority and the contractor, the parties will consult each other to find a solution.

If agreement is lacking, the Brussels courts are the only courts competent to resolve the matter.

3 Modalities of the contract

3.1 Type of contract

This procurement contract is a direct services contract.

3.2 Scope of the contract

3.2.1 Subject-matter

This service procurement contract consists in the performance of Provision of consultancy services for a feasibility study for green economy in the Albertine and Rwenzori region, in conformity with the conditions of these Tender Specifications.

3.2.3 Items

This procurement contract consists of the items stated in section 1 of this tender document.

These items are pooled and form one single procurement contract. It is not possible to tender for one or several items and the tenderer must submit price quotations for all items of the procurement contract.

3.2.4 Variants

Variants are not permitted.

3.2.5 Option

The contract does not contain options

3.5 Duration of the contract⁹

The procurement contract starts upon award notification shall last for a duration of 80 calendar days

⁹ Please note: term of the procurement contract not to be confused with performance period.

4 Special contractual provisions

This chapter of these Tender Specifications holds the specific provisions that apply to this public procurement contract as a derogation of the 'General Implementing Rules for public procurement contracts and for public works concessions' of the Royal Decree of 14 January 2013, hereinafter referred to as 'GIR', or as a complement or an elaboration thereof. The numbering of the articles below (between brackets) follows the numbering of the GIR articles. Unless indicated, the relevant provisions of the General Implementing Rules (GIR) apply in full.

4.1 Managing official (Art. 11)

The managing official is Ms. Lucie Carlier, e-mail: lucie.carlier@enabel.be

Once the procurement contract is concluded, the managing official is the main contact point for the service provider. Any correspondence or any questions with regards to the performance of the procurement contract will be addressed to him/her, unless explicitly mentioned otherwise in these Tender Specifications.

The managing official is responsible for the follow-up of the performance of the contract.

The managing official is fully competent for the follow-up of the satisfactory performance of the procurement contract, including issuing service orders, drawing up reports and states of affairs, approving the services, progress reports and reviews. (S)he may order any modifications to the procurement contract with regards to its subject-matter provided that they remain within its scope.

However, the signing of amendments or any other decision or agreement implying derogation from the essential terms and conditions of the procurement contract are not part of the competence of the managing official. For such decisions the contracting authority is represented as stipulated under the contracting authority.

Under no circumstances is the managing official allowed to modify the terms and conditions (e.g., performance deadline) of the contract, even if the financial impact is nil or negative. Any commitment, change or agreement that deviates from the conditions in the Tender Specifications and that has not been notified by the contracting authority, will be considered null and void.

4.2 Subcontractors (Art. 12 to 15)

The fact that the contractor entrusts all or part of his commitments to subcontractors does not relieve him of liability to the contracting authority. The latter does not recognise any contractual relation with third parties.

The contractor remains, in any case, solely liable to the contracting authority.

The service provider commits to having the procurement contract performed by the persons indicated in the tender, except for force majeure. The persons mentioned or their replacements are all deemed to effectively be involved in the performance of the procurement contract. Any replacements must be approved by the contracting authority.

When the contractor uses a subcontractor to carry out specific processing activities on behalf of the contracting authority, the same data protection obligations as those of the contractor are imposed on that subcontractor by contract or any other legal act.

In the same way, the contractor will respect and enforce to his subcontractors, the provisions of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation, GDPR). The contracting authority may conduct an audit of the processing carried out in order to validate compliance with this legislation.

4.3 Confidentiality (art. 18)

The knowledge and information gathered by the tenderer under the framework of this public contract is strictly confidential.

Under no circumstances can the information collected, regardless of its origin and nature, be transferred to third parties in any form.

The tenderer is therefore bound by the duty of discretion.

In accordance with Article 18 of the Royal Decree of 14 January 2013 establishing the general rules for public procurement, the tenderer undertakes to consider and process in a strictly confidential manner any information, all facts, any documents and/or any data, whatever their nature and support, which have been communicated to him, in any form and by any means, or to which he has access, directly or indirectly, in the context or on the occasion of this public contract. Confidential information covers, in particular, the very existence of this public contract, without this list being limited.

Therefore, he undertakes to:

- Respect and enforce the strict confidentiality of these elements and to take all necessary precautions in order to preserve their secrecy (these precautions cannot in any case be inferior to those taken by the tenderer for the protection of his own confidential information);
- Consult, use and/or exploit, directly or indirectly, all of the above elements only to the extent strictly necessary to prepare and, if necessary, to carry out this public contract (particularly in accordance with the privacy legislation with respect to personal data processing);
- Not reproduce, distribute, disclose, transmit or otherwise make available to third parties the above elements, in whole or in part, and in any form, unless having obtained prior and written consent of the contracting authority;
- Return, at the first request of the contracting authority, the above elements;
- In general, not disclose directly or indirectly to third parties, whether for advertising or any other reason, the content of this public contract.

4.4 Protection of personal data

4.4.1 Processing of personal data by the contracting authority

The contracting authority undertakes to process the personal data that are communicated to it in response to the Call for Tenders with the greatest care, in accordance with legislation on the protection of personal data (General Data Protection Regulation, GDPR). Where the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data contains stricter provisions, the contracting authority will act in accordance with said law.

4.4.2 Processing of personal data by a subcontractor

PROCESSING OF PERSONAL DATA BY A CONTROLLER (RECIPIENT)

During contract performance, the contractor may process personal data of the contracting authority or in execution of a legal obligation.

For any processing of personal data carried out in connection with this public contract, the contractor is required to comply with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (GDPR) and the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data.

By simply participating in the contracting process, the tenderer certifies that he will strictly comply with the obligations of the GDPR for any processing of personal data conducted in connection with that public contract.

Given the public contract, it is to be considered that the contracting authority and the contractor will each be responsible, individually, for the processing.

4.5 Intellectual property (Art. 19 to 23)

The contracting authority acquires the intellectual property rights created, developed or used during performance of the contract.

4.6 Performance bond (Art. 25 to 33)

For this procurement contract no performance bond is required.

4.7 Conformity of performance (Art. 34)

The works, supplies and services must comply in all respects with the procurement documents. Even in the absence of technical specifications in the procurement documents, the works, supplies and services must comply in all aspects with good practice.

4.8 Changes to the procurement contract (Art. 37 to 38/19)

4.8.1 Replacement of the contractor (Art. 38/3)

Provided that he meets the selection and exclusion criteria set out in this document, a new contractor may replace the contractor with whom the initial procurement contract was agreed in cases other than those provided for in Art. 38/3 of the General Implementing Rules (GIR).

The contractor submits his request as quickly as possible by registered post, stating the reasons for this replacement and providing a detailed inventory of the state of supplies and services already performed, the new contractor's contact details and the documents and certificates which the contracting authority cannot access free of charge.

The replacement will be recorded in an amendment dated and signed by all three parties. The initial contractor remains liable to the contracting authority for the performance of the remainder of the procurement contract.

4.8.2 Adjusting the prices (Art. 38/7)

For this procurement contract, price reviews are not permitted.

Tender Specifications – Procurement reference number UGA21003-10032

4.8.3 Indemnities following the suspensions ordered by the contracting authority during performance (Art. 38/12)

The contracting authority reserves the right to suspend the performance of the procurement contract for a given period, mainly when it considers that the procurement contract cannot be performed without inconvenience at that time.

The performance period is extended by the period of delay caused by this suspension, provided that the contractual performance period has not expired. If it has expired, the return of fines for late performance will be agreed.

When activities are suspended, based on this clause, the contractor is required to take all necessary precautions, at his expense, to protect the services already performed and the materials from potential damage caused by unfavourable weather conditions, theft or other malicious acts. The contractor has a right to damages for suspensions ordered by the contracting authority when:

- The suspension lasts in total longer than one twentieth of the performance time and at least ten working days or two calendar weeks, depending on whether the performance time is expressed in working days or calendar days;
- The suspension is not due to unfavourable weather conditions;
- The suspension occurred during the contract performance period.

Within thirty days of their occurrence or the date on which the contractor or the contracting authority would normally have become aware of them, the contractor reports the facts or circumstances succinctly to the contracting authority and describes precisely their impact on the progress and cost of the procurement contract.

4.8.4 Unforeseen circumstances

As a rule, the contractor is not entitled to any modification of the contractual terms due to circumstances of which the contracting authority was unaware.

A decision of the Belgian State to suspend cooperation with a partner country is deemed to be unforeseeable circumstances within the meaning of this article. Should the Belgian State break off or cease activities which implies therefore the financing of this procurement contract, Enabel will do everything reasonable to agree a maximum compensation figure.

4.9 Preliminary technical acceptance (Art. 42)

The contracting authority reserves the right to demand an activity report at any time of the assignment to the service provider (meetings held, persons met, institutions visited, summary Tender Specifications – Procurement reference number UGA21003-10032

of results, problems encountered and unresolved issues, deviations from the planning and deviations from the ToR...).

4.10 Performance modalities (Art. 146 et seq.)

4.10.1 Deadlines and terms (Art. 147)

The services must be performed within a period of 40 calendar days that is to be expressed in calendar days, which the tenderer shall mention in his tender. This period starts as from the day following the date on which the service provider received the contract conclusion notification letter. Since the performance period is an award criterion, not including it in the tender will bring about the substantial irregularity of the tender. All days are indistinguishably included in the period.

In any event, complaints about the order form are not admissible any more if they are not submitted within 15 calendar days from the day following the date on which the service provider has received the order form.

4.10.2 Place where the services must be performed and formalities (Art. 149)

The services will be performed at the location specified in the tender specification (part 1).

4.11 Inspection of the services (Art. 150)

If during contract performance irregularities are found, the contractor will be notified about this immediately by fax or e-mail, which will be confirmed consequently by registered letter. The contractor is bound to perform the non-complying services again.

The service provider advises the managing official by registered post or e-mail showing the exact date of dispatch, at which date the services can be controlled.

4.12 Liability of the service provider (Art. 152-153)

The service provider takes the full responsibility for mistakes and deficiencies in the services provided.

Moreover, the service provider indemnifies the contracting authority against damages for which it is liable towards third parties due to late performance of the services or due to failure of the service provider.

4.13 Zero tolerance Sexual exploitation and abuse

In application of Enabel's Policy regarding sexual exploitation and abuse of June 2019 there will be zero tolerance towards any misconduct that could impact the professional credibility of the tenderer.

4.14 Means of action of the contracting authority (Art. 44-51 and 154155)

The service provider's default is not solely related to services as such but also to the whole of the service provider's obligations.

In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the procurement contract, it is strictly forbidden to the service provider to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to the employees of the contracting authority who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the procurement contract, regardless of their hierarchical rank.

In case of violation, the contracting authority may impose a lump-sum fine to the service provider for each violation, which can be up to three times the amount obtained by adding up the (estimated) values of the advantage offered to the employee and of the advantage that the contractor hoped to obtain by offering the advantage to the employee. The contracting authority will decide independently about the application and the amount of this fine.

This clause is without prejudice to the possible application of other measures as of right provided in the GIR, namely the unilateral termination of the procurement contract and/or the exclusion of procurement contracts of the contracting authority for a determined duration.

4.14.1 Failure of performance (Art. 44)

§1 The contractor is considered to be in failure of performance under the procurement contract:

- 1° when the delivery is not carried out in accordance with the conditions specified in the procurement documents;
- 2° at any time, when the delivery has not progressed in such a way that it can be fully completed on the due dates;
- 3° when he does not observe written orders, which are given in due form by the contracting authority.

§2 Any failure to comply with the provisions of the procurement contract, including the non-observance of orders of the contracting authority, is recorded in a report ('process verbal'), a copy of which will be sent immediately to the contractor by registered mail.

The contractor must repair the defects without any delay. He may assert his right of defence by registered letter addressed to the contracting authority within fifteen days from the date of dispatch of the report (process verbal). Silence on his part after this period shall be deemed as acknowledgement of the reported facts.

Any defects detected that can be attributed to the contractor render him liable to one or more of the measures provided for in Articles 45 to 49, 154 and 155.

4.14.2 Fines for delay (Art. 46 and 154)

The fines for delay differ from the penalties referred to in Article 45. They are due, without the need for notice, by the mere lapse of the performance term without the issuing of a report and they are automatically applied for the total number of days of delay.

Without prejudice to the application of fines for delay, the contractor continues to guarantee the contracting authority against any damages for which it may be liable to third parties due to late performance of the procurement contract.

4.14.3 Measures as of right (Art. 47 and 155)

§1 When, upon expiry of the term given in Article 44, §2, the contractor has not taken action or has presented means deemed unjustified by the contracting authority, the contracting authority may apply the measures as of right described in paragraph 2.

However, the contracting authority may apply measures as of right without waiting for the expiry of the term given in Article 44, §2, when the contractor has explicitly recognised the defects found. §2 The measures as of right are:

1° Unilateral termination of the procurement contract. In this case the entire performance bond, or if no bond has been posted an equivalent amount, is acquired as of right by the contracting authority as lump sum damages. This measure excludes the application of any fine for delay in performance in respect of the terminated part;

2° Performance under regime of all or part of the non-performed procurement contract;

3° Conclusion of one or more replacement procurement contracts with one or more third parties for all or part of the procurement contract remaining to be performed.

The measures referred to in 1°, 2° and 3° will be taken at the expense and risk of the defaulting contractor. However, any fines or penalties imposed during the performance of a replacement procurement contract will be borne by the new contractor.

4.15 End of the procurement contract

4.15.1 Acceptance of the services performed (Art. 64-65 and 156)

The managing official will closely follow up the services during performance.

The services will not be accepted until after fulfilling audit verifications, technical acceptance and prescribed tests.

The contracting authority disposes of a verification term of thirty days starting on the final or partial end date of the services, set in conformity with the modalities in the procurement documents, to carry out the acceptance formalities and to notify the result to the service provider. This term commences provided that the contracting authority possesses, at the same time, the list of services delivered or the invoice. Upon expiry of the thirty-day term following the date stipulated for completion of the entirety of the services, depending on the case, an acceptance report or a refusal of acceptance report will be drawn up.

Where the services are completed before or after this date, it is the responsibility of the service provider to notify the managing official by registered letter, and at the same time to ask for the acceptance procedure to be carried out. Within thirty days after the date of receipt of the service provider's request, an acceptance or a refusal of acceptance report will be drawn up, depending on the case.

The acceptance specified above is final.

4.15.2 Invoicing and payment of services (Art. 66 to 72 – 160)

The contractor sends (one copy only of) the invoices and the contract acceptance report (original copy) to the following address:

Jacqueline Akello
Jacqueline.akello@enabel.be
Financial Controller- Social Protection
Enabel in Uganda
Kakiza road, plot No. 9 Booma, Fort portal City

Only services that have been performed correctly may be invoiced.

The contracting authority disposes of a verification term of thirty days starting on the end date for the services, set in conformity with the modalities in the procurement documents, to carry

out the technical acceptance and provisional acceptance formalities and to notify the result to the service provider.

The amount owed to the service provider must be paid within thirty days with effect from the expiry of the verification term or with effect from the day after the last day of the verification term, if this is less than thirty days. And provided that the contracting authority possesses, at the same time, the duly established invoice and any other documents that may be required.

When the procurement documents do not provide for any separate debt claim, the invoice will constitute the debt claim.

The invoice must be in **EUROS**.

In order for Enabel to obtain the VAT exemption and customs clearance documents as quickly as possible, the original invoice and all ad hoc documents will be transmitted as soon as possible before provisional acceptance.

No advance may be asked by the contractor. Payment will be made in instalments (progress payments) and will be made upon invoicing in the following instalments:

- 10% after Submission of the inception report
- 80% after data collection and analysis, submission of Market feasibility report for 5 trades/businesses and dissemination of findings.
- 10% after submission of final training report

4.16 Litigation (Art. 73)

The competent courts of Brussels have exclusive jurisdiction over any dispute arising from the performance of this procurement contract. French or Dutch are the languages of proceedings.

The contracting authority will in no case be held liable for any damage caused to persons or property as a direct or indirect consequence of the activities required for the performance of this procurement contract. The contractor indemnifies the contracting authority against any claims for compensation by third parties in this respect.

In case of 'litigation', i.e., court action, correspondence must (also) be sent to the following address:

Enabel, public-law company

Legal unit of the Logistics and Acquisitions service (L&A)

To the attention of Mrs Inge Janssens rue Haute 147

1000 Brussels - Belgium

5 Procurement procedure

5.1 Type of procedure

This is a Negotiated Procedure without Prior Publication in application of Article 42 of the Law of 17 June 2016.

5.2 Publication

3.2.1 Enabel publication

This procurement contract is published on the Enabel website <https://www.enabel.be/content/enabel-tenders>

5.3 Information

The awarding of this procurement contract is coordinated by the Contract Service Centre of Enabel in Uganda. Throughout this procedure all contacts between the contracting authority and the (prospective) tenderers about this procurement contract will exclusively pass through this service. (Prospective) tenderers are prohibited to contact the contracting authority in any other way with regards to this contract, unless otherwise stipulated in these Tender Specifications.

Until 10 calendar days before the time for the receipt of tenders, candidate-tenderers may ask questions about these Tender Specifications and the procurement contract. Questions will be in writing to UGA_CSC_CONTRACTS@enabel.be with copy to sandra.adero@enabel.be with a clear indication in the subject of the e-mail of the procedure reference and the contract title. They will be answered in the order received. The complete overview of questions asked will be available at the address mentioned above as soon as available.

Until the notification of the award decision no information will be given about the evolution of the procedure.

The tenderer is supposed to submit his tender after reading and taking into account any corrections made to the contract notice or the Tender Specifications that are published in the Belgian Public Tender bulletin or that are sent to him by e-mail. To do so, when the tenderer has downloaded the Tender Specifications, it is strongly advised that he gives his coordinates to the public procurement administrator mentioned above and requests information on any modifications or additional information.

Tender Specifications – Procurement reference number UGA21003-10032

In accordance with Article 81 of the Royal Decree of 18 April 2017, the tenderer is required to report immediately any gap, error or omission in the procurement documents that precludes him from establishing his price or compare tenders, within ten days at the latest before the deadline for receipt of tenders.

5.4 Preparation and Submission of Tenders

Preparation of tenders

The tenderer shall prepare separately, the administrative, technical and financial proposals as explained below;

Content of tenders

The tenderer must use the tender form in annexe. In case he does not use this form, he is fully responsible for the perfect concordance between the documents he has used and the form.

The tender and the annexes to the tender form are drawn up in English.

By submitting a tender, the tenderer automatically renounces to his own general or specific sales conditions, even if these are mentioned in any of the annexes to his tender.

The tenderer clearly designates in his tender which information is confidential and/or relates to technical or business secrets and may therefore not be divulged by the contracting authority.

The tender shall contain the following parts:

1. Administrative Proposal

The tenderer shall use the tender forms included in the corresponding section of the Annex.

The Administrative proposal shall respect the following structure:

- Legal identification form
- Financial Identification Form
- Subcontractor form
- Exclusion Criteria Form
- Integrity form
- Tax Clearance Certificate (e.g.; URA, as applicable)
- Social Security Contribution Clearance (e.g., NSFF as applicable)
- an extract from the criminal record¹⁰ in the name of the tenderer (legal person) or his/her representative (natural person) if there is no criminal record for legal persons (ex. certificate of good conduct from Interpol). From the successful tenderer.
- Technical capacity form
- Financial capacity form

2. Technical Proposal

The technical proposal may be presented in free format. It shall not exceed ten pages, not counting the CVs. It shall respect the following page limit and structure:

- Technical methodology (max. 6 pages)
- Project management (max. 2 pages)
- Resource management (proposal (max. 2 pages) + CVs of experts)

3. Financial Proposal

The tenderer shall use the tender forms included in the corresponding section of the Annex.

Determination of prices

All prices given in the tender form must obligatorily be quoted in **EUROS**.

This procurement contract is a price-schedule contract, i.e., a contract in which only the unit prices are lump-sum prices. The price to be paid will be obtained by applying the unit prices mentioned in the inventory to the quantities actually performed.

Elements included in the price

The service provider is deemed to have included in his unit and global prices any charges and taxes generally applied to services, with the exception of the value-added tax.

The following are in particular included in the prices:

The administrative management and secretariat;

Travel, transportation and insurance;

Documentation pertaining to the services;

The delivery of documents or of pieces related to the performance;

The packaging;

Training required for operation;

Where applicable, the measures imposed by occupational safety and worker health legislation;

Customs and excise duties for equipment and products used;

Validity of tenders

The tenderers are bound by their tender for a period of 90 calendar days from the reception deadline date.

The validity of the tender will be negotiated, if the deadline stated above is overrun.

5.4.2 Submission of tenders

The tenderer submits his tender as follows:

Tender Specifications – Procurement reference number UGA21003-10032

The duly completed and signed tender shall be submitted only by e-mail; uga_csc_tenders@enabel.be and only as attachments and not via a link to a platform. The files shall be clearly named and structured and submitted in a compressed zip folder. The tenderer is solely responsible for the accessibility and legibility of files. The tenderer shall not submit at the last minute. Untimely submission, incomplete submission or indirect submission of documents that are inaccessible or illegible may lead to the rejection of the tender. The tenderer shall submit the administrative, technical and financial proposals as separate email attachments.

The subject of the e-mail shall clearly mention the procurement reference number and the contract title, as stated on the cover page of the tender specifications, as well as the name of tenderer.

The tender shall be received by the Contracting Authority on **20th April, 2023, 02:00 pm, Kampala time**. Tenders that arrive late will not be accepted. (Article 83 of the Royal Decree on Awarding).

5.4.3 Change or withdrawal of a tender that has already been submitted

When a tenderer wants to change or withdraw a tender already sent or submitted this must be done in accordance with the provisions of Articles 43 and 85 of the Royal Decree of 18 April 2017.

To change or withdraw a tender already sent or submitted, a written statement is required, which will be correctly signed by the tenderer or his representative. The subject-matter and the scope of the changes must be indicated in detail. Any withdrawal must be unconditional.

The withdrawal may also be communicated by electronic means, provided that it is confirmed by registered letter deposited at the post office or against acknowledgement of receipt at the latest the day before the tender acceptance deadline.

The subject-matter and the scope of the changes must be indicated in detail.

The withdrawal must be pure and simple.

5.5 Opening and evaluation of Tenders

5.5.1 Opening of tenderers

The opening of tenders will take place on the day of the final date for receiving tenders indicated above. Tenders not received before this time will be rejected. The opening will take place behind closed doors.

5.5.2 Evaluation of Tenders

5.5.2.1 Selection of tenderers

Exclusion grounds

The mandatory and optional exclusion grounds are given in the Declaration on Honour enclosed to these Tender Specifications.

By submitting this tender, the tenderer certifies that he is not in any of the cases of exclusion listed in the Articles 67 to 70 of the Law of 17 June 2016 and the Articles 61 to 64 of the Royal Decree of 18 April 2017.

The contracting authority will verify the accuracy of this Declaration on honour Based on the supporting documents.

Selection criteria

Moreover, by means of the documents requested in the Annexes - Administrative Proposal, the tenderer must prove that he is sufficiently capable, from an economic and financial as well as from a technical point of view, to successfully perform this public procurement contract.

1	Sufficient Economic and Financial Capacity
1.1	Sufficient turn-over
Minimum Standard	Minimum average annual turnover of 28,000 EUR during the past three financial years
2	
Sufficient Technical and Professional Capacity	
2.1	Sufficient experience
Minimum Standard	Minimum of 2 similar assignments successfully completed in the last 3 years.

A tenderer may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which he has with these entities. In that case, the following rules apply:

- Where an economic operator wants to rely on the capacities of other entities, it shall prove to the contracting authority that it will have at its disposal the resources necessary, for example, by producing a commitment by those entities to that effect.
- The contracting authority shall verify whether the entities on whose capacity the economic operator intends to rely fulfil the relevant selection criteria and whether there are grounds for exclusion.

- Where an economic operator relies on the capacities of other entities with regard to criteria relating to economic and financial standing, the contracting authority may require that the economic operator and those entities be jointly liable for the execution of the contract.
- The contracting authority may require certain essential tasks to be carried out directly by the tenderer himself or, if the tender is submitted by a group of economic operators, by a member of the said group.

Under the same conditions, a group of candidates or tenderers may submit the capacities of the group's participants or of other entities.

Regularity of tenders

The tenders submitted by the selected tenderers will be evaluated as to formal and material regularity. Irregular tenders will be rejected.

The contracting authority reserves the right to have the irregularities in the tenderers' tender regularised during the negotiations.

5.5.2.2 qualitative and financial evaluation of tenders

Negotiation

The formally and materially regular tenders will be evaluated as to content by an evaluation committee. The contracting authority will restrict the number of tenders to be negotiated by applying the award criteria stated in the procurement documents. This evaluation will be conducted on the basis of the award criteria given in these Tender Specifications and aims to setting a shortlist of tenderers with whom negotiations will be conducted.

Then, the negotiation phase follows. In view of improving the contents of the tenders, the contracting authority may negotiate with tenderers the initial tenders and all subsequent tenders that they have submitted, except final tenders. The minimum requirements and the award criteria are not negotiable. However, the contracting authority may also decide not to negotiate. In this case, the initial tender is the final tender.

When the contracting authority intends to conclude the negotiations, it will so advise the remaining tenderers and will set a common deadline for the submission of any BAFOs. Once negotiations have closed, the BAFO will be compared with the exclusion, selection and award criteria. The tenderer whose BAFO shows the best value for money (obtaining the best score based on the award criteria given below) will be designated the contractor for this procurement contract.

Award Criteria

The contracting authority selects the regular tender that it finds to be most advantageous, taking account of the following criteria:

- Qualitative award criteria: 40 %;

The tenderer proposes a technical methodology and a project management plan based on the instructions given in the technical specifications. They are subject to evaluation according to the following sub-criteria:

N.	Qualitative Award Criteria	Max. Points: 40
1.	Quality of the proposed Technical Methodology	15
2.	Quality of the proposed Project Management	10
3.	Quality of the proposed Resource management (Selection and Management of Experts)	15

Only tenders with scores of at least 30 points out of 40 points qualify for the financial evaluation.

- Price: 60 %;

With regards to the 'price' criterion, the following formula will be used:

$$\text{Points tender A} = \frac{\text{amount of lowest tender}}{\text{amount of tender A}} * 60$$

Final score

The scores for the qualitative and financial award criteria will be added up. The procurement contract will be awarded to the tenderer with the highest final score, after the contracting authority has verified the accuracy of the Declaration on honour of this tenderer and provided the control shows that the Declaration on honour corresponds with reality.

5.6 Award and Conclusion of Contract

5.6.1 Awarding the contract

The procurement contract will be awarded to the tenderer who has submitted the most economically advantageous tender.

Notice though that in accordance with Art. 85 of the Law of 17 June 2016, there is no obligation for the contracting authority to award the procurement contract.

The contracting authority may either decide not to award the procurement contract; either redo the procedure, if necessary, through another award procedure.

Tender Specifications – Procurement reference number UGA21003-10032

5.6.2 Concluding the contract

In accordance with Art. 88 of the Royal Decree of 18 April 2017, the procurement contract occurs through the notification to the selected tenderer of the approval of his tender.

Notification is via e-mail.

So, the full contract agreement consists of a procurement contract awarded by Enabel to the chosen tenderer in accordance with:

- These Tender Specifications and its annexes;
- The approved BAFO of the contractor and all of its annexes;
- The registered letter of notification of the award decision;
- Any later documents that are accepted and signed by both parties, as appropriate.

In an objective of transparency, Enabel undertakes to publish each year a list of recipients of its contracts. By introducing his tender, the successful tenderer declares that he agrees with the publication of the title of the contract, the nature and object of the contract, its name and location, and the amount of the contract.

Name and legal form	Address / Registered office	Object

Declaration on honour – exclusion criteria

Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare that the tenderer does not find himself in one of the following situations:

1) The tenderer or one of its 'directors [1]' was found guilty following a conviction by final judgement for one of the following offences:

1° involvement in a criminal organisation

2° corruption

3° fraud

4° terrorist offences, offences linked related to terrorist activities or incitement to commit such offence, collusion or attempt to commit such an offence

5° money laundering or terrorist financing

6° child labour and other trafficking in human beings

7° employment of foreign citizens under illegal status

8° creating a shell company.

2) The counterparty which fails to fulfil his obligations relating to the payment of taxes or social security contributions for an amount in excess of EUR 3 000, except if the counterparty can demonstrate that a contracting authority owes him one or more unquestionable and due debts which are free of all foreseeable liabilities. These debts are at least of an amount equal to the one for which he is late in paying outstanding tax or social charges.

3) The counterparty who is in a state of bankruptcy, liquidation, cessation of activities, judicial reorganisation or has admitted bankruptcy or is the subject of a liquidation procedure or judicial reorganisation, or in any similar situation resulting from a procedure of the same kind existing under other national regulations;

4) When Enabel can demonstrate by any appropriate means that the counterparty or any of its directors has committed serious professional misconduct which calls into question his integrity.

Are also considered such serious professional misconduct:

a. A breach of Enabel's Policy regarding sexual exploitation and abuse – June

2019

b. A breach of Enabel's Policy regarding fraud and corruption risk management – June 2019

c. A breach of a regulatory provision in applicable local legislation regarding sexual harassment in the workplace

d. The counterparty was seriously guilty of misrepresentation or false documents when providing the information required for verification of the absence of grounds for exclusion or the satisfaction of the selection criteria, or concealed this information

e. Where Enabel has sufficient plausible evidence to conclude that the counterparty has committed acts, entered into agreements or entered into arrangements to distort competition

The presence of this counterparty on one of Enabel's exclusion lists as a result of such an act/agreement/arrangement is considered to be sufficiently plausible an element.

5) When a conflict of interest cannot be remedied by other, less intrusive measures;

6) When significant or persistent failures by the counterparty were detected during the execution of an essential obligation incumbent on him in the framework of a previous contract, a previous contract placed with another contracting authority, when these failures have given rise to measures as of right, damages or another comparable sanction.

Also, failures to respect applicable obligations regarding environmental, social and labour rights, national law, labour agreements or international provisions on environmental, social and labour rights are considered 'significant'.

The presence of the counterparty on the exclusion list of Enabel because of such a failure serves as evidence.

7) Restrictive measures have been taken vis-à-vis the counterparty with a view of ending violations of international peace and security such as terrorism, human rights violations, the destabilisation of sovereign states and de proliferation of weapons of mass destruction.

The counterparty or one of its directors are on the lists of persons, groups or entities submitted by the United Nations, the European Union and Belgium for financial sanctions:

For the United Nations, the lists can be consulted at the following address:

<https://finances.belgium.be/fr/tresorerie/sanctions-financieres/sanctionsinternationales-nations-unies>

For the European Union, the lists can be consulted at the following address:

Integrity statement for the tenderers

Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare the following:

- Neither member of administration or employees, or any person or legal person with whom the tenderer has concluded an agreement in view of performing the public contract, may obtain or accept from a third party, for themselves or for any other person or legal person, an advantage appreciable in cash (for instance, gifts, bonuses or any other kind of benefits), directly or indirectly related to the activities of the person concerned for the account of Enabel.
- The board members, staff members or their partners have no financial or other interests in the businesses, organisations, etc. that have a direct or indirect link with Enabel (which could, for instance, bring about a conflict of interests).
- I have / we have read and understood the articles about deontology and anticorruption included in the Tender Documents (see 1.7.), as well as *Enabel's Policy regarding sexual exploitation and abuse* of June 2019 and *Enabel's Policy regarding fraud and corruption risk management* of June 2019 and I / we declare fully endorsing and respecting these articles.

If above-mentioned public contract is awarded to the tenderer, I/we declare, moreover, agreeing with the following provisions:

- In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the public contract, it is strictly forbidden to the public contractor (i.e. members of the administration and workers) to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to the employees of Enabel who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the public contract, regardless of their hierarchical rank.
- Any (public) contract will be terminated, once it appears that contract awarding or contract performance would have involved the obtaining or the offering of the abovementioned advantages appreciable in cash.
- Any failure to comply with one or more of the deontological clauses will be considered as a serious professional misconduct which will lead to the exclusion of the contractor from this and other public contracts for Enabel.
- The public contractor commits to supply, upon the demand of the contracting authority, any supporting documents related to the performance conditions of the

contract. The contracting authority will be allowed to proceed to any control, on paperwork or on site, which it considers necessary to collect evidence to support the presumption of unusual commercial expenditure.

Finally, the tenderer takes cognisance of the fact that Enabel reserves the right to lodge a complaint with the competent legal instances for all facts going against this statement and that all administrative and other costs resulting are borne by the tenderer.

Signature preceded by 'read and approved', in writing, and indication of name and function of the person signing:

Place, date

Economic and financial capacity Form

Financial Statement

The tenderer must complete the following table of financial data based on his/her annual accounts.

Financial data	Year- 2 € or NC	Year- 1 € or NC	Last year € or NC	Average € or NC
Annual turnover, excluding this public contract ¹²				

The tenderer must also provide his/her approved financial statements for the last three financial years or an appropriate supporting document, such as a document listing all assets and liabilities of the enterprise. In case the enterprise has not yet published its Financial Statements, an interim balance certified true by an accountant or by a registered auditor or by the person or body with this function in the country concerned will do

¹² Last accounting year for which the entity's accounts have been closed.

Technical and professional capacity form

6.3.3 FINANCIAL PROPOSAL

Tender Forms – prices

By submitting this tender the tenderer commits to performing this public contract in conformity with the provisions of the Tender Specifications/ – and explicitly declares accepting all conditions listed in the Tender Specifications and renounces any derogatory provisions such as his own general sales conditions.

The unit prices and the global prices for each item in the inventory are established relative to the value of these items in relation to the total value of the tender. All general and financial costs as well as the profits are distributed between the various items in proportion to their weight.

The value added tax is dealt with on a separate line in the summary bill of quantities or the inventory, to be added to the tender's value.

The tenderer commits to performing the public contract in accordance with the provisions of the Tender Specifications for the following prices, given in euros and exclusive of VAT:

Should this tender be approved, the performance bond will be constituted under the conditions and deadlines stipulated in the Tender Specifications.

The confidential information and/or the information relating to technical or business secrets is indicated clearly in the tender.

In order to correctly compare the tenders, the duly signed information or documents mentioned under Preparation of Tenders.
