

This is a detailed architectural floor plan of a hospital emergency department (Salle d'attente). The plan includes the following rooms and areas:

- REANIMATION**: A large central area for resuscitation.
- MEDECINE INTERNE**: Internal medicine consultation room.
- CHIRURGIE**: Surgery room.
- URGENCE PEDIATRIE**: Pediatric emergency room.
- SALLE D'ATTENTE**: Main waiting area.
- SALLE DES CONSULTATIONS**: Consultation room.
- CHAMBRE DE GARDE**: Guard room.
- ACCEUIL**: Reception area.
- LOCAL MENAGE**: Cleaning room.
- BARZA D'ATTENTE**: Bar area for the waiting room.
- ABRI DE L'AMBULANCE**: Ambulance shelter.
- FACTURATION**: Billing area.
- ADMISSION**: Admission area.
- W.C.**: Multiple restrooms throughout the plan.
- RAMPE**: Staircase area on the left side.

The plan is annotated with numerous dimensions in meters (m) and centimeters (cm), indicating the size of the rooms and the overall layout. A red 'C' is marked on the left side of the plan, and a red 'C' is marked on the right side of the plan.

The floor plan shows a medical center layout with the following rooms and dimensions:

- SALLE DE SURVEILLANCE**: 470 x 380
- STOCK**: 420 x 380
- SALLE DE CONSULTATION 4**: 450 x 400
- SALLE DE CONSULTATION 3**: 520 x 400
- BUREAU DE SURVEILLANCE**: 290 x 200
- PHARMACIE**: 320 x 200
- CONSULTATION 2**: 560 x 280
- SALLE DE CONSULTATION 5**: 410 x 280
- SALLE D'ATTENTE**: 590 x 580
- BARZA D'ATTENTE**: 350 x 300
- PALIER DE REPOS**: 200 x 200
- TERRASSE ACCESSIBLE**: 350 x 350
- W.C.**: Three restrooms, each 120 x 200

Dimensions are provided in meters. The plan includes a north arrow and a scale bar. The overall dimensions of the building are 1900m by 1720m.

This architectural elevation drawing depicts a two-story building facade. The central feature is a ground-floor entrance with a double door, topped by a balcony with a glass railing. To the left of the entrance is a large window, and to the right is another window and an external staircase. The building has a flat roof and is surrounded by a fence. The drawing uses a color palette of orange, brown, and blue, with black lines for structural details.

This architectural elevation drawing shows a two-story building facade. The facade is a uniform light orange color. It features five windows and one door. The top row contains three windows, each with a dark brown frame and light blue panes. The bottom row contains two similar windows on the left and a door on the right. The door has a dark brown frame, light blue upper panes, and a white lower section with vertical slats. To the right of the main facade, a small grey structure with a dark brown frame is visible. The building is set against a white background with a grey base line.

This architectural section drawing illustrates a building's internal structure and roof profile. The building features a sloped roof supported by a series of vertical wooden posts. The interior is divided into several rooms, with windows visible on the upper level. A prominent diagonal beam or structural element runs across the lower portion of the section. The drawing uses a color-coded system: orange for the upper walls and roof, brown for the lower walls and floor, and red for structural elements like posts and beams. A blue staircase is visible on the right side of the section.

Technical drawing of a reinforced concrete slab (D.01) showing dimensions and material specifications. The drawing includes a cross-section and a plan view. Key dimensions and labels are:

- Maçonnerie en brique** (Brick masonry) - indicated by a red arrow pointing to the wall.
- dalle en B A** (Slab in B A) - indicated by a red arrow pointing to the slab.
- Nervure en B.A** (Reinforcement in B.A) - indicated by a red arrow pointing to the reinforcement bars.
- Dimensions:**
 - 15 (height of the wall)
 - 50 (width of the slab)
 - 35 (thickness of the slab)
- Reinforcement:**
 - Blue dots representing reinforcement bars.
 - Red arrows pointing to the reinforcement bars.
- Label:** **D.01** (Slab designation)
