DEROGATIONS FROM THE GENERAL IMPLEMENTING RULES

Section 4, 'Specific contractual and administrative conditions' of these Tender Specifications (CSC/Cahier Spécial des Charges) holds the specific administrative and contractual provisions that apply to this public contract by way of derogation from the Royal Decree of 14 January 2013 or as a complement or an elaboration thereof.

These tender documents derogate from Art. 25-33 of the General Implementing Rules (see point 4.7 "Performance bond (Art. 25-33)"). This is motivated by the need to provide equal opportunity for local and international tenderers to participate with a view to increasing competition.

1 Technical Specifications

1.1 Requirements for the goods

1.1.1 Technical requirements

The contractor shall supply and deliver high-quality equipment, materials, and inputs.

All equipment and inputs must be:

- Viable, durable, and of high quality, free from defects that may impair functionality, lifespan, appearance, or productivity.
- For lot 1, equipment and inputs shall be appropriate for school-level poultry operations and tailored to the specific needs of layer and broiler birds.
- Delivered in new, unused conditions, and must conform to acceptable animal welfare and safety standards.

The contractor shall ensure that the following supplies conform to the required standards and to the specifications of this tender document:

- Brooding Equipment (brooder lamps, heat sources, chick guards, thermometers).
- Feeding and Watering Systems (feeders, drinkers, feed storage bins).
- Housing Materials (perches, laying nests, poultry wire, ventilation accessories).
- Hygiene and Biosecurity Tools (footbaths, disinfectants, cleaning tools, protective gear).
- Health and vaccination supplies (sprayers, vaccine storage boxes, gloves, syringes).

All supplies must be:

- Packaged for safe transport and storage.
- Clearly labeled.
- Accompanied by manufacturer documentation (where applicable), and user guidance.

The contractor shall supply the following items;

Lot 1: Supply and delivery of poultry, feeds, equipment and medicines.

S/N	Description of the items	UoM	Quantity
1.	Layer chicks: 1 day old, vaccinated against Marek's disease. Should be healthy, active, and uniform in size, free from physical deformities or signs of illness and accompanied by veterinary certification and brief care sheet with guidelines on early brooding management for each school. NB: Should be sourced from certified hatcheries with a proven track record of disease-free, high-	Chick	3000

Tender Specifications reference number: UGA22008-10183

	yielding poultry stock.		
2.	<p>Broiler chicks: 1 day old, vaccinated against Gumboro and Newcastle. Should be healthy, active, and uniform in size, free from physical deformities or signs of illness and accompanied by veterinary certification and brief care sheet with guidelines on early brooding management for each school.</p> <p>NB: Should be sourced from certified hatcheries with a proven track record of disease-free, high-yielding poultry stock.</p>	Chick	500
3.	Chick mash: For 1-month chicks, bag of 50Kg, expiry date of at least 3 months after manufacture date.	Bags of 50Kg	140
4.	Grower mash: For 1-month chicks, bag of 50Kg, expiry date of at least 3 months after manufacture date.	Bags of 50Kg	210
5.	Layer mash: For 1-month chicks, bag of 50Kg, expiry date of at least 3 months after manufacture date.	Bag of 50kg	210
6.	Layer concentrate 30%: Mix 1:2 with maize bran, bag of 50Kg, expiry date of at least 3 months after manufacture date.	Bag of 50Kg	280
7.	Broiler starter: For 1-2 weeks broilers, bag of 50Kg, expiry date of at least 3 months after manufacture date.	Bag of 50Kg	20
8.	Broiler grower: For 3-4 weeks broilers, bag of 50Kg, expiry date of at least 3 months after manufacture date.	Bag of 50Kg	30
9.	Broiler finisher: For 5-6/7 weeks broilers, bag of 50Kg, expiry date of at least 3 months after manufacture date.	Bag of 50Kg	30
10.	Disinfectant: Oxidizing disinfectants (potassium peroxymonosulfate) for surfaces, equipment, boot dips: 1% (10 g/L). Effective even with some organic	Jerry can of 5L	35

Tender Specifications reference number: UGA22008-10183

	load; still pre-clean, jerrycan of 5L		
11.	Gumboro vaccines for chickens: Bottle of 1000 doses 4 vials	Bottle of 1000 doses	14
12.	Newcastle vaccines for chickens: Bottle for 1000 doses 4 Vials	Bottle for 1000 doses	14
13.	Multivitamins for poultry: Injectable, Bottle of 500ml	Bottle of 500ml	21
14.	Dewormers: Ivermectin, 5L	Jerrycan of 5L	21
15.	Lime (Calcium Hydroxide / Calcium Oxide): Block of 5 Kg	Block of 5Kg	35
16.	Coffee husks for litter: Bedding material to absorb moisture and reduce ammonia during brooding, bag of 100Kg.	Bag of 100Kg	840
17.	Drinkers: Small size, 1.5L, plastic, suitable for young chicks.	Pieces	42
18.	Drinkers: Medium size, 4L, plastic, suitable for growing chicks.	Pieces	56
19.	Drinkers: Large size, 12L, plastic, bell/nipple drinkers	Pieces	84
20.	Feeders: Small size, 1.5 Kg, wooden, linear feeders.	Pieces	42
21.	Feeders: Large size, 6 Kg, plastic, circular. For older chicks.	Pieces	84
22.	<p>Brooding papers: Disposable paper placed under chicks to prevent slipping and encourage feed intake.</p> <p>DACB GQF Brooder Drop Pan Paper Board</p> <ul style="list-style-type: none"> Weight: Approximately 85 grams per board. Dimensions: 12 inches × 12 inches (fits standard 14" × 14" GQF trays). <p>Material: Heavy-duty 200 gsm paperboard with a food-safe coating.</p>	Pieces	504
23.	Overalls for farm workers: Small (S) size, cotton, poly-cotton blend.	Piece	14

Tender Specifications reference number: UGA22008-10183

24.	Overalls for farm workers: Medium (M) size, cotton, poly-cotton blend.	Piece	14
25.	Overalls for farm workers: Large (L) size, cotton, poly-cotton blend.	Piece	60
26.	Overalls for farm workers: Extra-large (XL) size, cotton, poly-cotton blend.	Piece	14
27.	Overalls for farm workers: Extra-extra-large (XXL) size, cotton, poly-cotton blend.	Piece	14
28.	Overalls for farm workers: Extra-extra-extra-large (XXXL) size, cotton, poly-cotton blend.	Piece	14
29.	<p>Solar system for lighting: For chicks brooding.</p> <ul style="list-style-type: none"> LED load example: 20 W × 12 hours/day × 7 days = 1.68 kWh/week Solar panel sizing: <ul style="list-style-type: none"> For 20 W LED × 12 h/day: ~ 50–60 W solar panel per small brooder (consider 4–5 h peak sunlight/day). Larger brooder with 60 W load: ~ 150–200 W solar panel. Battery: 12 V, 40–60 Ah for small brooders; larger brooders may need 12 V, 100 Ah. <p>Controller: 10–20 A charge controller recommended for safety and battery protection.</p>	Sets	7
30.	<p>Charcoal stoves:</p> <p>Height: 40 cm (from base to top)</p> <p>Diameter (top opening): 35 cm; Fire chamber depth: 25 cm (holds enough charcoal for 6–8 hours burn)</p> <p>Wall thickness: 5 mm (metal), or 6 cm (clay/insulated)</p>	Pieces	14
31.	Charcoal: Bag of 50Kg.	Bags	42
32.	Pots: Charcoal clay pots used to provide heat in the brooder house. For a large brooder (300–500	Pieces	21

Tender Specifications reference number: UGA22008-10183

	chicks): <ul style="list-style-type: none"> Height: 45–50 cm Diameter: 30–35 cm Charcoal capacity: 3–5 kg		
33.	De-beakers: For trimming chicks beaks. WJ511-3 Manual Poultry De-beaker. has ergonomic handles, self-sharpening stainless-steel blades, adjustable depth, no electricity required.	Pieces	14
34.	Water tank: 5000L, plastic.	Pieces	7
35.	Digital Thermometers: Small handheld or probe types, often with LCD display; size: typically, 15 cm long, display ~5 cm screen - for monitoring brooder temperature.	Pieces	14
36.	Small syringes: 3ml → used for poultry and small animals, especially vaccines.	Pack of 30	35
37.	Medium syringes: 10ml → used for goats, pigs, calves, routine drugs.	Pack of 30	35
38.	Large syringes: 50ml → used for cattle, horses, or when giving larger volumes of medication.	Pack of 30	35
39.	Brooder unit for chicken containment: For 500 chicks <ul style="list-style-type: none"> Dimensions: 4.5 m × 4.5 m (20 m²) Capacity: ~500 chicks. Use 2–3 heat sources (charcoal stoves or infrared lamps).	Units	7

Lot 2: Supply and delivery of pigs, feeds, equipment and medicines.

S/N	Description of the items	UoM	Quantity
1.	Multivitamins for pigs: Injectable, Bottle of 500ml	Bottle of 500ml	10
2.	Piglets: Female (Gilts), Large-white, 3-months old, healthy, vaccinated.	Piglet	10
3.	Piglets: Male (Boars), Large-white, 3-months old, healthy, vaccinated.	Piglet	10
4.	Starter feeds for piglets: For weaners (1 st month),	Bag of 50Kg	40

Tender Specifications reference number: UGA22008-10183

	commercial grade with manufacturer labelling, nutritional analysis, bag of 50Kg, expiry date of at least 3 months after manufacture date.		
5.	Grower feeds for piglets: For weaners (2-4 months), commercial grade with manufacturer labelling, nutritional analysis, bag of 50Kg, expiry date of at least 3 months after manufacture date.	Bag of 50Kg	60
6.	Sow and boar feeds: For mature pigs, bag of 50Kg, expiry date of at least 3 months after manufacture date.	Bag of 50Kg	80
7.	Salt/mineral lick: Medium block, at least 20Kg for groups of pigs in grower/finisher pens, veterinary grade, packaged, labelled and intact.	Block of 20kg	10
8.	Vaccines for pigs: TSOL18 (Cysvax™) – Porcine cysticercosis, 20ml, expiry date of at least 24 months after manufacture date.	Bottle of 20ml	6
9.	Feeding troughs for pigs (Weaners) of 5-20 Kg, capacity of 10-15L, dimension of ~60–80 cm long × 20–25 cm wide × 15 cm deep.	Pieces	12
10.	Feeding troughs for pigs (Growers) of 20-60 Kg, capacity of 20-30L, dimension of ~100–120 cm long × 25–30 cm wide × 20 cm deep.	Piece	16
11.	Feeding troughs for pigs (finishers), capacity of 50-80L, dimension of ~150 cm long × 35–40 cm wide × 25–30 cm deep.	Pieces	20
12.	Feeding troughs for pigs (Sows and Boars) of 60-100+ Kg, capacity of 40-60L, Circular or long rectangular, 30–40 cm deep.	Pieces	24
13.	Nipple drinkers: Plastic, 50L jerrycans/drums → for small pens or weaners.	Pieces	12
14.	Nipple drinkers: Plastic, 100L plastic barrels → for growers/a few sow pens.	Pieces	16
15.	Nipple drinkers: Plastic, 200L drums → common for groups of 10-20 pigs.	Pieces	20
16.	Nipple drinkers: Plastic, 1000L tanks (polyethylene) → for larger farms with pipeline nipple system.	Pieces	24

Tender Specifications reference number: UGA22008-10183

17.	Water tank: 5000L, plastic	Piece	2
18.	Footbaths & lime troughs: For large farms; 60L galvanized troughs, depth \geq 10 cm to cover boots.	Pieces	2

Lot 3: Supply and delivery of fish, feeds, and equipment.

S/N	Description of the items	UoM	Quantity
1.	Fingerlings: 2–3 week-old, Nile tilapia, disease free, sourced from certified hatchery. Should be accompanied by a certificate.	Piece	2000
2.	Starter & grower fish feeds: For 3 months fingerlings, high-protein floating feeds, suitable for tilapia fingerlings and juveniles, bag of 50Kg, expiry of at least 6 months from manufacture date.	Bag of 50 kg	60
3.	Water quality test kits for PH, ammonia, temperature: Digital Multi-parameter test kit to monitor pond water conditions.	Piece	2
4.	Nets to cover the pond: Medium ponds (10 m \times 5 m); Net size: 11 m \times 6 m Material: Nylon	Pieces	4
5.	Nets to cover the pond: Large ponds: (20 m \times 10 m), Net size: 22 m \times 12 m; Material: Nylon	Piece	4
6.	Buckets: 20L, plastic. For fish farming.	Piece	2
7.	Feeding trays: Small trays (for fry / fingerlings): Diameter: 25 cm, Depth: 7 cm	Piece	2
8.	Feeding trays: Medium trays (for fingerlings / juvenile fish): Diameter: 40 cm, Depth: 10 cm	Piece	2
9.	Feeding trays: Large trays (for adult fish / ponds \geq 10 m \times 5 m): Diameter: 60 cm, Depth: 15 cm	Piece	2
10.	Siphon hoses: Small ponds/fry tanks, Diameter 1.5cm, Length 5m.	Piece	2
11.	Siphon hoses: Medium ponds, Diameter 3cm, Length	Piece	2

Tender Specifications reference number: UGA22008-10183

	10m.		
12.	Siphon hoses: Large ponds, Diameter 5cm, Length 20m.	Piece	2
13.	<p>Fishing nets: Medium mesh seine net for periodic sampling and final harvest of mature tilapia.</p> <p>Dimensions</p> <ul style="list-style-type: none"> Length: 10–20 meters Height: 1.5–2 meters <p>Ensures full vertical coverage of the water column.</p>	Piece	4
14.	<p>Refrigerator: 500L, deep freezer,</p> <p>Voltage (power supply)</p> <p>220-240 V</p> <p>Size (external dimensions)</p> <p>Approx. 174.9 × 79.6 × 9.2 mm</p> <p>Weight 80Kg, Colour options: White/Silver</p> <p>Warranty of 1 year.</p>	Piece	1
15.	<p>Net covering the pond: Nylon material, UV-stabilized netting to prevent bird predation, reduces entry of leaves & debris in the pond.</p> <p>Large pond (>1,000 m²): net should have sectional nets connected together..</p> <p>Height / Support: Net should be supported 0.5–1 m above water surface using poles or ropes.</p>	Pieces	4

Lot 4: Supply and delivery of bees and equipment.

S/N	Description of the items	UoM	Quantity
1.	Modern Langstroth beehives (complete): Standard 10-frame Langstroth hives made of treated timber, fitted with brood chamber, super chamber, inner cover, lid, and frames with wax foundation. Designed for honey production and colony management.	Unit	20

Tender Specifications reference number: UGA22008-10183

	<p>Dimensions:</p> <ul style="list-style-type: none"> • Brood chamber: 42.5 × 21.3 × 24.1 cm (17" × 8.5" × 9.5") • Super chamber: 42.5 × 21.3 × 17.8 cm (17" × 8.5" × 7") • Frames: 48.3 × 23.5 cm (19" × 9.25") • Inner cover: 51 × 26 × 2.5 cm (20" × 10.25" × 1") • Outer lid: 53 × 28 × 5 cm (21" × 11" × 2") 		
2.	<p>Catcher box bee hives: Small wooden hives or trap boxes used for baiting and attracting wild swarms for colony multiplication. Durable and weather resistant.</p> <p>Dimensions:</p> <ul style="list-style-type: none"> • Box body: 30 × 30 × 30 cm (12" × 12" × 12") • Entrance slit: 2–3 cm height × full width • Lid: 32 × 32 × 5 cm (12.5" × 12.5" × 2") 	Pieces	20
3.	<p>Colonies: Healthy, productive bee colonies with a queen, workers, and brood. Sourced from local beekeepers or certified apiaries. Disease-free and adapted to local environment.</p> <p>1 Queen, Workers, Brood, Honey/Pollen stores, Minimum 3–5 frames with brood and bees (for Langstroth colonies).</p>	Colony	20
4.	<p>Beehive stands (Treated wood): Elevated platforms to keep hives off the ground, prevent flooding, and deter termites. Must support hive weight and allow for air circulation.</p> <p>Dimensions:</p> <p>Height: 30–40 cm, Width: 45–50 cm, Depth: 25–30 cm, Leg thickness: 5 × 5 cm, Top platform: 42.5 × 21.3 cm (same as hive base)</p>	Piece	20
5.	<p>Bee suits (protective gear): Full body suits made of breathable, sting-proof material. Includes veil,</p>	Set	5

Tender Specifications reference number: UGA22008-10183

	<p>zippers, and elastic cuffs.</p> <p>Size for youths/children:</p> <ul style="list-style-type: none"> • Chest: 70–90 cm • Height: 120–150 cm • Sleeve: 45–55 cm • Leg length: 60–75 cm <p>With adjustable straps or elastic in the waist for better fit.</p>		
6.	<p>Bee suits (protective gear): Full body suits made of breathable, sting-proof material. Includes veil, zippers, and elastic cuffs.</p> <p>Sizes for adults:</p> <ul style="list-style-type: none"> • Chest: 90–120 cm • Height: 150–190 cm • Sleeve: 55–65 cm • Leg length: 75–100 cm <p>With adjustable straps or elastic in the waist for better fit.</p>	Set	5
7.	<p>Hand gloves (heavy-duty): Thick, sting-resistant gloves made from leather or treated rubber. Provide arm-length protection during hive inspections. Small size: Hand circumference of 18-20 cm, Arm length of 20-22 cm.</p>	Pairs	5
8.	<p>Hand gloves (heavy-duty): Thick, sting-resistant gloves made from leather or treated rubber. Provide arm-length protection during hive inspections. Medium size: Hand circumference of 21-23 cm, Arm length of 22-25 cm.</p>	Pairs	5
9.	<p>Hand gloves (heavy-duty): Thick, sting-resistant gloves made from leather or treated rubber. Provide arm-length protection during hive inspections. Large size: Hand circumference of 24-26 cm, Arm length of 25-28 cm.</p>	Pairs	5

10.	Hand gloves (heavy-duty): Thick, sting-resistant gloves made from leather or treated rubber. Provide arm-length protection during hive inspections. Extra-large size: Hand circumference of 27-29 cm, Arm length of 28-30 cm.	Pairs	5
11.	Hand gloves (heavy-duty): Thick, sting-resistant gloves made from leather or treated rubber. Provide arm-length protection during hive inspections. Small size: Hand circumference of 18-20 cm, Arm length of 20-22 cm	Pairs	5
12.	Bee smokers: Stainless steel smokers with heat guards and bellows. Used to calm bees during hive inspections. Fuel chamber must accommodate natural fuels like dry leaves or wood shavings. Fuel chamber; Diameter: 10–12 cm, Height: 20–25 cm Bellows length: 15–20 cm Overall height: 25–30 cm Weight: 0.8–1.5 kg	Piece	2
13.	Hive tools (flat prying end, curved or L-shaped end, scraper edge, pointed tip, handle): Multipurpose flat metal tools for prying hive parts, scraping propolis, and lifting frames. Rust-resistant and sturdy. Size: Length: 25-30 cm, Width: 2.5-3 cm, Thickness: 3-5mm, Weight: 100-150g	Set	5
14.	Bee brush and queen cage set: Soft-bristled brush for gently removing bees from frames. Queen cage used for introducing or transporting queen bees safely. Dimensions: <ul style="list-style-type: none"> • Bee brush: Handle of 12-15 cm and brush of 5-7 cm wide. • Queen cage: 7 X 2 X 2 cm 	Set	2
15.	Honey extractor (manual, 4-frame): Hand-cranked, stainless-steel extractor with 4-frame capacity.	Unit	2

Tender Specifications reference number: UGA22008-10183

	<p>Operates without electricity and is food-grade certified.</p> <p>Dimensions:</p> <ul style="list-style-type: none"> • Height of 60 – 70 cm. • Diameter of 35 – 40 cm (main drum). • Basket size: Fits 4 frames (standard 42.5 X 21.3 cm). • Crank length: 25 – 30 cm, ergonomic for hand operation. • Weight: 12 – 15 Kg (empty). • Overall footprint: 40 X 40 cm. <p>Warranty of 1 year.</p>		
16.	<p>Buckets & storage containers (Food-Grade): Airtight, BPA-free plastic or stainless-steel buckets with lids. Used for collecting, settling, and storing honey. Capacity: 20–25L each.</p>	Piece	5
17.	<p>Beeswax (starter for baiting hives): Clean, natural beeswax used to attract swarms by coating hive frames or interiors. Must be free of additives or contaminants.</p>	Kg	5

Lot 5: Supply and delivery of dairy cows, equipment and medicines.

S/N	Description of the items	UoM	Quantity
1.	Dairy Cattle: In-calf Friesian-cross heifers (15–18 months, vaccinated, dewormed, body weight: 150-200 kg). Suited for zero-grazing and capable of 10–15L/day at peak.	In calf heifer	4
2.	Vaccines for cows: Foot and Mouth Disease (FMD) vaccine; 200ml	Bottle of 200ml	10
3.	Vaccines for cows: Lumpy Skin Disease (LSD) vaccine; 200ml	Bottle of 200ml	10
4.	Vaccines for cows: Brucellosis vaccine; 200ml	Bottle of 200ml	10

Tender Specifications reference number: UGA22008-10183

5.	Dewormers: Ivermectin, 5L	Jerry can of 5L	20
6.	Dewormers: Albendazole suspension, 5L	Jerry can of 5L	20
7.	Mineral supplements: Type: Mineral blocks (licks); Dosage/Masurement: 50–100g per 100kg body weight per day (free-choice, ad libitum)	Blocks of 5Kg	4
8.	Multi-vitamins: injectable, bottle of 500ml	Bottle of 500ml	5
9.	Milking cans with covers, 20L, Aluminium material	Pieces	10
10.	Stainless steel buckets, 20L	Pieces	10
11.	Hygiene towels used during milking: standard size 40X40 cm, cotton fabric.	Pieces	10
12.	Udder wipes used during milking: Standard size 25X30 cm, cotton fabric.	Pieces	10
13.	Filter cloths used during milking: 30X30 cm, food grade cotton or nylon fabric, reusable.	Pieces	10
14.	Detergent for cleaning: Bactergent, 5L container	Jerry can of 5L	2

Place of delivery

The items shall be delivered to the institutions in Rwenzori and Busoga regions according to as indicated below:

No.	School	Location	Distance in KM from Kampala
1	Bukuuku Community Secondary School	Fort Portal	309
2	Kagote Seed Secondary School	Fort Portal	297
3	Kaboyo Senior Secondary School	Fort Portal	309
4	Maliba Secondary School	Kasese	367
5	Uganda Martyrs College Kyondo	Kasese	388
6	Busede Seed Secondary School	Jinja	152
7	St. Stephen Secomdary School Budondo	Jinja	86.4
8	Buyengo Secondary School	Jinja	109
9	Bulopa Secondary School	Kamuli	133
10	St. John Bosco Kamuli	Kamuli	118

Tender Specifications reference number: UGA22008-10183

Delivery schedule

Lot 1: Supply and delivery of poultry, feeds, equipment and medicines.

	sharpening stainless-steel blades, adjustable depth, no electricity required.									
34.	Water tank: 5000L, plastic.	1	1	0	1	1	1	1	1	7
35.	Digital Thermometers: Small handheld or probe types, often with LCD display; size: typically, 15 cm long, display ~5 cm screen - for monitoring brooder temperature.	2	2	0	2	2	2	2	2	14
36.	Small syringes: 3ml → used for poultry and small animals, especially vaccines.	5	5	0	5	5	5	5	5	35
37.	Medium syringes: 10ml → used for goats, pigs, calves, routine drugs.	5	5	0	5	5	5	5	5	35
38.	Large syringes: 50ml → used for cattle, horses, or when giving larger volumes of medication.	5	5	0	5	5	5	5	5	35
39.	Brooder unit for chicken containment: For 500 chicks <ul style="list-style-type: none"> • Dimensions: 4.5 m × 4.5 m (20 m²) • Capacity: ~500 chicks. Use 2–3 heat sources (charcoal stoves or infrared lamps).	1	1	0	1	1	1	1	1	7

Lot 2: Supply and delivery of pigs, feeds, equipment and medicines.

No.	Items description	Maliba SS	Uganda Martyrs College Kyondo	Total
1.	Multivitamins for pigs: Injectable, Bottle of 500ml	5	5	10
2.	Piglets: Female (Gilts), Large-white, 3-months old, healthy, vaccinated.	5	5	10
3.	Piglets: Male (Boars), Large-white, 3-months old, healthy, vaccinated.	5	5	10
4.	Starter feeds for piglets: For weaners (1 st month), commercial grade with manufacturer labelling, nutritional analysis, bag of 50Kg, expiry date of at least 3 months after manufacture date.	20	20	40
5.	Grower feeds for piglets: For weaners (2-4 months), commercial grade with manufacturer labelling, nutritional analysis, bag of 50Kg, expiry date of at least 3 months after manufacture date.	30	30	60
6.	Sow and boar feeds: For mature pigs, bag of 50Kg, expiry date of at least 3 months after manufacture date.	40	40	80
7.	Salt/mineral lick: Medium block, at least 20Kg for groups of pigs in grower/finisher pens, veterinary grade, packaged, labelled and intact.	5	5	10
8.	Vaccines for pigs: TSOL18 (Cysvax™) – Porcine cysticercosis, 20ml, expiry date of at least 24 months after manufacture date.	3	3	6
9.	Feeding troughs for pigs (Weaners) of 5-20 Kg, capacity of 10-15L, dimension of ~60–80 cm long × 20–25 cm wide × 15 cm deep.	6	6	12
10.	Feeding troughs for pigs (Growers) of 20-60 Kg, capacity of 20-30L, dimension of ~100–120 cm long × 25–30 cm wide × 20 cm deep.	8	8	16

11.	Feeding troughs for pigs (finishers), capacity of 50-80L, dimension of ~150 cm long × 35–40 cm wide × 25–30 cm deep.	10	10	20
12.	Feeding troughs for pigs (Sows and Boars) of 60-100+ Kg, capacity of 40-60L, Circular or long rectangular, 30–40 cm deep.	12	12	24
13.	Nipple drinkers: Plastic, 50L jerrycans/drums → for small pens or weaners.	6	6	12
14.	Nipple drinkers: Plastic, 100L plastic barrels → for growers/a few sow pens.	8	8	16
15.	Nipple drinkers: Plastic, 200L drums → common for groups of 10-20 pigs.	10	10	20
16.	Nipple drinkers: Plastic, 1000L tanks (polyethylene) → for larger farms with pipeline nipple system.	12	12	24
17.	Water tank: 5000L, plastic	1	1	2
18.	Footbaths & lime troughs: For large farms; 60L galvanized troughs, depth ≥ 10 cm to cover boots.	1	1	2

Lot 3: Supply and delivery of fish, feeds, and equipment.

No.	Items description	Kaboyo SSS	Total
1.	Fingerlings: 2–3 week-old, Nile tilapia, disease free, sourced from certified hatchery. Should be accompanied by a certificate.	2000	2000
2.	Starter & grower fish feeds: For 3 months fingerlings, high-protein floating feeds, suitable for tilapia fingerlings and juveniles, bag of 50Kg, expiry of at least 6 months from manufacture date.	60	60
3.	Water quality test kits for PH, ammonia, temperature: Digital Multi-parameter test kit to monitor pond water conditions.	2	2
4.	Nets to cover the pond:	4	4

	Medium ponds (10 m × 5 m); Net size: 11 m × 6 m Material: Nylon		
5.	Nets to cover the pond: Large ponds: (20 m × 10 m), Net size: 22 m × 12 m; Material: Nylon	4	4
6.	Buckets: 20L, plastic. For fish farming.	2	2
7.	Feeding trays: Small trays (for fry / fingerlings): Diameter: 25 cm, Depth: 7 cm	2	2
8.	Feeding trays: Medium trays (for fingerlings / juvenile fish): Diameter: 40 cm, Depth: 10 cm	2	2
9.	Feeding trays: Large trays (for adult fish / ponds ≥10 m × 5 m): Diameter: 60 cm, Depth: 15 cm	2	2
10.	Siphon hoses: Small ponds/fry tanks, Diameter 1.5cm, Length 5m.	2	2
11.	Siphon hoses: Medium ponds, Diameter 3cm, Length 10m.	2	2
12.	Siphon hoses: Large ponds, Diameter 5cm, Length 20m.	2	2
13.	Fishing nets: Medium mesh seine net for periodic sampling and final harvest of mature tilapia. Dimensions <ul style="list-style-type: none"> • Length: 10–20 meters • Height: 1.5–2 meters Ensures full vertical coverage of the water column.	4	4

14.	Refrigerator: 500L, deep freezer, Voltage (power supply) 220-240 V Size (external dimensions) Approx. 174.9 × 79.6 × 9.2), Weight 80Kg, Colour options: White/Silver Warranty of 1 year.	1	1
15.	Net covering the pond: Nylon material, UV-stabilized netting to prevent bird predation, reduces entry of leaves & debris in the pond. Large pond (>1,000 m²): net should have sectional nets connected together. Height / Support: Net should be supported 0.5–1 m above water surface using poles or ropes.	4	4

Lot 4: Supply and delivery of bees and equipment.

No.	Items description	Kaboyo SSS	Total
1.	Modern Langstroth beehives (complete): Standard 10-frame Langstroth hives made of treated timber, fitted with brood chamber, super chamber, inner cover, lid, and frames with wax foundation. Designed for honey production and colony management. Dimensions: <ul style="list-style-type: none"> Brood chamber: 42.5 × 21.3 × 24.1 cm (17" × 8.5" × 9.5") 	20	20

	<ul style="list-style-type: none"> • Super chamber: 42.5 × 21.3 × 17.8 cm (17" × 8.5" × 7") • Frames: 48.3 × 23.5 cm (19" × 9.25") • Inner cover: 51 × 26 × 2.5 cm (20" × 10.25" × 1") <p>Outer lid: 53 × 28 × 5 cm (21" × 11" × 2")</p>		
2.	<p>Catcher box bee hives: Small wooden hives or trap boxes used for baiting and attracting wild swarms for colony multiplication. Durable and weather resistant.</p> <p>Dimensions:</p> <ul style="list-style-type: none"> • Box body: 30 × 30 × 30 cm (12" × 12" × 12") • Entrance slit: 2–3 cm height × full width <p>Lid: 32 × 32 × 5 cm (12.5" × 12.5" × 2")</p>	20	20
3.	<p>Colonies: Healthy, productive bee colonies with a queen, workers, and brood. Sourced from local beekeepers or certified apiaries. Disease-free and adapted to local environment.</p> <p>1 Queen, Workers, Brood, Honey/Pollen stores, Minimum 3–5 frames with brood and bees (for Langstroth colonies).</p>	20	20
4.	<p>Beehive stands (Treated wood): Elevated platforms to keep hives off the ground, prevent flooding, and deter termites. Must support hive weight and allow for air circulation.</p> <p>Dimensions:</p> <p>Height: 30–40 cm, Width: 45–50 cm, Depth: 25–30 cm, Leg thickness: 5 × 5 cm, Top platform: 42.5 × 21.3 cm (same as hive base)</p>	20	20
5.	<p>Bee suits (protective gear): Full body suits made of breathable, sting-proof material. Includes veil, zippers, and elastic cuffs.</p> <p>Size for youths/children:</p> <ul style="list-style-type: none"> • Chest: 70–90 cm • Height: 120–150 cm 	5	5

	<ul style="list-style-type: none"> • Sleeve: 45–55 cm • Leg length: 60–75 cm <p>With adjustable straps or elastic in the waist for better fit.</p>		
6.	<p>Bee suits (protective gear): Full body suits made of breathable, sting-proof material. Includes veil, zippers, and elastic cuffs.</p> <p>Sizes for adults:</p> <ul style="list-style-type: none"> • Chest: 90–120 cm • Height: 150–190 cm • Sleeve: 55–65 cm • Leg length: 75–100 cm <p>With adjustable straps or elastic in the waist for better fit.</p>	5	5
7.	<p>Hand gloves (heavy-duty): Thick, sting-resistant gloves made from leather or treated rubber. Provide arm-length protection during hive inspections. Small size: Hand circumference of 18-20 cm, Arm length of 20-22 cm.</p>	5	5
8.	<p>Hand gloves (heavy-duty): Thick, sting-resistant gloves made from leather or treated rubber. Provide arm-length protection during hive inspections. Medium size: Hand circumference of 21-23 cm, Arm length of 22-25 cm.</p>	5	5
9.	<p>Hand gloves (heavy-duty): Thick, sting-resistant gloves made from leather or treated rubber. Provide arm-length protection during hive inspections. Large size: Hand circumference of 24-26 cm, Arm length of 25-28 cm.</p>	5	5
10.	<p>Hand gloves (heavy-duty): Thick, sting-resistant gloves made from leather or treated rubber. Provide arm-length protection during hive inspections. Extra-large size: Hand circumference of 27-29 cm, Arm length of 28-30 cm.</p>	5	5
11.	<p>Hand gloves (heavy-duty): Thick, sting-resistant gloves made from leather or treated rubber. Provide arm-length protection during hive inspections.</p> <p>Small size: Hand circumference of 18-20 cm, Arm length of 20-22 cm.</p>	5	5

12.	<p>Bee smokers: Stainless steel smokers with heat guards and bellows. Used to calm bees during hive inspections. Fuel chamber must accommodate natural fuels like dry leaves or wood shavings.</p> <p>Fuel chamber; Diameter: 10–12 cm, Height: 20–25 cm</p> <p>Bellows length: 15–20 cm</p> <p>Overall height: 25–30 cm</p> <p>Weight: 0.8–1.5 kg</p>	2	2
13.	<p>Hive tools (flat prying end, curved or L-shaped end, scraper edge, pointed tip, handle): Multipurpose flat metal tools for prying hive parts, scraping propolis, and lifting frames. Rust-resistant and sturdy.</p> <p>Size: Length: 25-30 cm, Width: 2.5-3 cm, Thickness: 3-5mm, Weight: 100-150g.</p>	5	5
14.	<p>Bee brush and queen cage set: Soft-bristled brush for gently removing bees from frames. Queen cage used for introducing or transporting queen bees safely.</p> <p>Dimensions:</p> <ul style="list-style-type: none"> Bee brush: Handle of 12-15 cm and brush of 5-7 cm wide. <p>Queen cage: 7 X 2 X 2 cm</p>	2	2
15.	<p>Honey extractor (manual, 4-frame): Hand-cranked, stainless-steel extractor with 4-frame capacity. Operates without electricity and is food-grade certified.</p> <p>Dimensions:</p> <ul style="list-style-type: none"> Height of 60 – 70 cm. Diameter of 35 – 40 cm (main drum). Basket size: Fits 4 frames (standard 42.5 X 21.3 cm). Crank length: 25 – 30 cm, ergonomic for hand operation. Weight: 12 – 15 Kg (empty). Overall footprint: 40 X 40 cm. <p>Warranty of 1 year.</p>	2	2

16.	Buckets & storage containers (Food-Grade): Airtight, BPA-free plastic or stainless-steel buckets with lids. Used for collecting, settling, and storing honey. Capacity: 20–25L each.	5	5
17.	Beeswax (starter for baiting hives): Clean, natural beeswax used to attract swarms by coating hive frames or interiors. Must be free of additives or contaminants.	5	5

Lot 5: Supply and delivery of dairy cows, equipment and medicines.

No.	Items description	St. John Bosco Kamuli	Total
1.	Dairy Cattle: In-calf Friesian-cross heifers (15–18 months, vaccinated, dewormed, body weight 150–200 kg). Suited for zero-grazing and capable of 10–15L/day at peak.	4	4
2.	Vaccines for cows: Foot and Mouth Disease (FMD) vaccine; 200ml	10	10
3.	Vaccines for cows: Lumpy Skin Disease (LSD) vaccine; 200ml	10	10
4.	Vaccines for cows: Brucellosis vaccine; 200ml	10	10
5.	Dewormers: Ivermectin, 5L	20	20
6.	Dewormers: Albendazole suspension, 5L	20	20
7.	Mineral supplements: Type: Mineral blocks (licks); Dosage/Masurement: 50–100g per 100kg body weight per day (free-choice, ad libitum).	4	4
8.	Multi-vitamins: injectable, bottle of 500ml	5	5
9.	Milking cans with covers, 20L, Aluminium material	10	10
10.	Stainless steel buckets, 20L	10	10
11.	Hygiene towels used during milking: standard size 40X40 cm, cotton fabric.	10	10

12.	Udder wipes used during milking: Standard size 25X30 cm, cotton fabric.	10	10
13.	Filter cloths used during milking: 30X30 cm, food grade cotton or nylon fabric, reusable.	10	10
14.	Detergent for cleaning: Bactergent, 5L container	2	2

User training

For Lot 1, the contractor shall conduct training for the institutions on handling of livestock upon delivery.

1.2 Requirements for the resources

1.2.1 Composition of the team

Each Lot	<ul style="list-style-type: none">• 1 individual expert
----------	---

Individual expert

All communications and exchange of information between the Contracting Authority and the Contractor during the contract period shall be held in writing or email, in English and be addressed to the Contractor's single point of contact and to the contact person in the Contracting Authority respectively.

The expert will need to closely collaborate with the Contracting Authority ensuring that the quality of the assignment meets the standards set. In addition, he/she shall safeguard that the requirements as described in this tender are being kept.

1.2.2 Qualifications of expert

For each of the Lot, the tenderer shall propose an Expert.

Individual expert

Mandatory requirements:

- Diploma in one of the following fields: Agriculture or Livestock production or Agronomy or related fields.
- At least 3 years of experience in agriculture.

1.2.3 Management of the expert

During the implementation of the contract, the contracting authority shall provide feedback about the performance of the expert. The contracting authority reserves the right to reject an expert if his/her performance is not satisfactory to the contracting authority.

The contractor shall ensure that there is a back-up expert available. Should the expert become unavailable for more than 2 days for any reason, the back-up expert has to be provided at short notice. The back-up expert shall continue the implementation at the required standards. In case of unavailability of the expert, the contractor shall ensure prompt replacement with at least the same level of qualifications as those of the expert being replaced and who was initially proposed for the assignment in accordance with the tender.

Efficient communication and sharing of experience must be put in place with the expert.

1.2.4 Deployment of the expert

The contractor shall be responsible to present the expert that can cover all contents of this contract and shall know the particulars of the content of the contract and demonstrate expertise to deliver it as specified above in section 1.1, "Requirements for the goods".

1.2.5 Other resources and logistics

The contractor shall be responsible for all the logistical needs of the expert during this assignment. Enabel shall therefore not make any logistical arrangements for the contractor's expert.

2 General provisions

2.1 Contracting authority

The contracting authority of this public contract is Enabel, the Belgian development agency, public-law company with social purposes, with its registered office at Rue Haute 147, 1000 Brussels in Belgium (enterprise number 0264.814.354, RPM/RPR Brussels). Enabel has the exclusive competence for the execution, in Belgium and abroad, of public service tasks of direct bilateral cooperation with partner countries. Moreover, it may also perform other development cooperation tasks at the request of public interest organisations, and it can develop its own activities to contribute towards realisation of its objectives.

For this procurement contract, Enabel is represented by person(s) who shall sign the award letter and are mandated to represent the organisation towards third parties.

2.2 Institutional framework of Enabel

- The general framework of reference in which Enabel operates is:
 - The Belgian Law on Development Cooperation of 19 March 2013;
 - The Belgian Law of 21 December 1998 establishing the Belgian Technical Cooperation as a public-law company¹;
 - The Belgian Law of 23 November 2017 changing the name of the Belgian Technical Cooperation and defining the missions and functioning of Enabel, the Belgian development agency, published in the Belgian Official Gazette on 11 December 2017.

The following initiatives are also guiding Enabel in its operations and are given as main examples:

- In the field of international cooperation: the United Nations Sustainable Development Goals and the Paris Declaration on the harmonisation and alignment of aid;
- In the field of the fight against corruption: the Law of 8 May 2007 approving the United Nations Convention against Corruption, adopted in New York on 31 October 2003², as well as the Law of 10 February 1999 on the Suppression of Corruption transposing the Convention on Combating Bribery of Foreign Public Officials in International Business Transactions;
- In the field of Human Rights: the United Nations' Universal Declaration of Human Rights (1948) as well as the 8 basic conventions of the International Labour

2.4 Definitions

The following definitions apply to this contract:

The tenderer: An economic operator submitting a tender;

The contractor/ service provider: The tenderer to whom the public contract is awarded;

The contracting authority: Enabel, represented by the Resident Representative of Enabel in Uganda.

The tender: The commitment of the tenderer to perform the public contract under the conditions that he has submitted;

Days: In the absence of any indication in this regard in the Tender Specifications and the applicable regulations, all days should be interpreted as calendar days;

Procurement documents: Contract notice and Tender Specifications including the annexes and the documents they refer to;

Technical specifications: A specification in a document defining the characteristics of a product or a service, such as the quality levels, the environmental and climate performance levels, the design for all needs, including accessibility for people with disabilities, and the evaluation of conformity, of product performance, of the use of the product, safety or dimensions, as well as requirements applicable to the product as regards the name by which it is sold, terminology, symbols, testing and test methods, packaging, marking or labelling, instructions for use, the production processes and methods at every stage in the life cycle of the supply or service, as well as the evaluation and conformity procedures;

Variant: An alternative method for the design or the performance that is introduced either at the demand of the contracting authority, or at the initiative of the tenderer;

Option: A minor and not strictly necessary element for the performance of the contract, which is introduced either at the demand of the contracting authority, or at the initiative of the tenderer;

Inventory: The procurement document which splits up the performance in different items and specifies the quantity or the method to determine the price for each of them;

General Implementing Rules (GIR): Rules laid down in the Royal Decree of 14 January 2013 establishing the General Implementing Rules for public procurement and for concessions for public works;

The Tender Specifications (Cahier spécial des charges/CSC): This document and its annexes and the documents it refers to;

BDA: Belgian Public Tender bulletin;

OJEU: Official Journal of the European Union;

OECD: Organisation for Economic Cooperation and Development;

Corrupt practices: The offer of a bribe, gift, gratuity or commission to a person as an inducement or reward for performing or refraining from an act relating to the award of a contract or performance of a contract already concluded with the contracting authority;

Litigation: Court action;

Subcontractor in the meaning of public procurement regulations: The economic operator proposed by a tenderer or contractor to perform part of the contract;

Controller in the meaning of the GDPR: The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of personal data.

Processor (subcontractor) in the meaning of the GDPR: A natural or legal person, public authority, agency or other body which processes personal data on behalf of the controller;

Recipient in the meaning of the GDPR: A natural or legal person, public authority, agency or another body, to which the personal data are disclosed, whether a third party or not;

Personal data: Any information relating to an identified or identifiable natural person ('data subject'); an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

2.5 Confidentiality

2.5.1 Processing of personal data

The contracting authority undertakes to process the personal data that are communicated to it under the framework of this procedure with the greatest care, in accordance with legislation on the protection of personal data (General Data Protection Regulation, GDPR). Where the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data contains stricter provisions, the contracting authority will act in accordance with said law.

2.5.2 Confidentiality

The tenderer or contractor and Enabel are bound to secrecy vis-à-vis third parties with regards to any confidential information obtained within the framework of this public contract and will

only divulge such information to third parties after receiving the prior written consent of the other party. They will disclose this confidential information only among appointed parties involved in the assignment. They guarantee that said appointed parties will be adequately informed of their obligations in respect of the confidential nature of the information and that they shall comply therewith.

PRIVACY NOTICE OF ENABEL Enabel takes your privacy serious. We undertake to protect and process your personal data with due care, transparently and in strict compliance with privacy protection legislation.

See also: <https://www.enabel.be/content/privacy-notice-enabel>

2.6 Deontological obligations

Any failure to comply with one or more of the deontological clauses may lead to the exclusion of the candidate, tenderer or contractor from other public contracts for Enabel.

For the duration of the contract, the contractor and his staff respect human rights and undertake not to go against political, cultural or religious customs of the beneficiary country. The tenderer or contractor is bound to respect fundamental labour standards, which are internationally agreed upon by the International Labour Organization (ILO), namely the conventions on union freedom and collective bargaining, on the elimination of forced and obligatory labour, on the elimination of employment and professional discrimination and on the abolition of child labour.

In accordance with Enabel's Policy regarding sexual exploitation and abuse, the contractor and his staff have the duty to behave in an irreproachable manner towards the beneficiaries of the projects and towards the local population in general. They must abstain from any acts that could be considered a form of sexual exploitation or abuse and they must abide by the basic principles and guidelines laid down in this policy.

Any attempt of a candidate or a tenderer to obtain confidential information, to proceed to illicit arrangements with competitors or to influence the evaluation committee or the contracting authority during the investigation, clarification, evaluation and comparison of tenders and candidates procedure will lead to the rejection of the application or the tender.

Moreover, in order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the public contract, it is strictly forbidden to the contractor to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to appointees of the contracting authority who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the contract, regardless of their hierarchical rank.

The public contractor commits to supply, upon the demand of the contracting authority, any supporting documents related to the performance conditions of the contract. The contracting authority will be allowed to proceed to any desk review or on-the-spot check which it considers necessary to collect evidence to support the presumption of unusual commercial expenditure. Depending on the gravity of the facts observed, the contractor having paid

unusual commercial expenditure is liable to have his contract cancelled or to be permanently excluded from receiving funds.

In accordance with Enabel's Policy regarding sexual exploitation and abuse of June 2019 and Enabel's Policy regarding fraud and corruption risk management complaints relating to issues of integrity (fraud, corruption, etc.) must be sent to the Integrity desk through the website www.enabelintegrity.be

2.7 Applicable law and competent courts

The contract must be performed and interpreted according to Belgian law.

The parties commit to sincerely perform their engagements to ensure the good performance of the public contract.

In case of litigation or divergence of opinion between the contracting authority and the contractor, the parties will consult each other to find a solution.

If agreement is lacking, the Brussels courts are the only courts competent to resolve the matter.

3 Modalities of the contract

3.1 Type of contract

It is a direct contract for the supply of goods by means of purchase.

3.2 Scope of contract

3.2.1 Subject-matter

This public supplies contract consists of the supply of livestock, feeds, medicines and equipment for poultry, piggery, aquaculture and apiary farming for schools in Rwenzori and Busoga regions in conjunction with the provision of the ancillary services of training for each Lot in conformity with the conditions of these Tender Specifications.

3.2.2 Lots

The public contract has 5 Lots, each of which is indivisible. The tenderer may submit a tender for one lot, or the 5 lots. A tender for part of a Lot is inadmissible.

The description of each Lot is included in Part 1 of these Tender Specifications.

The lots are:

Lot	Description of the lot
Lot 1	Supply and delivery of livestock, feeds and medicines
Lot 2	Supply and delivery of pigs, feeds, equipment and medicines.
Lot 3	Supply and delivery of fish, feeds, and equipment.
Lot 4	Supply and delivery of bees and equipment.
Lot 5	Supply and delivery of dairy cows, equipment and medicines.

3.2.3 Items

Each lot of this procurement contract consists of the items mentioned in section 1, "Technical Specifications." These items are pooled and form one single lot of the contract. It is not possible to tender for one or several items under a lot and the tenderer must submit price quotations for all items of the same lot.

3.2.4 Variants

Variants are not permitted. Each tenderer shall submit only one tender.

3.3 Duration of the contract

For each of the Lots, the contract starts upon award notification and lasts 60 calendar days. Where applicable, the warranty period shall start on the date following provisional acceptance and last for 12 months. This implementation period shall include training of the beneficiaries for each Lot.

4 4.0 Special contractual provisions

This chapter of these Tender Specifications holds the specific provisions that apply to this public contract by way of derogation from the 'General Implementing Rules for public procurement and for concessions for public works' of the Royal Decree of 14 January 2013, hereinafter referred to as 'GIR', or as a complement or an elaboration thereof. The numbering of the articles below (between brackets) follows the numbering of the GIR articles. Unless indicated, the relevant provisions of the General Implementing Rules (GIR) apply in full.

4.1 Managing official (Art. 11)

The managing official is Joeri Leysen, e-mail: joeri.leysen@enabel.be.

Once the public contract is concluded the managing official is the main contact point for the supplier. Any correspondence or any questions with regards to the performance of the contract will be addressed to him or her, unless explicitly mentioned otherwise in these Tender Specifications.

The managing official is responsible for the follow-up of the performance of the contract.

- The managing official is fully competent for the follow-up of the satisfactory performance of the contract, including issuing service orders, drawing up reports and states of affairs, approving the services, progress reports and reviews. He or she may order any modifications to the contract with regards to its subject-matter provided that they remain within its scope.
- However, the signing of amendments or any other decision or agreement implying derogation from the essential terms and conditions of the contract are not part of the competence of the managing official. For such decisions the contracting authority is represented as stipulated under the point Contracting authority.
- Under no circumstances is the managing official allowed to modify modalities (e.g. delivery deadlines) of the contract, even if the financial impact is nil or negative. Any commitment, change or agreement derogating the conditions in the Tender Specifications and that has not been notified by the contracting authority, will be considered null and void.

4.2 Subcontractors (Art. 12 to 15)

The fact that the contractor entrusts all or part of his commitments to subcontractors does not relieve him of liability to the contracting authority. The latter does not recognise any contractual relation with third parties.

The contractor remains, in any case, solely liable to the contracting authority. The contractor may not subcontract the contract or a part of the contract to other subcontractors than those presented at the time of submission; subcontracting to subcontractors presented in the tender is allowed only after preliminary approval by the contracting authority of these subcontractors.

When the contractor uses a subcontractor to carry out specific processing activities on behalf of the contracting authority, the same data protection obligations as those of the contractor are imposed on that subcontractor by contract or any other legal act.

In the same way, the contractor will respect and enforce to his subcontractors, the provisions of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation, GDPR). The contracting authority may conduct an audit of the processing carried out in order to validate compliance with this legislation.

4.3 Confidentiality (Art. 18)

Knowledge and information obtained by the contractor, including any persons responsible for the mission and any other person involved in this public contract, are strictly confidential.

Under no circumstances can the information collected, regardless of its origin and nature, be transferred to third parties in any form.

All parties directly or indirectly involved are therefore bound by the duty of discretion.

In accordance with Article 18 of the Royal Decree of 14 January 2013 establishing the general rules for public procurement, the tenderer or contractor undertakes to consider and process in a strictly confidential manner any information, all facts, any documents and/or any data, whatever their nature and support, which have been communicated to him, in any form and by any means, or to which he has access, directly or indirectly, in the context or on the occasion of this public contract. Confidential information covers, in particular, the very existence of this public contract, without this list being limited.

Therefore, he undertakes to:

- Respect and enforce the strict confidentiality of these elements and to take all necessary precautions in order to preserve their secrecy (these precautions cannot in any case be inferior to those taken by the tenderer for the protection of his own confidential information);
- Consult, use and/or exploit, directly or indirectly, all of the above elements only to the extent strictly necessary to prepare and, where applicable, to carry out this public contract (particularly regarding the privacy legislation with respect to personal data processing);

- Not reproduce, distribute, disclose, transmit or otherwise make available to third parties the above elements, in whole or in part, and in any form, unless having obtained prior and written consent of the contracting authority;
- Return, at the first request of the contracting authority, the above elements;
- In general, not disclose directly or indirectly to third parties, whether for advertising or any other reason, the content of this public contract, or the fact that the tenderer or contractor performs this public contract for the contracting authority, or, where applicable, the results obtained in this context, unless having obtained prior and written consent of the contracting authority.

4.4 Personal data protection

4.4.1 Processing of personal data by the contracting authority

The contracting authority undertakes to process the personal data that are communicated to it in response to the Call for Tenders with the greatest care, in accordance with legislation on the protection of personal data (General Data Protection Regulation, GDPR). Where the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data contains stricter provisions, the contracting authority will act in accordance with said law.

4.4.2 Processing of personal data by the contractor

The personal data that will be processed are confidential. The contractor will therefore limit access to data to the strictly necessary personnel for the performance, management and monitoring of the public contract.

PROCESSING OF PERSONAL DATA BY A CONTROLLER (RECIPIENT)

Where during contract performance, the contractor processes personal data of the contracting authority or in execution of a legal obligation, the following provisions apply:

For any processing of personal data carried out in connection with this public contract, the contractor is required to comply with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (GDPR) and the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data.

By simply participating in the contracting process, the tenderer certifies that he will strictly comply with the obligations of the GDPR for any processing of personal data conducted in connection with that public contract.

Given the public contract, it is to be considered that the contracting authority and the contractor will each be responsible, individually, for the processing.

4.5 Intellectual property (Art. 19 to 23)

The contracting authority does not acquire the intellectual property rights created, developed or used during performance of the public contract.

Without prejudice to clause 1 and unless otherwise stipulated in the procurement documents, when the subject-matter of the public contract consists of the creation, manufacture or the development of designs or of logos, the contracting authority acquires the intellectual property thereof, as well as the right to trademark them, to have them registered and to have them protected.

For domain names created under the contract, the contracting authority also acquires the right to register and protect them, unless otherwise stipulated in the procurement documents.

Where the contracting authority does not acquire the intellectual property rights, it obtains a patent licence of the results protected by intellectual property law for the exploitation modes that are mentioned in the procurement documents.

The contracting authority lists the exploitation modes for which it intends to obtain a licence in the procurement documents.

4.6 Performance bond (Art. 25 to 33)

The performance bond is set at 5% of the total value, excluding VAT, of procurement of 50,000 Euros. The value thus obtained is rounded up to the nearest 10 euros.

In accordance with the legal and regulatory provisions, the performance bond may be constituted either of cash or of public funds or may take the form of a joint performance bond.

The performance bond may also take the form of a surety bond issued by a credit institution meeting the requirements of the law on the statute and control of credit institutions.

By way of derogation from Article 26 of the GIR the performance bond may be posted through an establishment that has its registered office in one of the countries of destination of the services. The contracting authority reserves the right to accept or refuse the posting of the bond through that institution. The tenderer mentions the name and address of this institution in the tender.

This derogation is founded on the idea of providing possible local tenderers with an opportunity to submit a tender. This measure is made essential by the specific requirements of the contract.

The contractor must, within 30 calendar days from the day of contract conclusion, furnish proof that he or a third party has posted the bond in one of the ways set out below:

- 1° in the case of cash, by transfer of the amount to the post bank account number of the Deposit and Consignment Office. Fill out the following form as completely as possible: https://finances.belgium.be/sites/default/files/01_marche_public.pdf (PDF, 1.34 Mo), and return it to the e-mail address: info.cdcck@minfin.fed.be

2° in the case of public funds, by depositing such funds, for the account of the Deposit and Consignment Office, with the State Cashier at the head office of the National Bank in Brussels or at one of its provincial agencies or with a public institution with an equivalent function

3° in the case of a joint surety, by deposit via an institution that lawfully carries out this activity of a deed of joint surety with the Deposit and Consignment Office or with a public institution with an equivalent function

4° in the case of a guaranty, by the deed of undertaking of the credit institution.

Proof is provided, as appropriate, by submission to the contracting authority of:

1° the deposit receipt of the Deposit and Consignment Office or of a public institution with an equivalent function; or

2° a debit notice issued by the credit institution; or

3° the deposit certificate issued by the State Cashier or public institution with an equivalent function; or

4° the original copy of the deed of joint surety stamped by the Depot and Consignment Office or by a public institution with an equivalent function; or

5° the original copy of the deed of undertaking issued by the credit institution granting a guaranty.

These documents, signed by the depositor, must state why the performance bond was posted and its precise usage, consisting of a concise indication of the subject-matter of the contract and a reference to the procurement documents, as well as the name, first names and full address of the contractor and, where relevant, that of the third party that made the deposit on the contractor's account, bearing the statement 'lender' or 'mandatary', as appropriate.

The period of 30 calendar days specified above is suspended during the period of closure of the contractor's business for paid annual holidays and the days off in lieu stipulated by regulation or by a collective binding labour agreement.

Proof that the required performance bond has been posted must be sent to the address that will be mentioned in the contract conclusion notification.

Request by the contractor for the acceptance procedure to be carried out:

1° For provisional acceptance: This is equal to a request to release the first half of the performance bond;

2° For final acceptance: This is equal to a request to release the second half of the performance bond, or, in case no provisional acceptance applied, to release the whole of the performance bond.

4.7 Conformity of performance (Art. 34)

The supplies must comply in all respects with the procurement documents. Even in the absence of technical specifications in the procurement documents, the supplies must comply in all aspects with good practice.

4.8 Changes to the public contract (Art. 37 to 38/19)

4.8.1 Replacement of the contractor (Art. 38/3)

Provided that he meets the selection and exclusion criteria set out in this document, a new contractor may replace the contractor with whom the initial contract was agreed in cases other than those provided for in Art. 38/3 of the General Implementing Rules (GIR).

The contractor submits his request as quickly as possible by registered post, stating the reasons for this replacement and providing a detailed inventory of the state of the supplies and services already delivered, the new contractor's contact details and the documents and certificates which the contracting authority cannot access free of charge.

The replacement will be recorded in an amendment dated and signed by all three parties. The initial contractor remains liable to the contracting authority for the performance of the remainder of the contract.

4.8.2 Revision of prices (Art. 38/7)

- For this contract, price revisions are not permitted.

4.8.3 Indemnities following the suspensions ordered by the contracting authority during performance (Art. 38/12)

- The contracting authority reserves the right to suspend the performance of the contract for a given period, mainly when it considers that the contract cannot be performed without inconvenience at that time.
- The performance period is extended by the period of delay caused by this suspension, provided that the contractual performance period has not expired. If it has expired, the return of fines for late performance will be agreed.
- When activities are suspended, based on this clause, the contractor is required to take all necessary precautions, at his expense, to protect the services already performed and the materials from potential damage caused by unfavourable weather conditions, theft or other malicious acts.

The contractor has a right to damages for suspensions ordered by the contracting authority when:

- The suspension lasts in total longer than one twentieth of the performance period and at least ten working days or two calendar weeks, depending on whether the performance period is expressed in working days or calendar days;

- The suspension is not owing to unfavourable weather conditions;
- The suspension occurred during the contract performance period.
- Within thirty days of their occurrence or the date on which the contractor or the contracting authority would normally have become aware of them, the contractor reports the facts or circumstances succinctly to the contracting authority and describes precisely their impact on the progress and cost of the contract.

4.8.4 Unforeseeable circumstances

As a rule, the contractor is not entitled to any modification of the contractual terms due to circumstances of which the contracting authority was unaware.

A decision of the Belgian State to suspend cooperation with a partner country is deemed to be unforeseeable circumstances within the meaning of this article. Should the Belgian State break off or cease activities which implies therefore the financing of this public contract, Enabel will do everything reasonable to agree a maximum compensation figure.

4.9 Preliminary technical acceptance (Art. 42)

Items may not be received if they have not been accepted by the managing official or his or her representative.

Items that at a given stage do not satisfy the technical acceptance tests imposed will be declared unfit for technical acceptance. Upon the request of the contractor, the contracting authority in accordance with the procurement documents verifies whether the products have the required qualities or at the very least comply with good practice and satisfy the conditions of the contract. If certain items are destroyed during verification, the contractor replaces these at its own expense. The procurement documents specify the quantity of items to be destroyed.

Where the contracting authority declares that the item presented is not in the required condition for examination, the acceptance request by the contractor will be considered not having been made. A new request is made when the item is fit for acceptance.

4.10 Performance modalities (Art. 115 et seq.)

4.10.1 Deadlines and terms (Art. 116)

The supplies must be delivered within the timelines stated under section 3.3. The closure of the supplier's business for annual holidays is not included in this calculation.

Any further correspondence pertaining to the Purchase Order (and to the delivery) follows the same rules as those for the dispatch of the Purchase Order when a party wants to establish proof of its intervention.

In the event the acknowledgement of receipt of the Purchase Order is received after the period of two working days, upon written demand and justification of the supplier, the delivery period may be extended pro rata of the delay of the acknowledgement of receipt of the Purchase Order. When the service that placed the order, upon examination of the written

demand of the supplier, estimates that the demand is founded or partially founded, it will inform the supplier in writing of which extension of the period is accepted.

When the Purchase Order is clearly incorrect or incomplete and implementation of the order becomes impossible, the supplier immediately notifies the service that placed the order about this in writing in order to find a solution to allow for normal implementation of the order. If necessary, the supplier shall ask for an extended delivery period under the same conditions as those foreseen in case of late reception of the order form.

In any event, complaints about the Purchase Order are not admissible anymore if they are not submitted within 10 calendar days from the day following the date on which the supplier has received the Purchase Order.

The supplies must be delivered within a period that is to be expressed in calendar days, which the tenderer mentions in his tender. This period starts as from the day following the date on which the supplier received the contract conclusion notification letter. Since the performance period is an award criterion, not including it in the tender will bring about the substantial irregularity of the tender. All days are indistinguishably included in the period.

The Purchase Order is addressed to the supplier either by registered letter, fax or any other means through which the date of dispatch can be determined unambiguously.

Any further correspondence pertaining to the Purchase Order (and to the delivery) follows the same rules as those for the dispatch of the Purchase Order when a party wants to establish proof of its intervention.

In the event the acknowledgement of receipt of the Purchase Order is received after the period of two working days, upon written demand and justification of the supplier, the delivery period may be extended pro rata of the delay of the acknowledgement of receipt of the Purchase Order. When the service that placed the order, upon examination of the written demand of the supplier, estimates that the demand is founded or partially founded, it will inform the supplier in writing of which extension of the period is accepted.

4.10.2 Quantities to be supplied (Art. 117)

The public contract's quantities are mentioned in part 1 under, "Requirements for the goods".

Without prejudice to the possibility for the contracting authority to terminate the contract if the supplies delivered do not meet the requirements imposed or if they are not delivered by the deadlines asked, by concluding this contract the supplier acquires the right to deliver these quantities, under penalty of indemnification by the contracting authority.

4.10.3 Place where the supplies must be delivered and formalities (Art. 149)

The supplies will be delivered at the following addresses mentioned in part 1 under, "Requirements for the goods."

4.10.4 Packaging (Art. 119)

Packaging will become the property of the contracting authority, without the supplier having any claim to compensation in this regard.

4.10.5 Inspection of the supplies delivered (Art. 120)

The supplier delivers only goods that have no apparent and/or hidden defects and that correspond strictly to the order (in kind, quantity, quality...) and, if necessary, to the prescriptions of related documents as well as applicable regulations, in compliance with good practice, the state of the art, the highest standards of usage, of reliability and of longevity, and for the purposes that the contracting authority has in mind, which the supplier knows or at least should know.

Acceptance (provisional acceptance) only takes place after the complete inspection by the contracting authority of the conformity of the goods and services delivered. The contracting authority disposes of a period for verification of thirty days starting on the date of delivery. This period will begin on the day after arrival of the supplies at the place of delivery, provided that the contracting authority is in possession of the delivery note or invoice.

The signature of (a staff member of) the contracting authority, in particular in electronic reception devices, upon delivery of the goods, does consequently only count as evidence of taking possession and does not concern the acceptance of the goods.

Acceptance on the premises of the contracting authority or, where applicable, on the delivery address counts as complete provisional acceptance

Acceptance implies the transfer of ownership and of risks of damage and loss.

In case of full or partial refusal of a delivery, the supplier is bound to take back, at his own costs and risks, the products refused. The contracting authority may ask the supplier to deliver goods that comply as soon as possible, either cancel the order and get supplied by another supplier.

4.10.6 Liability of the supplier (Art. 122)

The supplier shall be liable for his supplies up to the time when the inspection and notification formalities referred to in Article 120 are carried out, unless losses or damage sustained in the warehouses of the consignee are due to the events or circumstances referred to in Articles 54 and 56.

Moreover, the supplier indemnifies the contracting authority against damages for which it is liable towards third parties due to late performance of the contract or due to failure of the supplier.

4.11 Zero tolerance Sexual exploitation and abuse

In application of Enabel's Policy regarding sexual exploitation and abuse of June 2019 there will be zero tolerance towards any misconduct that could impact the professional credibility of the tenderer.

4.12 Means of action of the contracting authority (Art. 44–51 and 123–126)

The service provider's default is not solely related to services as such but also to the whole of the service provider's obligations.

In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the public contract, it is strictly forbidden to the contractor to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to appointees of the contracting authority who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the contract, regardless of their hierarchical rank.

In case of violation, the contracting authority may impose a lump-sum fine to the service provider for each violation, which can be to up to three times the amount obtained by adding up the (estimated) values of the advantage offered to the employee and of the advantage that the contractor hoped to obtain by offering the advantage to the employee. The contracting authority will decide independently about the application and the amount of this fine.

This clause is without prejudice to the possible application of other measures as of right provided in the GIR, namely the unilateral termination of the contract and/or the exclusion from procurement by the contracting authority for a determined duration.

4.12.1 Failure of performance (Art. 44)

§1 The contractor is considered to be in failure of performance under the public contract:

1° when performance is not carried out in accordance with the conditions specified in the procurement documents;

2° at any time, when performance has not progressed in such a way that it can be fully completed on the due dates;

3° when he does not observe written orders, which have been given in due form by the contracting authority.

§2. Any failure to comply with the provisions of the public contract, including the non-observance of orders of the contracting authority, is recorded in a report ('process verbal'), a copy of which will be sent immediately to the contractor by registered mail.

The contractor must repair the defects without any delay. He may assert his right of defence by registered letter addressed to the contracting authority within fifteen days from the date of dispatch of the report (process verbal). Silence on his part after this period shall be deemed acknowledgement of the reported facts.

Any defects detected that can be attributed to the contractor render him liable to one or more of the measures provided for in Articles 45 to 49, 154 and 155.

4.12.2 Fines for delay (Art. 46 and 123)

The fines for delay differ from the penalties referred to in Article 45. They are due, without the need for notice, by the mere lapse of the performance period without the issuing of a report and they are automatically applied for the total number of days of delay.

Regardless of the application of any fines for delay, the contractor indemnifies the contracting authority against damages for which it is liable towards third parties due to late performance of the contract.

4.12.3 Measures as of right (Art. 47 and 124)

§1 When, upon expiry of the term given in Article 44, §2, the contractor has not taken action or has presented means deemed unjustified by the contracting authority, the contracting authority may apply the measures as of right described in paragraph 2.

However, the contracting authority may apply measures as of right without waiting for the expiry of the term given in Article 44, §2, when the contractor has explicitly recognised the defects detected.

§2. The measures as of right are:

1° Unilateral termination of the contract. In this case the entire performance bond, or if no bond has been posted an equivalent amount, is acquired as of right by the contracting authority as lump sum damages. This measure excludes the application of any fine for delay in performance in respect of the terminated part;

2° Performance under regime of all or part of the non-performed contract;

3° Conclusion of one or more replacement contracts with one or more third parties for all or part of the contract remaining to be performed.

The measures referred to in 1°, 2° and 3° will be taken at the expense and risk of the defaulting contractor. However, any fines or penalties imposed during the performance of a replacement contract will be borne by the new contractor.

4.13 End of the public contract

4.13.1 Acceptance of the products delivered (Art. 64-65 and 128)

The managing official will closely follow up the delivery.

The items are stored for delivery in the supplier's warehouses. Delivery cannot occur prior to the contracting authority's accepting the goods stored for delivery. The managing official who will carry out acceptance is named in the contract award notification if his/her name has not yet been mentioned in the procurement documents.

Provisional acceptance

Upon expiry of the thirty-day period specified in Article 120, §2, as appropriate, a provisional acceptance report or acceptance refusal report will be drawn up.

Full acceptance is proceeded to at the place of delivery without partial acceptance at the place of manufacture;

Provisional acceptance is carried out in full at the place of delivery. To investigate and test the supplies as well as to notify its decision to accept or reject the delivery, the contracting authority disposes of a period of thirty days

This period will begin on the day after the date of arrival of the supplies at the place of delivery, provided that the contracting authority is in possession of the delivery note or invoice. It comprises the 30-day period stipulated in Article 120.

4.13.2 Transfer of ownership (Art. 132)

The contracting authority automatically becomes the owner of the supplies as soon as they have been accepted for payment pursuant to Article 127 of GIR.

4.13.3 Final acceptance (Art. 135)

Final acceptance occurs upon expiry of the warranty period. It is implicit when the delivery has not led to any claims during said period.

If delivery has led to complaints during the warranty period, a final acceptance or refusal of acceptance report will be issued within 15 days prior to the expiry of the said period.

4.14 Invoicing and payment of services (Art. 66 to 72 and 127)

The contractor sends (one copy only of) the invoices and the contract acceptance report (original copy) to the following address:

Tabitha Nandera

tabitha.nandera@enabel.be

Financia Controller

Enabel in Uganda

Payment shall be made 100% for the supplies completely delivered for each Lot.

The contracting authority disposes of a period for verification of thirty days starting on the end date of the delivery, set in conformity with the modalities in the procurement documents, to carry out the technical acceptance and provisional acceptance formalities and to notify the result to the supplier.

The amount owed to the supplier must be paid within thirty days with effect from the expiry of the verification term or with effect from the day after the last day of the verification term, if this is less than thirty days. And provided that the contracting authority possesses, at the same time, the duly established invoice and any other documents that may be required.

When the procurement documents do not provide for any separate debt claim, the invoice will constitute the debt claim.

The invoice must be in **EUROS**.

Advance payment:

By way of derogation from the foregoing, and in accordance with Articles 12/1 to 5 of the Law of 17 June 2016, inserted by the Law of 22 December 2023 amending the regulations relating to public contracts with a view to promoting access by SMEs to the said contracts, the contracting authority shall pay an advance when the successful tenderer proves to be an SME within the meaning of Article 163, § 3, subparagraph 2, of the Law of 17 June 2016.

The amount of the advance payment is calculated by applying the following percentages to a reference value determined in accordance with Article 12/5 of the Law of 17 June 2016:

1° if the successful tenderer is a micro-enterprise, i.e. an enterprise that employs fewer than ten (10) people and whose annual turnover or annual balance sheet total does not exceed two million euros (2M euro), the percentage to be taken into account is twenty per cent (20%);

2° if the successful tenderer is a small business, i.e. a business that employs fewer than fifty (50) people and whose annual turnover or annual balance sheet total does not exceed ten million euros (10M euro), the percentage to be taken into account is ten per cent (10%);

3° where the successful tenderer is a medium-sized company, i.e. a company employing fewer than two hundred and fifty (250) people and whose annual turnover does not exceed fifty million euros (50M euro) or whose annual balance sheet total does not exceed forty-three million euros (43M euro), the percentage to be taken into account is five per cent (5%).

According to Article 12/5 of the Law of 17 June 2016, the reference value relevant for calculating the advance in a framework agreement is equal to the amount of each order, including all taxes.

The first half of the advance shall be set off against the sums due to the contractor when the value of the services performed reaches thirty per cent of the original order amount and the second half of the advance shall be set off against the sums due to the contractor when the value of the services performed reaches sixty per cent of the original order amount. The aforementioned amounts shall be understood as amounts inclusive of value-added tax.

The supplier must provide an **advance bank guarantee** prior to any advance payment.

The amount of the advance will be deducted from the final invoice of each order.

No advance will be paid when implementation duration of an order is less than 60 days.

4.15 Litigation (Art. 73)

The competent courts of Brussels have exclusive jurisdiction over any dispute arising from the performance of this public contract. French or Dutch are the languages of proceedings.

The contracting authority will in no case be held liable for any damage caused to persons or property as a direct or indirect consequence of the activities required for the performance of this contract. The contractor indemnifies the contracting authority against any claims for compensation by third parties in this respect.

In case of 'litigation', i.e. court action, correspondence must (also) be sent to the following address:

Belgian development agency - Enabel

Legal unit of the Logistics and Acquisitions service (L&A)

To the attention of Ms Inge Janssens

rue Haute 147

1000 Brussels

Belgium

4.16 Obligations of the contracting authority (Art. 136)

- The contracting authority shall:
- 1° use the goods delivered for the needs stipulated under the public contract and in accordance with technical user guidance provided by the supplier;
- 2° make not changes to the goods delivered without the written preliminary approval of the supplier.

4.17 Obligations of the supplier (Art. 137 and 138)

- The supplier shall:
- 1° put the supplies at the disposal of the contracting authority within the deadline set in the procurement documents;
- 2° ensure their maintenance and make all necessary repairs within the timing imposed to keep the goods in good state during the public contract term.
- Where the supplies are completely or partially destroyed during the contact term without the contracting authority being liable, the supplier shall replace these or repair them at his costs within the deadline set.

4.18 Final acceptances (Art. 142 OR 143)

- This report counts as final acceptance of the public contract.

5 Procurement Procedure

Considering article 14, §2, 1° of the law of June 17, 2016 relating to public procurement, it would not be appropriate to impose the obligation to use electronic means of communication referred to in article 14, § 7, of the law.

The nature of the public contract in question is such that national or regional economic operators do not have equal access to the requirements linked to the use of the Belgian federal “e-Procurement” platform. The technical characteristics can therefore be discriminatory and can restrict the access of economic operators to the procurement procedure, in particular, in terms of speed and quality of the internet connection, as well as the quality of the electricity transport network.

In addition, the particular forms provided by this platform from the point of view of electronic signature are not yet compatible with the ICT generally used.

5.1 Type of procedure

This is a Negotiated Procedure without Prior Publication in application of Article 42 of the Law of 17 June 2016.

5.2 Publication

These Tender Specifications are posted on the website of Enabel <https://www.enabel.be/content/enabel-tenders>. Such publication constitutes an invitation to tender.

5.3 Information

The awarding of this procurement contract is coordinated by the Contract Service Centre of Enabel in Uganda. Throughout this procedure all contacts between the contracting authority and the (prospective) tenderers about this procurement contract will exclusively pass through this service. (Prospective) tenderers are prohibited to contact the contracting authority in any other way with regards to this contract, unless otherwise stipulated in these Tender Specifications.

Until 10 calendar days before the deadline of tenders submission, candidate-tenders may ask questions about these Tender Specifications and the procurement contract. Questions will be in writing to uga_csc_contracts@enabel.be with a clear indication in the subject of the e-mail of the procedure reference and the contract title, as stated on the cover page of the tender specifications. They will be answered in the order received. The complete overview of questions asked will be available at the address mentioned above as soon as available.

Until the notification of the award decision no information will be given about the evolution of the procedure.

The tenderer is supposed to submit his tender after reading and taking into account any corrections made to the contract notice or the Tender Specifications that are published in the Belgian Public Tender bulletin or that are sent to him by e-mail. To do so, when the tenderer

has downloaded the Tender Specifications, it is strongly advised that he gives his coordinates to the public procurement administrator mentioned above and requests information on any modifications or additional information.

In accordance with Article 81 of the Royal Decree of 18 April 2017, the tenderer is required to report immediately any gap, error or omission in the procurement documents that precludes him from establishing his price or compare tenders, within ten days at the latest before the deadline for receipt of tenders.

5.4 Preparation and submission of tenders

5.4.1 Preparation of tenders

The tenderer shall prepare separately, the administrative, technical and financial proposals as explained below;

5.4.2 Content of tenders

The tenderer must use the tender form in annexe. In case he does not use this form, he is fully responsible for the perfect concordance between the documents he has used and the form.

The tender and the annexes to the tender form are drawn up in English.

By submitting a tender, the tenderer automatically renounces to his own general or specific sales conditions, even if these are mentioned in any of the annexes to his tender.

The tenderer clearly designates in his tender which information is confidential and/or relates to technical or business secrets and may therefore not be divulged by the contracting authority.

The tender shall contain the following parts:

1. Administrative Proposal

The tenderer shall use the tender forms included in the corresponding section of the Annex.

The Administrative proposal shall respect the following structure:

- Legal identification form
- Financial Identification Form
- Subcontractor form
- Exclusion Criteria Form
- Integrity form
- Technical capacity form
- Financial capacity form

The successful tenderer shall be required to provide the following documents before award:

- Tax Clearance Certificate (e.g; URA, as applicable)
- Social Security Contribution Clearance (e.g. NSFF as applicable)

- An extract from the criminal record in the name of the tenderer (legal person) or his representative (natural person) if there is no criminal record for legal persons (ex. certificate of good conduct from Interpol);

2. Technical Proposal

The technical proposal may be presented in free format, but it shall include the technical specifications offered for each of the items, clear photos and brochures where applicable of the items. The technical offer shall be detailed enough to allow proper comparison of offers.

3. Financial Proposal

The tenderer shall use the tender forms included in the corresponding section of the Annex.

Determination of prices

All prices given in the tender form must obligatorily be quoted in EUROS.

This procurement contract is a lump sum contract, meaning a contract in which a flat rate price covers the whole performance of the contract or each of the items of the inventory.

In accordance with Article 37 of the Royal Decree of 18 April 2017, the contracting authority may for the purpose of verifying the prices carry out an audit of any and all accounting documents and an on-site audit to check the correctness of the indications supplied.

Elements included in the price

The tenderer is to include in his unit and global prices any charges and taxes generally inherent to the performance of the contract, with the exception of the value-added tax.

The following are in particular included in the prices:

- 1° packaging (except if these remain the property of the tenderer), loading, trans-shipment and intermediate unloading, transportation, insurance and customs clearance;
- 2° unloading, unpacking and deployment at the place of delivery, provided that the procurement documents state the exact place of delivery and the means of access;
- 3° documentation pertaining to the delivery of supplies and any documentation required by the contracting authority;
- 4° assembly and taking into operation;
- 5° training required for operation;
- 6° where applicable, the measures imposed by occupational safety and worker health legislation;
- 7° customs and excise duties;

All prices are DDU, DDP, FCA... add as appropriate (INCOTERMS 2010)

5.4.3 Validity of tenders

Tenders shall remain valid for 120 days from the final date for receiving tenders.

5.4.4 Submission of tenders

Without prejudice to any variants, the tenderer may only submit one tender only per Lot.

The tenderer submits his tender as follows:

The duly completed and signed tender shall be submitted only by e-mail; uga_csc_tenders@enabel.be and only as attachments and not via a link to a platform. The files shall be clearly named and structured and submitted in a compressed zip folder. The tenderer is solely responsible for the accessibility and legibility of files. The tenderer shall not submit at the last minute. Untimely submission, incomplete submission or indirect submission of documents that are inaccessible or illegible may lead to the rejection of the tender. The tenderer shall submit the administrative, technical and financial proposals as separate email attachments. The subject of the e-mail shall clearly mention the procurement reference number and the contract title, as stated on the cover page of the tender specifications, as well as the name of tenderer.

The tender shall be received by the contracting authority on **15th October 2025 at 10:00 am, Kampala time**. Tenders that arrive late will not be accepted. (Article 83 of the Royal Decree on Awarding).

NOTE: Upon the electronic submission of your tender, you will receive an automatic reply from the Enabel contracts service center as confirmation of receipt of your tender.

Incase you don't receive the automatic reply after you submit a tender, please contact Enabel immediately using the email addresses stated under the section on "information" in this tender document or through telephone No. 0393-256-370 as most likely, your tender may not have reached the Enabel servers.

5.4.5 Change or withdrawal of a tender that has already been submitted

When a tenderer wants to change or withdraw a tender already sent or submitted this must be done in accordance with the provisions of Articles 43 and 85 of the Royal Decree of 18 April 2017.

To change or withdraw a tender already sent or submitted a written statement is required, which will be correctly signed by the tenderer or his representative. The subject-matter and the scope of the changes must be indicated in detail. Any withdrawal must be unconditional.

The withdrawal may also be communicated by fax or electronic means, provided that it is confirmed by registered letter deposited at the post office or against acknowledgement of receipt at the latest the day before the tender acceptance deadline.

The subject-matter and the scope of the changes must be indicated in detail.

The withdrawal must be pure and simple.

5.5 Opening and evaluation of Tenders

5.5.1 Opening of tenderers

The opening of tenders will take place on the day of the final date for receiving tenders indicated above. Tenders not received before this time will be rejected. The opening will take place behind closed doors.

5.5.2 Evaluation of Tenders

5.5.2.1 Selection of tenderers

Exclusion grounds

The mandatory and optional exclusion grounds are given in the Declaration on Honour enclosed to these Tender Specifications.

By submitting this tender, the tenderer certifies that he is not in any of the cases of exclusion listed in the Articles 67 to 70 of the Law of 17 June 2016 and the Articles 61 to 64 of the Royal Decree of 18 April 2017.

The contracting authority will verify the accuracy of this Declaration on honour Based on the supporting documents.

Selection criteria

Moreover, by means of the documents requested in the Annexes - Administrative Proposal, the tenderer must prove that he is sufficiently capable, from an economic and financial as well as from a technical point of view, to successfully perform this public procurement contract.

1	Sufficient Economic and Financial Capacity
1.1	Sufficient turn-over
Minimum Standard	For each Lot, minimum average annual turnover of 10,000 EUR during the past three financial years. (If a contractor submits for more than one lot, the turnover requirement shall be cumulative).
2	Sufficient Technical and Professional Capacity
2.1	Sufficient experience in supply of livestock and equipment
Minimum Standard	For each Lot, minimum of 1 assignment within the scope of the contract, which were totally and successfully completed in the last 3 years.
2.2	Sufficient human resources
Minimum Standard	For each Lot, signed CV and academic documents of the expert for the profile defined in the technical specification. The tenderer shall propose a different expert for each Lot.

A tenderer may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which he has with these entities. In that case, the following rules apply:

- Where an economic operator wants to rely on the capacities of other entities, it shall prove to the contracting authority that it will have at its disposal the resources necessary, for example, by producing a commitment by those entities to that effect.
- The contracting authority shall verify whether the entities on whose capacity the economic operator intends to rely fulfil the relevant selection criteria and whether there are grounds for exclusion.
- Where an economic operator relies on the capacities of other entities with regard to criteria relating to economic and financial standing, the contracting authority may require that the economic operator and those entities be jointly liable for the execution of the contract.
- The contracting authority may require certain essential tasks to be carried out directly by the tenderer himself or, if the tender is submitted by a group of economic operators, by a member of the said group.

Under the same conditions, a group of candidates or tenderers may submit the capacities of the group's participants or of other entities.

Regularity of tenders

The tenders submitted by the selected tenderers will be evaluated as to formal and material regularity. Irregular tenders will be rejected.

The contracting authority reserves the right to have the irregularities in the tenderers' tender regularised during the negotiations.

5.5.2.2 Qualitative and financial evaluation of tenders

Negotiation

The formally and materially regular tenders will be evaluated as to content by an evaluation committee. The contracting authority will restrict the number of tenders to be negotiated by applying the award criteria stated in the procurement documents. This evaluation will be conducted on the basis of the award criteria given in these Tender Specifications and aims to setting a shortlist of tenderers with whom negotiations will be conducted.

Then, the negotiation phase follows. In view of improving the contents of the tenders, the contracting authority may negotiate with tenderers the initial tenders and all subsequent tenders that they have submitted, except final tenders. The minimum requirements and the award criteria are not negotiable. However, the contracting authority may also decide not to negotiate. In this case, the initial tender is the final tender.

When the contracting authority intends to conclude the negotiations, it will so advise the remaining tenderers and will set a common deadline for the submission of any best and final offers (BAFOs). Once negotiations have closed, the BAFO will be compared with the exclusion, selection and award criteria. The tenderer whose BAFO shows the best value for money

(obtaining the best score based on the award criteria given below) will be designated the contractor for this procurement contract.

Award Criteria for Each Lot

The contracting authority selects the regular tender that it finds to be most advantageous, taking account of the following criteria:

- Price: 100%;

With regards to the 'price' criterion, the following formula will be used:

$$\text{Points tender A} = \frac{\text{amount of lowest tender}}{\text{amount of tender A}} * 100$$

Final score

The scores for the qualitative and financial award criteria will be added up. The procurement contract will be awarded to the tenderer with the highest final score, after the contracting authority has verified the accuracy of the Declaration on honour of this tenderer and provided the control shows that the Declaration on honour corresponds with reality.

5.6 Award and Conclusion of Contract

5.6.1 Awarding the contract

The contract will be awarded to the tenderer who has submitted the most economically advantageous tender.

It is to be noted that in accordance with Art. 85 of the Law of 17 June 2016, there is no obligation for the contracting authority to award the procurement contract.

The contracting authority may either decide not to award the procurement contract; either redo the procedure, if necessary through another award procedure.

The contracting authority maintains the right to award only a certain lot or certain lots.

5.6.2 Concluding the contract

In accordance with Art. 88 of the Royal Decree of 18 April 2017, the procurement contract occurs through the notification to the selected tenderer of the approval of his tender.

Notification is via e-mail.

So, the full contract agreement consists of a procurement contract awarded by Enabel to the chosen tenderer in accordance with:

- These Tender Specifications and its annexes;
- The approved BAFO of the contractor and all of its annexes;
- The registered letter of notification of the award decision;
- Any later documents that are accepted and signed by both parties, as appropriate.

In an objective of transparency, Enabel undertakes to publish each year a list of recipients of its contracts. By introducing his tender, the successful tenderer declares that he agrees with the publication of the title of the contract, the nature and object of the contract, its name and location, and the amount of the contract.

6 Annexes

6.1 Technical documents

6.2 Contractual Documents

Model Performance Bond

Only for the successful tenderer:

Bank X

Address

Performance bond n° X

This performance bond is posted in the context of the Law of 17 June 2016 on public contracts and on certain works, supply and service contracts and in conformity with the General Implementing Rules (GIR) provided in the Royal Decree of 14 January 2013 establishing the general implementing rules of public contracts and the award of public works.

X, address (the “Bank”)

hereby declares posting security for a maximum amount of X € (X euros) for the Belgian Development Agency (Enabel) for the obligations of X, address for the contract:

“X, tender documents Enabel < UGAX, lot X” (the “Contract”).

Consequently, the Bank commits, under condition of the beneficiary waiving any right to contest or divide liability, to pay up to the maximum amount, any amount which X may owe to Enabel in case X defaults on the performance of the “Contract”.

This performance bond shall be released in accordance with the provisions of the tender documents Enabel < UGAX and of Art. 25-33 of the Royal Decree of 22 June 2017, and at the latest at the expiry of 18 months after the provisional acceptance of the Contract.

Any appeal made to this performance bond must be addressed by registered mail to the Bank X, address, with mention of the reference of the procurement procedure.

Any payment made from this performance bond will ipso jure reduce the amount secured by the Bank. The performance bond is governed by the Belgian Law and only Belgian courts are competent in case of litigation.

Subcontractors

Name and legal form	Address / Registered office	Object

Declaration on honour – exclusion criteria

Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare that the tenderer does not find himself in one of the following situations :

1) The tenderer or one of its 'directors[1]' was found guilty following a conviction by final judgement for one of the following offences:

1° involvement in a criminal organisation

2° corruption

3° fraud

4° terrorist offences, offences linked related to terrorist activities or incitement to commit such offence, collusion or attempt to commit such an offence

5° money laundering or terrorist financing

6° child labour and other trafficking in human beings

7° employment of foreign citizens under illegal status

8° creating a shell company.

2) The counterparty which fails to fulfil his obligations relating to the payment of taxes or social security contributions for an amount in excess of EUR 3 000, except if the counterparty can demonstrate that a contracting authority owes him one or more unquestionable and due debts which are free of all foreseeable liabilities. These debts are at least of an amount equal to the one for which he is late in paying outstanding tax or social charges.

3) The counterparty who is in a state of bankruptcy, liquidation, cessation of activities, judicial reorganisation or has admitted bankruptcy or is the subject of a liquidation procedure or judicial reorganisation, or in any similar situation resulting from a procedure of the same kind existing under other national regulations;

4) When Enabel can demonstrate by any appropriate means that the counterparty or any of its directors has committed serious professional misconduct which calls into question his integrity.

Are also considered such serious professional misconduct:

a. A breach of Enabel's Policy regarding sexual exploitation and abuse – June 2019

b. A breach of Enabel's Policy regarding fraud and corruption risk management – June 2019

c. A breach of a regulatory provision in applicable local legislation regarding sexual harassment in the workplace

d. The counterparty was seriously guilty of misrepresentation or false documents when providing the information required for verification of the absence of grounds for exclusion or the satisfaction of the selection criteria, or concealed this information

e. Where Enabel has sufficient plausible evidence to conclude that the counterparty has committed acts, entered into agreements or entered into arrangements to distort competition

The presence of this counterparty on one of Enabel's exclusion lists as a result of such an act/agreement/arrangement is considered to be sufficiently plausible an element.

5) When a conflict of interest cannot be remedied by other, less intrusive measures;

6) When significant or persistent failures by the counterparty were detected during the execution of an essential obligation incumbent on him in the framework of a previous contract, a previous contract placed with another contracting authority, when these failures have given rise to measures as of right, damages or another comparable sanction.

Also failures to respect applicable obligations regarding environmental, social and labour rights, national law, labour agreements or international provisions on environmental, social and labour rights are considered 'significant'.

The presence of the counterparty on the exclusion list of Enabel because of such a failure serves as evidence.

7) Restrictive measures have been taken vis-à-vis the counterparty with a view of ending violations of international peace and security such as terrorism, humanrights violations, the destabilisation of sovereign states and de proliferation of weapons of mass destruction.

The counterparty or one of its directors are on the lists of persons, groups or entities submitted by the United Nations, the European Union and Belgium for financial sanctions:

For the United Nations, the lists can be consulted at the following address:

<https://finances.belgium.be/fr/tresorerie/sanctions-financieres/sanctions><https://finances.belgium.be/fr/tresorerie/sanctions-financieres/sanctions-internationales-nations-unies>

For the European Union, the lists can be consulted at the following address:

Name:

Integrity statement for the tenderers

Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare the following:

- Neither members of administration or employees, or any person or legal person with whom the tenderer has concluded an agreement in view of performing the public contract, may obtain or accept from a third party, for themselves or for any other person or legal person, an advantage appreciable in cash (for instance, gifts, bonuses or any other kind of benefits), directly or indirectly related to the activities of the person concerned for the account of Enabel.
- The board members, staff members or their partners have no financial or other interests in the businesses, organisations, etc. that have a direct or indirect link with Enabel (which could, for instance, bring about a conflict of interests).
- I have / we have read and understood the articles about deontology and anticorruption included in the Tender Documents (see 1.7.), as well as *Enabel's Policy regarding sexual exploitation and abuse* of June 2019 and *Enabel's Policy regarding fraud and corruption risk management* of June 2019 and I / we declare fully endorsing and respecting these articles.

If above-mentioned public contract is awarded to the tenderer, I/we declare, moreover, agreeing with the following provisions:

- In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the public contract, it is strictly forbidden to the public contractor (i.e. members of the administration and workers) to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to the employees of Enabel who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the public contract, regardless of their hierarchical rank.
- Any (public) contract will be terminated, once it appears that contract awarding or contract performance would have involved the obtaining or the offering of the abovementioned advantages appreciable in cash.
- Any failure to comply with one or more of the deontological clauses will be considered as a serious professional misconduct which will lead to the exclusion of the contractor from this and other public contracts for Enabel.
- The public contractor commits to supply, upon the demand of the contracting authority, any supporting documents related to the performance conditions of the contract. The contracting authority will be allowed to proceed to any control, on paperwork or on site, which it considers necessary to collect evidence to support the presumption of unusual commercial expenditure.

Finally, the tenderer takes cognisance of the fact that Enabel reserves the right to lodge a complaint with the competent legal instances for all facts going against this statement and that all administrative and other costs resulting are borne by the tenderer.

Signature preceded by 'read and approved', in writing, and indication of name and function of the person signing:
