

## Call for Proposal Info Session – Round 2

Establishment and management of an incubation and acceleration tracks for MSME coupled with a subsidy fund to provide financial support to entrepreneurs active in the green mobility sector in Dar-es-Salaam (EU Transport and Trade Improvement Project - Pillar 3 Green Mobility)

Grant amount- euros

Min: 500,000

Max\*: 629,000

## Pillar 3: E-Mobility

### Intermediate Expected Outcome

The transition towards a low-carbon transport system of goods and people in Dar Es Salaam is supported

### Implementation Partner

UN-HABITAT & Enabel

#### Key Outputs

##### Strengthened e-mobility institutional actors

- Strengthen both the institutional / regulatory framework
- Create more conducive environment for EVs to flourish
- Accelerate Tanzania's transition to sustainable transport.

##### Existing and new entrepreneurs are supported

- Support TAEMA and TAREA
- Set up a subsidy fund for e-mobility startups
- Establish incubation / acceleration tracks for e-mobility startups.
- Strengthen the ecosystem of BSO by offering needs-based TA
- Provide market intelligence to financial actors

##### A trained workforce to drive e-mobility local value creation

- Conduct an analysis of e-mobility skills, gaps and needs
- Conduct a gender responsive labour market needs assessment
- Develop and improve training modules to build technical capabilities

# General Observations on Proposals

## **Scope of Objectives**

- Avoid unnecessary enlargement of specific objectives.
- Focus on doing more within existing activities, not adding new ones.
- Activities such as awareness campaigns and policy advocacy are out of scope

# Clarification & Submission

- This info session is the only opportunity to ask questions.
- No clarifications via email or phone will be accepted.
- Submit soft copies only — in Word or PDF format (no scanned copies)

# Budget Guidance

## **1. Budget Adjustments**

- Allowed changes: up to 20% of original estimates.
- Maximum eligible budget: EUR 629,000.

## **2. Consistency Requirements**

- Ensure no inconsistencies in budget sheets or calculations.
- Errors or mismatches may lead to immediate rejection of proposals.

# Evaluation Alignment

Criterion	Weight (%)
Financial & Operational Capacity	10
