DEROGATIONS FROM THE GENERAL IMPLEMENTING RULES

Section 4, 'Specific contractual and administrative conditions' of these Tender Specifications (CSC/Cahier Spécial des Charges) holds the specific administrative and contractual provisions that apply to this public contract by way of derogation from the Royal Decree of 14.01.2013 or as a complement or an elaboration thereof.

These tender documents derogate from Art. 25-33 of the General Implementing Rules (see point 4.7 "Performance bond (Art. 25-33)"). This is motivated by the need to provide equal opportunity for local and international tenderers to participate with a view to increasing competition.

1 Technical Specifications

1.1 Requirements for the services and the deliverables

1.1 Technical methodology

The contractor shall provide the services and deliverables as specified hereafter by applying a technical methodology factoring in the following aspects. This tender is composed of two lots namely;

- **Lot 1- Procurement of software -as -a Service Solution for KIDA Hospital that includes an electronic medical records and community based health insurance scheme management system**
- **Lot 2- Procurement of streamline Health Hospital management system Licenses for Kagando Hospital**

1.1.1 Background information

KIDA Hospital, with support from Enabel, is preparing to transition from manual, paper-based, and Excel-driven Community-Based Health Insurance (CBHI) and patient management processes to a digital system. Enabel is currently supporting KIDA by mobilizing approximately 1,000 new members for the hospital's upcoming CBHI launch. This transition is critical because KIDA's current manual and fragmented processes such as billing, registration, and record-keeping are time-consuming, prone to errors, and make it difficult to efficiently manage member enrolment, benefit verification, and claims processing. Manual operations also increase the risk of data loss, fraud, and reporting delays, which threaten accountability and quality of care. As the CBHI scheme grows, the administrative burden will significantly increase, making these inefficiencies even more pronounced.

By adopting a Software-as-a-Service (SaaS) solution with Electronic Medical Records (EMR) and CBHI management modules, KIDA aims to improve operational efficiency, enhance transparency and accountability, reduce fraud, and enable data-driven decision-making. The digital system will support seamless enrolment, timely claims management, accurate benefit verification, and reliable reporting, allowing limited resources and premiums to be focused directly on healthcare services.

It is against this background that Enabel is seeking a qualified service provider to supply, deploy, configure and manage 64 user licenses required for system access, ensuring uninterrupted licensing for a minimum of 24 consecutive months.

Kagando Hospital has operated Streamline Health's Electronic Medical Records since 2015 and the Streamline Community Based Health Insurance module since 2018. The CBHI scheme currently serves more than 5,000 members. With Enabel's support, the hospital plans to add 2,000 more members to the scheme. Kagando's use of Streamline has improved enrolment efficiency, billing accuracy, and financial transparency, and hospital planning. The free support phase ended in June 2025, which requires the hospital to move to a paid licensing model to sustain both EMR and CBHI operations without interruption.

1.1.2 Scope of work for Lot 1- Procurement of A Software -As -A Service Solution for Kida Hospital

1.1.2.1 Objective

The objective of this procurement is to secure software as a service solution that covers KIDA Hospital's users and CBHI members, so that as to effectively and efficiently manage and scale planned growth in the CBHI membership. The specific objectives are;

1. Assess available and data management practices.
2. Identify the number and categories of the intended system users.
3. Verify the current and projected number of CBHI members to inform system sizing and configuration.
4. Deploy and configure a cloud-based, modular SaaS platform for KIDA Hospital, including EMR and CBHI modules, and provide all necessary user licenses valid for 24 months
5. Ensure system compliance with Uganda's Data Protection and Privacy Act through secure authentication, access controls, and audit trails.
6. Build capacity of KIDA staff through tailored training and support to ensure effective adoption and management of the system throughout the duration of the license validity.

1.1.2.2 Tasks To Be Performed By The Consultant

1. IT Infrastructure Security and Readiness Assessment

- Review current data management practices, including data storage, backup, and information security protocols.
- Prepare a report with recommendations for minimum IT security standards needed for SaaS deployment.

2. User Mapping and Requirements Gathering

- Identify and categorize all intended system users and their roles.
- Collect user requirements to inform user access levels, permissions, and training needs.

- Produce a user requirements matrix and user registry for system configuration.

3. CBHI Membership Analysis

- Verify current active CBHI members and analyse membership trends.
- Estimate projected membership growth for system sizing and scalability.

4. System Deployment, Configuration, and Security

- Deploy a cloud-based SaaS platform including EMR and CBHI modules.
- Configure system workflows to reflect KIDA's local processes (registration, billing, claims, reporting).
- Provide and assign user licenses.
- Ensure secure system configuration, including strong password policies, encryption of sensitive data, and secure system integration.
- Support safe data migration from existing records to the new system, ensuring data integrity and confidentiality.

5. Data Protection, Security, Privacy, and Compliance

- Implement robust security measures including; Secure user authentication (passwords, two-factor authentication if possible), Role-based access controls, Encryption of data at rest and in transit, Regular security updates and vulnerability assessments, Comprehensive audit trails and access logs
- Ensure compliance with Uganda's Data Protection and Privacy Act and any relevant health data regulations.
- Provide documentation, user awareness, and training on system security, privacy, and compliance features.

6. Capacity Building and Support

- Deliver tailored training for 64 user, including a focus on secure system use, password management, and recognizing security threats.
- Provide user manuals, quick-reference guides, and access to a helpdesk for technical and security support.
- Offer ongoing technical support, security updates, and periodic refresher trainings throughout the duration of the license validity.
- Data Retrieval and Portability Upon expiration or termination of the contract, the contractor shall, at no additional cost, provide KIDA Hospital with a complete and usable copy of all data in a commonly readable and interoperable format, ensuring continuity and data portability to any future system.

1.1.2.3 Location

Activities will be conducted at KIDA Hospital in Kabarole District.

1.1.2.4 Deliverables

The consultant is expected to produce the following key deliverables to ensure the successful development, deployment, and adoption of the assignment.

#	Deliverable	Description
1	Inception Report	Project kick-off, confirm features, risk assessment, workplan
	IT Infrastructure Security Assessment Report	Identification of security gaps and recommendations for readiness.
2	User and Role Registry	Categorized list of system users, their roles and permissions; user requirements matrix for access control and training.
3	CBHI Membership Analysis Report	Verified data on current CBHI membership and projections for future growth to guide licensing and scalability.
4	Configured SaaS Platform	Deployment and configuration of cloud-based EMR and CBHI modules tailored to KIDA's workflows; assignment of user licenses; configuration documentation.
5	Data Migration Report	Secure migration from legacy systems; validation of data integrity, completeness, and confidentiality.
6	System Security and Compliance Documentation	Security plan (authentication, access controls, encryption); evidence of compliance with Uganda's Data Protection Act; audit trails and incident response plans.
7	Training and Capacity Building Materials	Training curriculum, user manuals, attendance lists, quick-reference guides (including security), helpdesk/support setup, and user feedback mechanisms.
8	Ongoing Support and Performance Reports	Monthly/quarterly reports on system usage, performance, incidents, security updates, maintenance, user adoption, and satisfaction.

1.1.3 Scope of work for Lot 2- Procurement Of Streamline Health Licenses For Kagando Hospital

1.1.3.1 Objectives

The objective of this procurement is to secure Streamline Health licenses that cover Kagando Hospital's current EMR users and CBHI members, so that existing digital operations continue reliably and can scale with planned growth in membership. The specific objectives are;

1. Activate licenses to all current EMR users and all active CBHI members.
2. Provide configuration support so licensed modules match current workflows for registration, billing, claims, and reporting.

3. Ensure data protection and compliance with applicable health data and privacy standards, including secure authentication and audit trails.
4. Supply periodic performance and utilization reports covering uptime, incidents, active users, active members, and license consumption.
5. Provide user support through short onboarding sessions, refresher training, quick-reference guides, and a helpdesk for staff.

1.1.3.2 Tasks to be Performed By The Consultant

1. License Activation

- Receive verified lists of current EMR users and active CBHI members from Kagando Hospital.
- Activate and assign the appropriate number of licenses to 200 users and members.
- Provide confirmation of successful license activation.

2. User Enablement and Training

- Prepare and deliver onboarding sessions (onsite) for system users.(200 users)
- Conduct refresher training for existing users as needed.
- Develop and supply quick-reference guides for all key workflows and modules.
- Set up and maintain responsive helpdesk and support channels.

3. Configuration Support

- Review Kagando Hospital's current workflows for EMR, registration, billing, claims, and reporting.
- Configure Streamline Health modules to align with these workflows.
- Support testing and validation of module configurations.
- Make necessary adjustments based on user feedback during the rollout period.

4. Data Protection and Compliance

- Ensure the platform provides secure authentication (user accounts, passwords, possibly two-factor authentication).
- Enable and maintain audit trails for all critical transactions.
- Comply with all applicable health data protection and privacy standards.
- Provide documentation demonstrating compliance as requested.

5. Reporting and Communication

- Monitor system performance, uptime, incidents, active users, and license consumption.
- Generate and submit periodic (monthly/quarterly) performance and utilization reports.
- Promptly communicate any planned maintenance or incidents that could impact service, following escalation procedures.
- Respond to requests for changes in license counts within the agreed timeframe.

1.1.3.4 Location

Activities will be conducted at Kagando Hospital in Kasese District.

1.1.3.5 Deliverables

Deliverable Area	Specific Deliverable
Activated Licenses	<ul style="list-style-type: none">- All EMR user and CBHI member licenses activated- Official activation report/list.
User Enablement Materials & Training	<ul style="list-style-type: none">- Onboarding sessions delivered (with attendance records or report)- Refresher training sessions- Quick-reference guides/manuals- Helpdesk/support setup
Configured System Modules	<ul style="list-style-type: none">- Streamline Health modules configured for EMR, registration, billing, claims, and reporting- Configuration documentation and change log- User validation/testing report
Data Protection & Compliance	<ul style="list-style-type: none">- Documentation of secure authentication/user access- Enabled audit trails and sample reports- Compliance statement/documentation for health data standards
Performance & Utilization Reports	<ul style="list-style-type: none">- Regular performance and utilization reports (uptime, incidents, active users/members, license consumption)- Ad hoc reports as requested
Communication & Support Records	<ul style="list-style-type: none">- Maintenance and incident notifications- Communication logs- Helpdesk/support response records- License adjustment records

1.2 Quality management

The consultant is required to propose a quality management methodology tailored to the project's needs. This proposal should outline the methods and processes intended to ensure the quality of deliverables throughout the project. The methodology must be reviewed and approved by Enabel in consultation with Kida Hospital and Kagando Hospital before project work commences. This approval process ensures alignment with organizational standards and project objectives. Any significant changes to the methodology or its application must be reported and approved by Enabel in consultation with KIDA Hospital and Kagando Hospital. Regular updates on the quality management activities should be provided, highlighting compliance and areas for improvement.

The consultant is responsible for the implementation of the approved quality management methodology and ensuring adherence to it throughout the project lifecycle. Enabel will conduct periodic reviews to verify compliance with the approved methodology, and the consultant must address any discrepancies identified during these reviews.

1.3 Project management

The contractor shall be expected to strictly adhere to the requirements and deliverables outlined in this Terms of Reference (ToR). The contractor shall propose a well-defined methodology for project implementation. At the start of the assignment, a kick-off meeting will be held in Kampala. The purpose of this meeting is to discuss with the Consulting Authority the general implementation of the assignment, the work plan and the communication with the project management team. The meeting will also aim at clarifying to the contractor the roles and responsibilities of the Contracting Authority during the implementation. As required, ad hoc meetings and conference calls shall be scheduled and organized by the consultant during the implementation of a given service request. Before each of these meetings/conference calls the consultant shall submit to the Contracting Authority a summary of any specific points that need to be discussed.

Reporting

The consultant will undertake this assignment under the coordination of the Decent Work and Social Protection Project Intervention Manager, who will be assisted by the Social Protection Expert, and the Digitalization for Development and Innovations Officer on technical matters. These three will be responsible for the approval and acceptance of deliverables, in consultation

with the KIDA Hospital and Kagando Hospital. The vendor is expected to liaise and meet regularly, as needed, with Enabel and the representatives from the KIDA and Kagando. The vendor is responsible for identifying and setting up all meetings and/or relevant documentation needed for the assignment, with support from the Enabel team. The vendor will report to the KIDA Hospital and Kagando Hospital and work in close consultation with the Social Protection Expert, and the Digitalization for Development and Innovations Officer.

1.4 Requirements for the resources

Coordinator/Team Leader

The Contractor shall identify a coordinator/team leader within the organization who will represent the single point of contact for all administrative and operational communication with the contracting authority. The single point of contact and if necessary, his/her replacement must fulfil the requirements set in the selection criteria. Similarly, the contracting authority will designate contact persons.

All communications and exchange of information between the contracting authority and the Contractor during the contract period shall be held in writing or email, in English and be addressed to the Contractor's single point of contact and to the contact person in the contracting authority respectively.

The coordinator will need to closely collaborate with the contracting authority ensuring that the quality of the assignment meets the standards set. In addition, he/she shall safeguard that the requirements as described in this tender are being kept.

Individual Experts

The Contractor will be responsible for selecting the individual expert(s) for delivering the outputs of the specific activities of the contract. However, each expert will require all the following skills and expertise, as specified hereafter.

1.4.1.2 Qualifications of the Team

- **Lot 1- Procurement of a software -as -a Service Solution for KIDA Hospital**

Composition of the team	<ul style="list-style-type: none"> • 1 Coordinator/team leader • 1 Expert
-------------------------	---

Coordinator/team leader:

Mandatory requirements

- At least five (5) years of demonstrable experience in deploying and managing EMR and CBHI SaaS software. This includes hands-on leadership in the implementation,

Tender Specifications – Procurement reference number: UGA21003-10136

configuration, and operational management of Health Care Related Systems in healthcare settings.

Expert:

Mandatory requirements

- At least three (3) years of relevant experience in the deployment, configuration, and technical support of EMR and CBHI Health Care systems. The candidate should demonstrate technical proficiency in installing, customizing, integrating, and troubleshooting EMR and CBHI within healthcare environments.

1.4.1.3 Management of the Team

During the implementation of the contract, the contracting authority shall individually assess the performance of the key experts and conduct evaluation sessions to get feedback from the participants. The contracting authority reserves the right to reject an expert if his/her performance is not satisfactory to the contracting authority.

The contractor shall ensure that there is a back-up expert available in the pool. Should the expert become unavailable for more than 2 days for any reason, the back-up expert has to be provided at short notice. The back-up expert shall continue the implementation at the required standards. In case of unavailability of a team member, the contractor shall ensure prompt replacement with at least the same level of qualifications as those of the expert being replaced and who was initially proposed for the assignment in accordance with the tender.

Efficient communication and sharing of experience must be put in place within the team.

1.4.1.4 Deployments of the team

The contractor shall be responsible to present key experts that can cover all contents of this contract and shall know the particulars of the content of the contract and demonstrate expertise to deliver it within the estimated number of calendar days specified below;

#	Task	Deliverable(s)	Duration (Calendar Days)
1.	Project kickoff	Inception & Planning Report	5

2.	<ul style="list-style-type: none"> - IT infrastructure Security Assessment - User Mapping and Requirements Gathering - CBHI Membership Analysis 	<ul style="list-style-type: none"> - IT infrastructure Security Assessment Report - User and Role Registry - CBHI Membership Analysis Report 	10

1.4.2 Other Resources and Logistics

Enabel will provide logistical support to the implementation of the assignment. This may include procurement of venues and meals for validation workshops, facilitation of participants for (validation) meetings, etc. The contractor shall pay for all costs that facilitate their team during the execution of the assignment. Some of these may include but not limited to: accommodation, transport, meals, airtime and data, stationary among others.

2. General provisions

2.1 Derogations from the General Implementing Rules

Chapter '*Specific contractual and administrative conditions*' of these Tender Specifications (CSC/Cahier Spécial des Charges) holds the specific administrative and contractual provisions that apply to this public procurement contract as a derogation of the Royal Decree of 14.01.2013 or as a complement or an elaboration thereof.

2.2 Contracting authority

The contracting authority of this public procurement contract is Enabel, the Belgian development agency, public-law company with social purposes, with its registered office at Rue Haute 147, 1000 Brussels in Belgium (enterprise number 0264.814.354, RPM/RPR Brussels). Enabel has the exclusive competence for the execution, in Belgium and abroad, of public service tasks of direct bilateral cooperation with the partner countries. Moreover, it may also perform other development cooperation tasks at the request of public interest organisations, and it can develop its own activities to contribute towards realisation of its objectives.

For this procurement contract, Enabel is represented by person(s) who shall sign the award letter and are mandated to represent the organisation towards third parties.

2.3 Institutional setting of Enabel

The general framework of reference in which Enabel operates is:

- The Belgian Law on Development Cooperation of 19 March 2013¹;
- The Belgian Law of 21 December 1998 establishing the Belgian Technical Cooperation as a public-law company²;
- The Belgian Law of 23 November 2017 changing the name of the Belgian Technical Cooperation and defining the missions and functioning of Enabel, the Belgian development agency, published in the Belgian Official Gazette on 11 December 2017.

The following initiatives are also guiding Enabel in its operations: We mention as main examples:

- In the field of international cooperation: the United Nations Sustainable Development Goals and the Paris Declaration on the harmonisation and alignment of aid;

¹ Belgian Official Gazette of 30 December 1998, of 17 November 2001, of 6 July 2012, of 15 January 2013 and of 26 March 2013. Belgian Official Gazette of 1 July 1999.

- In the field of the fight against corruption: the Law of 8 May 2007 approving the United Nations Convention against Corruption, adopted in New York on 31 October 2003², as well as the Law of 10 February 1999 on the Suppression of Corruption transposing the Convention on Combating Bribery of Foreign Public Officials in International Business Transactions;
- In the field of Human Rights: the United Nations' Universal Declaration of Human Rights (1948) as well as the 8 basic conventions of the International Labour Organisation³ on Freedom of Association (C. n°87), on the Right to Organise and Collective Bargaining (C. n°98), on Forced Labour (C. n°29 and 105), on Equal Remuneration and on Discrimination in Respect of Employment (C. n°100 and 111), on Minimum Age for Admission to Employment (C. n°138), on the Prohibition of the Worst Forms of Child Labour (C. n°182);
- In the field of environmental protection: The Climate Change Framework Convention in Paris, 12 December 2015;
- The first Management Contract concluded between Enabel and the Belgian federal State (approved by the Royal Decree of 17.12.2017, Belgian Official Gazette 22.12.2017) that sets out the rules and the special conditions for the execution of public service tasks by Enabel on behalf of the Belgian State.
- Enabel's Code of Conduct of January 2019, Enabel's Policy regarding sexual exploitation and abuse of June 2019 and Enabel's Policy regarding fraud and corruption risk management of June 2019;

2.4 Rules governing the procurement contract

- The following, among other things, applies to this public procurement contract:
- The Law of 17 June 2016 on public procurement contracts⁴;
- The Law of 17 June 2013 on justifications, notification and legal remedies for public procurement contracts and certain procurement contracts for works, supplies and services⁵;
- The Royal Decree of 18 April 2017 on the award of public procurement contracts in the classic sectors⁶;
- Royal Decree of 14 January 2013 establishing the General Implementing Rules for public procurement contracts and for concessions for public works⁷;

² Belgian Official Gazette of 18 November 2008.

³ <http://www.ilo.org/ilolex/french/convdsp1.htm>.

⁴ Belgian Official Gazette 14 July 2016.

⁵ Belgian Official Gazette of 21 June 2013.

⁶ Belgian Official Gazette 9 May 2017.

⁷ Belgian Official Gazette 27 June 2017.

- Circulars of the Prime Minister with regards to public procurement contracts.
- All Belgian regulations on public procurement contracts can be consulted on www.publicprocurement.be.
- Enabel's Policy regarding sexual exploitation and abuse – June 2019;
- Enabel's Policy regarding fraud and corruption risk management – June 2019;
- Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation – 'GDPR'), and repealing Directive 95/46/EC.
- Law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data. ;

All Belgian regulations on public contracts can be consulted on www.publicprocurement.be;

Enabel's Code of Conduct and the policies mentioned above can be consulted on Enabel's website via <https://www.enabel.be/content/integrity-desk>.

2.5 Definitions

The following definitions apply to this procurement contract:

The tenderer: An economic operator submitting a tender;

The contractor/ service provider: The tenderer to whom the procurement contract is awarded;

The contracting authority: Enabel, represented by the Resident Representative of Enabel in Uganda.

The Beneficiary: Ministry of Gender, Labour, and Social Development (MoGLSD) who is Enabel's partner

The tender: Commitment of the tenderer to perform the procurement contract under the conditions that he has submitted;

Days: In the absence of any indication in this regard in the Tender Specifications and the applicable regulations, all days should be interpreted as calendar days;

Procurement documents: Tender Specifications including the annexes and the documents they refer to;

Technical specifications: A specification in a document defining the characteristics of a product or a service, such as the quality levels, the environmental and climate performance levels, the design for all needs, including accessibility for people with disabilities, and the evaluation of conformity, of product performance, of the use of the product, safety or dimensions, as well as requirements applicable to the product as regards the name by which

it is sold, terminology, symbols, testing and test methods, packaging, marking or labelling, instructions for use, the production processes and methods at every stage in the life cycle of the supply or service, as well as the evaluation and conformity procedures;

Variant: An alternative method for the design or the performance that is introduced either at the demand of the contracting authority, or at the initiative of the tenderer;

Option: A minor and not strictly necessary element for the performance of the procurement contract, which is introduced either at the demand of the contracting authority, or at the initiative of the tenderer;

Inventory: The procurement document which splits up the performance in different items and specifies the quantity or the method to determine the price for each of them;

General Implementing Rules (GIR): Rules laid down in the Royal Decree of 14.01.2013 establishing the General Implementing Rules for public procurement contracts and for concessions for public works;

The Tender Specifications (Cahier spécial des charges/CSC): This document and its annexes and the documents it refers to;

Corrupt practices: The offer of a bribe, gift, gratuity or commission to any person as an inducement or reward for performing or refraining from any act relating to the award of a procurement contract or performance of a procurement contract already concluded with the contracting authority;

Litigation: Court action.

Subcontractor in the meaning of public procurement regulations: The economic operator proposed by a tenderer or contractor to perform part of the contract. The subcontractor is understood as the economic operator with the capacity which the applicant or tenderer relies upon or to whom he entrusts all or part of his engagements.

Controller in the meaning of the GDPR: the natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of personal data.

Sub-contractor or processor in the meaning of the GDPR: a natural or legal person, public authority, agency or other body which processes personal data on behalf of the controller.

Recipient in the meaning of the GDPR: a natural or legal person, public authority, agency or another body, to which the personal data are disclosed, whether a third party or not.

Personal data: any information relating to an identified or identifiable natural person ('data subject'); an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

2.6 Processing of personal data by the contracting authority and confidentiality

2.6.1 Processing of personal data by the contracting authority

The contracting authority undertakes to process the personal data that are communicated to it in response to the Call for Tenders with the greatest care, in accordance with legislation on the protection of personal data (General Data Protection Regulation, GDPR). Where the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data contains stricter provisions, the contracting authority will act in accordance with said law.

2.6.2 Confidentiality

The tenderer or contractor and Enabel are bound to secrecy vis-à-vis third parties with regards to any confidential information obtained within the framework of this public contract and will only divulge such information to third parties after receiving the prior written consent of the other party. They will disclose this confidential information only among appointed parties involved in the assignment. They guarantee that said appointed parties will be adequately informed of their obligations in respect of the confidential nature of the information and that they shall comply therewith.

PRIVACY NOTICE OF ENABEL: Enabel takes your privacy serious. We undertake to protect and process your personal data with due care, transparently and in strict compliance with privacy protection legislation.

See also: <https://www.enabel.be/content/privacy-notice-enabel>

2.7 Deontological obligations

Any failure to comply with one or more of the deontological clauses may lead to the exclusion of the candidate, tenderer or contractor from other public procurement contracts for Enabel.

For the duration of the procurement contract, the contractor and his staff respect human rights and undertake not to go against political, cultural or religious customs of the beneficiary country. The tenderer or contractor is bound to respect fundamental labour standards, which are internationally agreed upon by the International Labour Organisation (ILO), namely the conventions on union freedom and collective bargaining, on the elimination of forced and obligatory labour, on the elimination of employment and professional discrimination and on the abolition of child labour.

In accordance with Enabel's Policy regarding sexual exploitation and abuse, the contractor and his staff have the duty to behave in an irreproachable manner towards the beneficiaries of the projects and towards the local population in general. They must abstain from any acts that could be considered a form of sexual exploitation or abuse and they must abide by the basic principles and guidelines laid down in this policy.

Tender Specifications – Procurement reference number: UGA21003-10136

Any attempt of a candidate or a tenderer to obtain confidential information, to proceed to illicit arrangements with competitors or to influence the evaluation committee or the contracting authority during the investigation, clarification, evaluation and comparison of tenders and candidates procedure will lead to the rejection of the application or the tender.

Moreover, in order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the procurement contract, it is strictly forbidden to the contractor to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to agents of the contracting authority who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the procurement contract, regardless of their hierarchical rank.

The contractor of the procurement contract commits to supply, upon the demand of the contracting authority, any supporting documents related to the performance conditions of the contract. The contracting authority will be allowed to proceed to any control, on paperwork or on site, which it considers necessary to collect evidence to support the presumption of unusual commercial expenditure. Depending on the gravity of the facts observed, the contractor having paid unusual commercial expenditure is liable to have its contract cancelled or to be permanently excluded from receiving funds.

In accordance with Enabel's Policy regarding sexual exploitation and abuse of June 2019 and Enabel's Policy regarding fraud and corruption risk management complaints relating to issues of integrity (fraud, corruption, etc.) must be sent to the Integrity desk through the <https://www.enabelintegrity.be> website.

2.8 Applicable law and competent courts

The procurement contract must be performed and interpreted according to Belgian law.

The parties commit to sincerely perform their engagements to ensure the good performance of this procurement contract.

In case of litigation or divergence of opinion between the contracting authority and the contractor, the parties will consult each other to find a solution.

If agreement is lacking, the Brussels courts are the only courts competent to resolve the matter.

3. Modalities of the contract

3.1 Type of contract

This procurement contract is a direct services contract.

3.2 Scope of the contract

3.2.1 Subject-matter

This services procurement contract consists in the performance of consultancy Services for SaaS Solution and Streamline Health Licenses for KIDA and Kagando Hospitals

3.2.2 Division into Lots

The procurement contract has **2 lots**, each of which is indivisible. The tenderer may submit a tender for one or two lots. A tender for part of a lot is inadmissible.

The description of each lot is included in section 1 “technical specifications” of these Tender Specifications.

The lots are:

- **Lot 1- Procurement of a software -as -a Service Solution for KIDA Hospital**
- **Lot 2- Procurement of streamline Health Licenses for Kagando Hospital**

3.2.2 Items

Each lot will consist of the items described under Point 1.2.1 and 1.2.2 Scope of work for each lot.

3.2.3 Variants

Each tenderer may submit only one tender. Variants are not permitted.

3.3 Duration of the contract

Lot 1: This procurement contract duration starts the day following the award notification and lasts 26 calendar months. The actual implementation days are 50 calendar days. Additionally, the contract includes a **24 months period of technical support** following the completion of the implementation phase, ensuring ongoing assistance.

Lot 2: This procurement contract duration starts the day following the award notification and lasts 25 calendar months. The actual implementation days are 21 calendar days. Additionally, the contract includes a **24 months period of technical support** following the completion of the implementation phase, ensuring ongoing assistance.

4. Special contractual provisions

This chapter of these Tender Specifications holds the specific provisions that apply to this public procurement contract as a derogation of the 'General Implementing Rules for public procurement contracts and for public works concessions' of the Royal Decree of 14 January 2013, hereinafter referred to as 'GIR', or as a complement or an elaboration thereof. The numbering of the articles below (between brackets) follows the numbering of the GIR articles. Unless indicated, the relevant provisions of the General Implementing Rules (GIR) apply in full.

These Tender Specifications derogate from Article(s) 25 - 33 of the GIR- General Implementing Rules (see point 4.7 "Performance bond (Art. 25-33)").

4.1 Managing official (Art. 11)

The managing official is [Lucie Carlier](#), e-mail: lucie.carlier@enabel.be

Once the procurement contract is concluded, the managing official is the main contact point for the service provider. Any correspondence or any questions with regards to the performance of the procurement contract will be addressed to him/her, unless explicitly mentioned otherwise in these Tender Specifications.

The managing official is responsible for the follow-up of the performance of the contract.

The managing official is fully competent for the follow-up of the satisfactory performance of the procurement contract, including issuing service orders, drawing up reports and states of affairs, approving the services, progress reports and reviews. (S) he may order any modifications to the procurement contract with regards to its subject-matter provided that they remain within its scope.

However, the signing of amendments or any other decision or agreement implying derogation from the essential terms and conditions of the procurement contract are not part of the competence of the managing official. For such decisions, the contracting authority is represented as stipulated under the contracting authority.

Under no circumstances is the managing official allowed to modify the terms and conditions (e.g. performance deadline) of the contract, even if the financial impact is nil or negative. Any commitment, change or agreement that deviates from the conditions in the Tender Specifications and that has not been notified by the contracting authority, will be considered null and void.

4.2 Subcontractors (Art. 12 to 15)

The fact that the contractor entrusts all or part of his commitments to subcontractors does not relieve him of liability to the contracting authority. The latter does not recognise any contractual relation with third parties.

The contractor remains, in any case, solely liable to the contracting authority.

The service provider commits to having the procurement contract performed by the persons indicated in the tender, except for force majeure. The persons mentioned or their replacements are all deemed to effectively be involved in the performance of the procurement contract. Any replacements must be approved by the contracting authority.

When the contractor uses a subcontractor to carry out specific processing activities on behalf of the contracting authority, the same data protection obligations as those of the contractor are imposed on that subcontractor by contract or any other legal act.

In the same way, the contractor will respect and enforce to his subcontractors, the provisions of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation, GDPR). The contracting authority may conduct an audit of the processing carried out in order to validate compliance with this legislation.

4.3 Confidentiality (art. 18)

The knowledge and information gathered by the tenderer under the framework of this public contract is strictly confidential.

Under no circumstances can the information collected, regardless of its origin and nature, be transferred to third parties in any form.

The tenderer is therefore bound by the duty of discretion.

In accordance with Article 18 of the Royal Decree of 14 January 2013 establishing the general rules for public procurement, the tenderer undertakes to consider and process in a strictly confidential manner any information, all facts, any documents and/or any data, whatever their nature and support, which have been communicated to him, in any form and by any means, or to which he has access, directly or indirectly, in the context or on the occasion of this public contract. Confidential information covers, in particular, the very existence of this public contract, without this list being limited.

Therefore, he undertakes to:

- Respect and enforce the strict confidentiality of these elements and to take all necessary precautions in order to preserve their secrecy (these precautions cannot in

any case be inferior to those taken by the tenderer for the protection of his own confidential information);

- Consult, use and/or exploit, directly or indirectly, all of the above elements only to the extent strictly necessary to prepare and, if necessary, to carry out this public contract (particularly in accordance with the privacy legislation with respect to personal data processing);
- Not reproduce, distribute, disclose, transmit or otherwise make available to third parties the above elements, in whole or in part, and in any form, unless having obtained prior and written consent of the contracting authority;
- Return, at the first request of the contracting authority, the above elements;
- In general, not disclose directly or indirectly to third parties, whether for advertising or any other reason, the content of this public contract.

4.4 Protection of personal data

4.4.1 Processing of personal data by the contracting authority

The contracting authority undertakes to process the personal data that are communicated to it in response to the Call for Tenders with the greatest care, in accordance with legislation on the protection of personal data (General Data Protection Regulation, GDPR). Where the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data contains stricter provisions, the contracting authority will act in accordance with said law.

4.4.2 Processing of personal data by a subcontractor

PROCESSING OF PERSONAL DATA BY A CONTROLLER (RECIPIENT) During contract performance, the contractor may process personal data of the contracting authority or in execution of a legal obligation.

For any processing of personal data carried out in connection with this public contract, the contractor is required to comply with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (GDPR) and the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data.

By simply participating in the contracting process, the tenderer certifies that he will strictly comply with the obligations of the GDPR for any processing of personal data conducted in connection with that public contract.

Given the public contract, it is to be considered that the contracting authority and the contractor will each be responsible, individually, for the processing.

4.5 Intellectual property (Art. 19 to 23)

The contracting authority does not acquire the intellectual property rights created, developed or used during performance of the contract.

Without prejudice to clause 1 and unless otherwise stipulated in the procurement documents, when the subject-matter of the procurement contract consists of the creation, manufacture or the development of designs or of logos, the contracting authority acquires the intellectual property thereof, as well as the right to trademark them, to have them registered and to have them protected, in accordance with Article 19 of the Royal Decree of 14 January 2013 establishing the general rules for the performance of public contracts.

For domain names created under the procurement contract, the contracting authority also acquires the right to register and protect them, unless otherwise stipulated in the procurement documents.

When the contracting authority does not acquire the intellectual property rights, it obtains a patent licence of the results protected by intellectual property law for the exploitation modes that are mentioned in the procurement documents.

The contracting authority lists the exploitation modes for which it intends to obtain a licence in the procurement documents.

4.6 Performance bond (Art. 25 to 33)

The performance bond is set at 5 % of the total value, excluding VAT, of the procurement contract. The value thus obtained is rounded up to the nearest 10 euros.

In accordance with the legal and regulatory provisions, the performance bond may be constituted either of cash or of public funds or may take the form of a joint performance bond.

The performance bond may also take the form of a surety bond issued by a credit institution meeting the requirements of the law on the statute and control of credit institutions.

As a derogation from Article 26, the performance bond may be posted through an establishment that has its registered office in one of the countries of destination of the services. The contracting authority maintains the right to accept or refuse the posting of the bond through that institution. The tenderer shall mention the name and address of this institution in the tender.

This derogation is founded on the idea of providing possible local tenderers with an opportunity to submit a tender. This measure is made essential by the specific requirements of the contract. The contractor must, within 30 calendar days from the day of procurement contract conclusion, furnish proof that he or a third party has posted the bond in one of the ways set out below:

1° in the case of cash, by transfer of the amount to the bpost account number of the Deposit and Consignment Office Fill out the form

https://finances.belgium.be/sites/default/files/01_marche_public.pdf as completely as possible and return it to the e-mail address: info.cdcck@minfin.fed.be

After reception and validation of said form, an agent of Belgium's Deposit and Consignment Office

(Caisse des Dépôts et Consignations) will communicate to you the payment instructions (account number + communication) for posting the bond in cash;

2° in the case of public funds, by depositing such funds, for the account of the Deposit and Consignment Office, with the State Cashier at the head office of the National Bank in Brussels or at one of its provincial agencies or with a public institution with an equivalent function;

3° in the case of a joint surety, by deposit via an institution that lawfully carries out this activity of a deed of joint surety with the Deposit and Consignment Office or with a public institution with an equivalent function;

4° in the case of a guaranty, by the deed of undertaking of the credit institution

This proof must be provided as applicable by submission to the contracting authority of:

1° the deposit receipt of the Deposit and Consignment Office or of a public institution with an equivalent function; or

2° a debit notice issued by the credit institution; or

3° the deposit certificate issued by the State Cashier or public institution with an equivalent function; or

4° the original copy of the deed of joint surety stamped by the Depot and Consignment Office or by a public institution with an equivalent function; or

5° the original copy of the deed of undertaking issued by the credit institution granting a guaranty.

These documents, signed by the depositor, must state why the performance bond was posted and its precise usage, consisting of a concise indication of the subject-matter of the procurement contract and a reference to the procurement documents, as well as the name, first name and full address of the contractor and, where relevant, that of the third party that made the deposit on the contractor's account, bearing the statement 'lender' or 'mandatory', as appropriate.

The period of 30 calendar days specified above is suspended during the period of closure of the contractor's business for paid annual holidays and the days off in lieu stipulated by regulation or by a collective binding labour agreement.

Proof that the required performance bond has been posted must be sent to the address that will be mentioned in the contract conclusion notification.

Request by the contractor for the acceptance procedure to be carried out:

1° For the provisional acceptance: This is equal to a request to release the first half of the performance bond;

Tender Specifications – Procurement reference number: UGA21003-10136

2° For the final acceptance: This is equal to a request to release the second half of the performance bond, or, in case no provisional acceptance applied, to release the whole of the performance bond.

4.7 Conformity of performance (Art. 34)

The works, supplies and services must comply in all respects with the procurement documents. Even in the absence of technical specifications in the procurement documents, the works, supplies and services must comply in all aspects with good practice.

4.8 Changes to the procurement contract (Art. 37 to 38/19)

4.8.1 Replacement of the contractor (Art. 38/3)

Provided that he meets the selection and exclusion criteria set out in this document, a new contractor may replace the contractor with whom the initial procurement contract was agreed in cases other than those provided for in Art. 38/3 of the General Implementing Rules (GIR).

The contractor submits his request as quickly as possible by registered post, stating the reasons for this replacement and providing a detailed inventory of the state of supplies and services already performed, the new contractor's contact details and the documents and certificates which the contracting authority cannot access free of charge.

The replacement will be recorded in an amendment dated and signed by all three parties. The initial contractor remains liable to the contracting authority for the performance of the remainder of the procurement contract.

4.8.2 Adjusting the prices (Art. 38/7)

For this procurement contract, price reviews are not permitted.

4.8.3 Indemnities following the suspensions ordered by the contracting authority during performance (Art. 38/12)

The contracting authority reserves the right to suspend the performance of the procurement contract for a given period, mainly when it considers that the procurement contract cannot be performed without inconvenience at that time.

The performance period is extended by the period of delay caused by this suspension, provided that the contractual performance period has not expired. If it has expired, the return of fines for late performance will be agreed.

When activities are suspended, based on this clause, the contractor is required to take all necessary precautions, at his expense, to protect the services already performed and the materials from potential damage caused by unfavourable weather conditions, theft or other

malicious acts. The contractor has a right to damages for suspensions ordered by the contracting authority when:

- The suspension lasts in total longer than one twentieth of the performance time and at least ten working days or two calendar weeks, depending on whether the performance time is expressed in working days or calendar days;
- The suspension is not due to unfavourable weather conditions;
- The suspension occurred during the contract performance period.

Within thirty days of their occurrence or the date on which the contractor or the contracting authority would normally have become aware of them, the contractor reports the facts or circumstances succinctly to the contracting authority and describes precisely their impact on the progress and cost of the procurement contract.

4.8.4 Unforeseen circumstances

As a rule, the contractor is not entitled to any modification of the contractual terms due to circumstances of which the contracting authority was unaware.

A decision of the Belgian State to suspend cooperation with a partner country is deemed to be unforeseeable circumstances within the meaning of this article. Should the Belgian State break off or cease activities which implies therefore the financing of this procurement contract, Enabel will do everything reasonable to agree a maximum compensation figure.

4.9 Preliminary technical acceptance (Art. 42)

The contracting authority reserves the right to demand an activity report at any time of the assignment to the service provider (meetings held, persons met, institutions visited, summary of results, problems encountered and unresolved issues, deviations from the planning and deviations from the ToR...).

4.10 Performance modalities (Art. 146 et seq.)

4.10.1 Deadlines and terms (Art. 147)

The services must be performed within 303 calendar days as from the day after the date on which the service provider received the contract conclusion notification letter. The closure of the service provider's business for annual holidays is not included in this calculation.

The order form is addressed to the service provider either by registered letter, or by fax, or by any other means through which the date of dispatch can be determined unambiguously.

Any further correspondence pertaining to the order form (and to the performance of the services) follows the same rules as those for the dispatch of the order form when a party wants to establish proof of its intervention.

In the event the acknowledgement of receipt of the order form is received after the period of two working days, upon written demand and justification of the service provider, the performance period may be extended pro rata of the delay of the acknowledgement of receipt of the order form. When the service that placed the order, upon examination of the written demand of the service provider, estimates that the demand is founded or partially founded, it will inform the service provider in writing of which extension of the period is accepted.

When the order form is clearly incorrect or incomplete and implementation of the order becomes impossible, the service provider immediately notifies the service that placed the order about this in writing in order to find a solution to allow for normal implementation of the order. If necessary, the service provider will ask for an extended performance period under the same conditions as those foreseen in case of late reception of the order form.

In any event, complaints about the order form are not admissible any more if they are not submitted within 15 calendar days from the day following the date on which the service provider has received the order form.

4.10.2 Place where the services must be performed and formalities (Art. 149)

The customization, configuration, development shall be performed at the contractor's premises/office and deployment and User acceptance training shall be undertaken at Ministry of Gender, Labour and Social Development. Any other relevant meeting will be conducted at a location mutually agreed upon with the contracting authority.

4.11 Inspection of the services (Art. 150)

If during contract performance irregularities are found, the contractor will be notified about this immediately by fax or e-mail, which will be confirmed consequently by registered letter. The contractor is bound to perform the non-complying services again.

The service provider advises the managing official by registered post or e-mail showing the exact date of dispatch, at which date the services can be controlled.

4.12 Liability of the service provider (Art. 152-153)

The service provider takes the full responsibility for mistakes and deficiencies in the services provided.

Moreover, the service provider indemnifies the contracting authority against damages for which it is liable towards third parties due to late performance of the services or due to failure of the service provider.

The successful tenderer warrants that it owns all copyright in the works created in the performance of this assignment and in all elements (such as databases and developments produced by the GIS-IT developer profile specialising in programming using cartography and qualitative data analysis, photographs, illustrations, graphics, etc.) that make up the aforementioned works. He also confirms that all of the works that he will produce, including the photographs, illustrations, graphics, etc. included therein, do not infringe copyright or any other rights of third parties, or any legislation, and that, in the event that portraits have been included in the works, the necessary and legally required authorisations for use in the context of this contract have been obtained. The successful tenderer indemnifies the contracting authority and the Beneficiary against any action or claim brought by third parties as to the ownership, content and form of the works created in performance of this contract and undertakes to bear all costs and compensation relating to any action or claim brought by third parties for infringement of intellectual property and/or other rights. If, as a result of any such action or claim, the products and services can no longer be successfully supplied, the successful tenderer shall, without prejudice to its duty to compensate the awarding authority for any loss or damage suffered as a result of its fault, either replace or modify the results in order to avoid the claim of infringement or, if this is not reasonably possible, accept the withdrawal of the offending product or service and reimburse the awarding authority for the costs paid for the latter.

4.13 Zero tolerance Sexual exploitation and abuse

In application of Enabel's Policy regarding sexual exploitation and abuse of June 2019 there will be zero tolerance towards any misconduct that could impact the professional credibility of the tenderer.

4.14 Means of action of the contracting authority (Art. 44-51 and 154155)

The service provider's default is not solely related to services as such but also to the whole of the service provider's obligations.

In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the procurement contract, it is strictly forbidden to the service provider to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to the employees of the contracting authority who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the procurement contract, regardless of their hierarchical rank.

In case of violation, the contracting authority may impose a lump-sum fine to the service provider for each violation, which can be to up to three times the amount obtained by adding up the (estimated) values of the advantage offered to the employee and of the advantage that the contractor hoped to obtain by offering the advantage to the employee. The contracting authority will decide independently about the application and the amount of this fine.

This clause is without prejudice to the possible application of other measures as of right provided in the GIR, namely the unilateral termination of the procurement contract and/or the exclusion of procurement contracts of the contracting authority for a determined duration.

4.14.1 Failure of performance (Art. 44)

§1 The contractor is considered to be in failure of performance under the procurement contract:

1° when the delivery is not carried out in accordance with the conditions specified in the procurement documents;

2° at any time, when the delivery has not progressed in such a way that it can be fully completed on the due dates;

3° when he does not observe written orders, which are given in due form by the contracting authority.

§2 Any failure to comply with the provisions of the procurement contract, including the non observance of orders of the contracting authority, is recorded in a report ('process verbal'), a copy of which will be sent immediately to the contractor by registered mail.

The contractor must repair the defects without any delay. He may assert his right of defence by registered letter addressed to the contracting authority within fifteen days from the date of dispatch of the report (process verbal). Silence on his part after this period shall be deemed as acknowledgement of the reported facts.

Any defects detected that can be attributed to the contractor render him liable to one or more of the measures provided for in Articles 45 to 49, 154 and 155.

4.14.2 Fines for delay (Art. 46 and 154)

The fines for delay differ from the penalties referred to in Article 45. They are due, without the need for notice, by the mere lapse of the performance term without the issuing of a report and they are automatically applied for the total number of days of delay.

Without prejudice to the application of fines for delay, the contractor continues to guarantee the contracting authority against any damages for which it may be liable to third parties due to late performance of the procurement contract.

4.14.3 Measures as of right (Art. 47 and 155)

§1 When, upon expiry of the term given in Article 44, §2, the contractor has not taken action or has presented means deemed unjustified by the contracting authority, the contracting authority may apply the measures as of right described in paragraph 2.

However, the contracting authority may apply measures as of right without waiting for the expiry of the term given in Article 44, §2, when the contractor has explicitly recognised the defects found. §2 The measures as of right are:

1° Unilateral termination of the procurement contract. In this case the entire performance bond, or if no bond has been posted an equivalent amount, is acquired as of right by the contracting authority as lump sum damages. This measure excludes the application of any fine for delay in performance in respect of the terminated part;

2° Performance under regie of all or part of the non-performed procurement contract;

3° Conclusion of one or more replacement procurement contracts with one or more third parties for all or part of the procurement contract remaining to be performed.

The measures referred to in 1°, 2° and 3° will be taken at the expense and risk of the defaulting contractor. However, any fines or penalties imposed during the performance of a replacement procurement contract will be borne by the new contractor.

4.15 End of the procurement contract

4.15.1 Acceptance of the services performed (Art. 64-65 and 156)

The managing official will closely follow up the services during performance.

The services will not be accepted until after fulfilling audit verifications, technical acceptance and prescribed tests.

The contracting authority disposes of a verification term of thirty days starting on the final or partial end date of the services, set in conformity with the modalities in the procurement documents, to carry out the acceptance formalities and to notify the result to the service provider. This term commences provided that the contracting authority possesses, at the same time, the list of services delivered or the invoice. Upon expiry of the thirty-day term following the date stipulated for completion of the entirety of the services, depending on the case, an acceptance report or a refusal of acceptance report will be drawn up.

Where the services are completed before or after this date, it is the responsibility of the service provider to notify the managing official by registered letter, and at the same time to ask for the acceptance procedure to be carried out. Within thirty days after the date of receipt of the service provider's request, an acceptance or a refusal of acceptance report will be drawn up, depending on the case.

The acceptance specified above is final.

4.15.2 Invoicing and payment of services (Art. 66 to 72 – 160)

The contractor sends (one copy only of) the invoices and the contract acceptance report (original copy) to the following address:

Jacqueline Akello

jacqueline.akello@enabel

Financial Controller

Only services that have been performed correctly may be invoiced.

The contracting authority disposes of a verification term of thirty days starting on the end date for the services, set in conformity with the modalities in the procurement documents, to carry out the technical acceptance and provisional acceptance formalities and to notify the result to the service provider.

The amount owed to the service provider must be paid within thirty days with effect from the expiry of the verification term or with effect from the day after the last day of the verification term, if this is less than thirty days. And provided that the contracting authority possesses, at the same time, the duly established invoice and any other documents that may be required.

When the procurement documents do not provide for any separate debt claim, the invoice will constitute the debt claim.

The invoice must be in **EUROS**.

The payments will be made in respect of deliverables as indicated below

Lot 1

SN	Deliverable	Percentage Cost
1	Inception Report (including detailed workplan and methodology)	20%
2	Completion of IT Infrastructure Security Assessment User Mapping, CBHI Analysis, System Deployment & Configuration, Data Migration, and Security Compliance Setup	50%

Advance payment:

By way of derogation from the foregoing, and in accordance with Articles 12/1 to 5 of the Law of 17 June 2016, inserted by the Law of 22 December 2023 amending the regulations relating to public contracts with a view to promoting access by SMEs to the said contracts, the contracting authority shall pay an advance when the successful tenderer proves to be an SME within the meaning of Article 163, § 3, subparagraph 2, of the Law of 17 June 2016. The amount of the advance payment is calculated by applying the following percentages to a reference value determined in accordance with Article 12/5 of the Law of 17 June 2016: 1° if the successful tenderer is a micro-enterprise, i.e. an enterprise that employs fewer than ten (10) people and whose annual turnover or annual balance sheet total does not exceed two million euros (2M euro), the percentage to be taken into account is twenty per cent (20%); 2° if the successful tenderer is a small business, i.e. a business that employs fewer than fifty (50) people and whose annual turnover or annual balance sheet total does not exceed ten million euros (10M euro), the percentage to be taken into account is ten per cent (10%); 3° where the successful tenderer is a medium-sized company, i.e. a company employing fewer than two hundred and fifty (250) people and whose annual turnover does not exceed fifty million euros (50M euro) or whose annual balance sheet total does not exceed forty-three million euros (43M euro), the percentage to be taken into account is five per cent (5%). According to Article 12/5 of the Law of 17 June 2016, the reference value relevant for calculating the advance in a framework agreement is equal to the amount of each order, including all taxes. The first half of the advance shall be set off against the sums due to the contractor when the value of the services performed reaches thirty

per cent of the original order amount and the second half of the advance shall be set off against the sums due to the contractor when the value of the services performed reaches sixty per cent of the original order amount. The aforementioned amounts shall be understood as amounts inclusive of value-added tax.

The supplier must provide an **advance bank guarantee** prior to any advance payment.

The amount of the advance will be deducted from the final invoice of each order.

No advance will be paid when implementation duration of an order is less than 60 days.

4.16 Litigation (Art. 73)

The competent courts of Brussels have exclusive jurisdiction over any dispute arising from the performance of this procurement contract. French or Dutch are the languages of proceedings.

The contracting authority will in no case be held liable for any damage caused to persons or property as a direct or indirect consequence of the activities required for the performance of this procurement contract. The contractor indemnifies the contracting authority against any claims for compensation by third parties in this respect.

In case of 'litigation', i.e. court action, correspondence must (also) be sent to the following address:

5. Procurement procedure

5.1 Type of procedure

This is a Negotiated Procedure without Prior Publication in application of Article 42 §1, al.1^{er}, 1°, a of the Law of 17 June 2016.

5.2 Publication

3.2.1 Enabel publication

This procurement contract is published on the Enabel website <https://www.enabel.be/content/enabel-tenders>

This publication shall constitute of an invitation to tender.

5.3 Information

The awarding of this procurement contract is coordinated by the Contract Service Centre of Enabel in Uganda. Throughout this procedure all contacts between the contracting authority and the (prospective) tenderers about this procurement contract will exclusively pass through this service. (Prospective) tenderers are prohibited to contact the contracting authority in any other way with regards to this contract, unless otherwise stipulated in these Tender Specifications.

Until 10 calendar days before the time for the receipt of the tenders, candidate-tenderers may ask questions about these Tender Specifications and the procurement contract. Questions will be in writing to UGA_CSC_CONTRACTS@enabel.be with a clear indication in the subject of the e-mail of the procedure reference and the contract title. They will be answered in the order received. The complete overview of questions asked will be available at the address mentioned above as soon as available.

Until the notification of the award decision no information will be given about the evolution of the procedure.

The tenderer is supposed to submit his tender after reading and taking into account any corrections made to the contract notice or the Tender Specifications that are published in the Belgian Public Tender bulletin or that are sent to him by e-mail. To do so, when the tenderer has downloaded the Tender Specifications, it is strongly advised that he gives his coordinates to the

public procurement administrator mentioned above and requests information on any modifications or additional information.

In accordance with Article 81 of the Royal Decree of 18 April 2017, the tenderer is required to report immediately any gap, error or omission in the procurement documents that precludes him from establishing his price or compare tenders, within ten days at the latest before the deadline for receipt of tenders.

The Contracting Authority shall organize an optional information session day before final submission at the time and location specified below.

At the Enabel in Uganda office in Kampala and online through

https://teams.microsoft.com/l/meetup-join/19%3ameeting_MDVkNTA0YjUtOGY1YS00MGYwLWE3YjUtNjVhMzM5ZiVkJN2Zl%40thread.v2/0?context=%7b%22Tid%22%3a%228552ee09-2fab-421d-9ef7-664207bcf596%22%2c%22Oid%22%3a%22b4158ba1-f9e0-436b-a7a2-1983c356b8e8%22%7d

on Thursday 14th August 2025 at 11:00 AM Kampala time.

The meeting credentials are as follows:

Meeting ID: 326 038 159 696 3

Passcode: Kx2rC6mP

5.4 Preparation and Submission of Tenders

Preparation of tenders

The tenderer shall prepare separately, the administrative, technical and financial proposals as explained below;

Content of tenders

The tenderer must use the tender form in annexe. In case he does not use this form, he is fully responsible for the perfect concordance between the documents he has used and the form.

The tender and the annexes to the tender form are drawn up in English.

By submitting a tender, the tenderer automatically renounces to his own general or specific sales conditions, even if these are mentioned in any of the annexes to his tender.

The tenderer clearly designates in his tender which information is confidential and/or relates to technical or business secrets and may therefore not be divulged by the contracting authority.

The tender shall contain the following parts:

1. Administrative Proposal

The tenderer shall use the tender forms included in the corresponding section of the Annex.

The Administrative proposal shall respect the following structure:

- Identity form

- Legal identification form
- Financial Identification Form
- Subcontractor form
- Exclusion Criteria Form
- Integrity form
- Technical capacity form
- Financial capacity form
- Certificate of incorporation
- Powers of attorney
- Articles and memorandum of association
- CVs and academic document for the experts defined in the technical specification

The successful tenderer shall be required to provide the following documents before award

- Tax Clearance Certificate (e.g.; URA, as applicable)
- Social Security Contribution Clearance (e.g. NSSF as applicable)
- An extract from the criminal record in the name of the tenderer (legal person) or his representative (natural person) if there is no criminal record for legal persons (ex. certificate of good conduct from Interpol);

2. Technical Proposal

The technical proposal may be presented in free format. It shall not exceed fifteen pages, not counting the CVs. It shall respect the following page limit and structure:

- Technical methodology (max. 5 pages)
- Quality Management (max. 5 pages)
- Project management (max. 5 page)

3. Financial Proposal

The tenderer shall use the tender forms included in the corresponding section of the Annex.

Determination of prices

All prices given in the tender form must obligatorily be quoted in **EUROS**.

This procurement contract is a lump sum contract, meaning a contract in which a flat rate price covers the whole performance of the contract or each of the items of the inventory.

In accordance with Article 37 of the Royal Decree of 18 April 2017, the contracting authority may for the purpose of verifying the prices carry out an audit of any and all accounting documents and an on-site audit to check the correctness of the indications supplied.

Elements included in the price

The service provider is deemed to have included in his unit and global prices any charges and taxes generally applied to services, with the exception of the value-added tax.

The following are in particular included in the prices:

The administrative management and secretariat;

Travel, transportation and insurance;

Documentation pertaining to the services;

The delivery of documents or of pieces related to the performance;

Training required for operation;

Transfer of ownership of intellectual property and copy rights;

Where applicable, the measures imposed by occupational safety and worker health legislation;

Validity of tenders

The tenderers are bound by their tender for a period of 120 calendar days from the reception deadline date.

The validity of the tender will be negotiated, if the deadline stated above is overrun.

5.4.2 Submission of tenders

Without prejudice to any variants, the tenderer may only submit one tender only per procurement contract.

The tenderer submits his tender as follows:

The duly completed and signed tender shall be submitted only by e-mail; uga_csc_tenders@enabel.be and only as attachments and not via a link to a platform.

The files shall be clearly named and structured and submitted in a compressed zip folder. The tenderer is solely responsible for the accessibility and legibility of files. The tenderer shall not submit at the last minute. Untimely submission, incomplete submission or indirect submission of documents that are inaccessible or illegible may lead to the rejection of the tender.

The tenderer shall submit the administrative, technical and financial proposals as separate email attachments.

The subject of the e-mail shall clearly mention the **procurement reference number and the contract title**, as stated on the cover page of the tender specifications, as well as the **name of tenderer**.

Any request for participation or tender shall be received by the Contracting Authority no later than **9th December 2025, 11:00 am Kampala time**. Requests for participation or tenders that arrive late will not be accepted.

NOTE: Upon the electronic submission of your tender, you will receive an automatic reply from the Enabel contracts service center as confirmation of receipt of your tender.

Incase you don't receive the automatic reply after you submit a tender, please contact Enabel immediately using the email addresses stated under the section on "information" in this tender document or through telephone No. 0393-256-370 as most likely, your tender may not have reached the Enabel servers

5.4.3 Change or withdrawal of a tender that has already been submitted

When a tenderer wants to change or withdraw a tender already sent or submitted this must be done in accordance with the provisions of Articles 43 and 85 of the Royal Decree of 18 April 2017. To change or withdraw a tender already sent or submitted, a written statement is required, which will be correctly signed by the tenderer or his representative. The subject-matter and the scope of the changes must be indicated in detail. Any withdrawal must be unconditional.

The withdrawal may also be communicated by electronic means, provided that it is confirmed by registered letter deposited at the post office or against acknowledgement of receipt at the latest the day before the tender acceptance deadline.

The subject-matter and the scope of the changes must be indicated in detail.

The withdrawal must be pure and simple.

5.5 Opening and evaluation of Tenders

5.5.1 Opening of tenderers

The opening of tenders will take place on the day of the final date for receiving tenders indicated above. Tenders not received before this time will be rejected. The opening will take place behind closed doors.

5.5.2 Evaluation of Tenders

5.5.2.1 Selection of tenderers

Exclusion grounds

The mandatory and optional exclusion grounds are given in the Declaration on Honour enclosed to these Tender Specifications.

By submitting this tender, the tenderer certifies that he is not in any of the cases of exclusion listed in the Articles 67 to 70 of the Law of 17 June 2016 and the Articles 61 to 64 of the Royal Decree of 18 April 2017.

The contracting authority will verify the accuracy of this Declaration on honour Based on the supporting documents.

Selection criteria

Moreover, by means of the documents requested in the Annexes - Administrative Proposal, the tenderer must prove that he is sufficiently capable, from an economic and financial as well as from a technical point of view, to successfully perform this public procurement contract.

1	Sufficient Economic and Financial Capacity
1.1	Sufficient turn-over
Minimum Standard	Lot 1: Minimum average annual turn-over of 8,000 Euros during the past three financial years. Lot 2: Minimum average annual turn-over of 8,000 Euros during the past three financial years (If a contractor submits for more than one lot, the amounts above shall be summed up for the lots tendered.)
2	Sufficient Technical and Professional Capacity
2.1	Sufficient experience
Minimum Standard	Minimum of 1 assignment within the scope of the contract in the last 3 years. Lot 1: Provision of a Software-as-a-Service (SaaS) platform comprising EMR, health information system, or CBHI, membership management platforms Lot 2: Provision of digital health information systems, including EMR or insurance management functionalities licenses.
2.2	Sufficient Human Resources
Minimum standard	Experts for each of the profile defined in the technical specification. (Provide signed CVs and academic documents)

A tenderer may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which he has with these entities. In that case, the following rules apply:

- Where an economic operator wants to rely on the capacities of other entities, it shall prove to the contracting authority that it will have at its disposal the resources necessary, for example, by producing a commitment by those entities to that effect.
- The contracting authority shall verify whether the entities on whose capacity the economic operator intends to rely fulfil the relevant selection criteria and whether there are grounds for exclusion.
- Where an economic operator relies on the capacities of other entities with regard to criteria relating to economic and financial standing, the contracting authority may require that the economic operator and those entities be jointly liable for the execution of the contract.

- The contracting authority may require certain essential tasks to be carried out directly by the tenderer himself or, if the tender is submitted by a group of economic operators, by a member of the said group.

Under the same conditions, a group of candidates or tenderers may submit the capacities of the group's participants or of other entities.

Regularity of tenders

The tenders submitted by the selected tenderers will be evaluated as to formal and material regularity. Irregular tenders will be rejected.

The contracting authority reserves the right to have the irregularities in the tenderers' tender regularised during the negotiations.

5.5.2.2 Qualitative and financial evaluation of tenders

Negotiation

The formally and materially regular tenders will be evaluated as to content by an evaluation committee. The contracting authority will restrict the number of tenders to be negotiated by applying the award criteria stated in the procurement documents. This evaluation will be conducted on the basis of the award criteria given in these Tender Specifications and aims to setting a shortlist of tenderers with whom negotiations will be conducted.

Then, the negotiation phase follows. In view of improving the contents of the tenders, the contracting authority may negotiate with tenderers the initial tenders and all subsequent tenders that they have submitted, except final tenders. The minimum requirements and the award criteria are not negotiable. However, the contracting authority may also decide not to negotiate. In this case, the initial tender is the final tender.

When the contracting authority intends to conclude the negotiations, it will so advise the remaining tenderers and will set a common deadline for the submission of any BAFOs. Once negotiations have closed, the BAFO will be compared with the exclusion, selection and award criteria. The tenderer whose BAFO shows the best value for money (obtaining the best score based on the award criteria given below) will be designated the contractor for this procurement contract.

Award Criteria

The contracting authority selects the regular tender that it finds to be most advantageous, taking account of the following criteria:

- Qualitative award criteria: 60 %;

The tenderer proposes a technical methodology and a project management plan based on the instructions given in the technical specifications. They are subject to evaluation according to the following sub-criteria:

N.	Qualitative Award Criteria	Max. Points: 60
1.	Quality of the proposed Technical Methodology (understanding of the assignment objectives and proposed approach, including system activation and license management, configuration of modules to hospital workflows, data migration and validation, user-friendliness and usability (especially for Kida hospital) , training and onboarding strategy, helpdesk setup, and alignment with operational continuity)	30
2.	Quality of the proposed Quality Management (proposed quality control measures, including system performance monitoring, incident tracking, uptime and license utilization reporting, data protection and compliance with applicable health and privacy standards, and mechanisms to ensure reliable and continuous service delivery)	15
3.	Quality of the proposed Project Management (planning, resource allocation, risk management, task sequencing, communication and coordination with hospital teams, timeline realism, and overall approach to ensuring timely and effective implementation and ongoing support)	15

Only tenders with scores of at least 40 points out of 60 points qualify for the financial evaluation.

- Price: 40 %;

With regards to the 'price' criterion, the following formula will be used:

Points tender A = $\frac{\text{Amount of lowest tender}}{\text{Amount of tender A}} \times 40$

Amount of tender A

Final score

The scores for the qualitative and financial award criteria will be added up. The procurement contract will be awarded to the tenderer with the highest final score, after the contracting

authority has verified the accuracy of the Declaration on honour of this tenderer and provided the control shows that the Declaration on honour corresponds with reality.

5.6 Award and Conclusion of Contract

5.6.1 Awarding the contract

This procurement contract will be awarded to the tenderer who has submitted the most economically advantageous tender.

Notice though that in accordance with Art. 85 of the Law of 17 June 2016, there is no obligation for the contracting authority to award the procurement contract.

The contracting authority may either decide not to award the procurement contract; either redo the procedure, if necessary through another award procedure.

5.6.2 Concluding the contract

In accordance with Art. 88 of the Royal Decree of 18 April 2017, the procurement contract occurs through the notification to the selected tenderer of the approval of his tender.

Notification is via e-mail.

So, the full contract agreement consists of a procurement contract awarded by Enabel to the chosen tenderer in accordance with:

- These Tender Specifications and its annexes;
- The approved BAFO of the contractor and all of its annexes;
- The registered letter of notification of the award decision;
- Any later documents that are accepted and signed by both parties, as appropriate.

In an objective of transparency, Enabel undertakes to publish each year a list of recipients of its contracts. By introducing his tender, the successful tenderer declares that he agrees with the publication of the title of the contract, the nature and object of the contract, its name and location, and the amount of the contract.

Model Performance Bond

Only for the successful tenderer:

Bank X

Address

Performance bond n° X

This performance bond is posted in the context of the Law of 17 June 2016 on public contracts and on certain works, supply and service contracts and in conformity with the General Implementing Rules (GIR) provided in the Royal Decree of 14 January 2013 establishing the general implementing rules of public contracts and the award of public works.

X, address (the “Bank”)

hereby declares posting security for a maximum amount of X € (X euros) for the Belgian Development Agency (Enabel) for the obligations of X, address for the contract:

“X, tender documents Enabel < UGAX, lot X” (the “Contract”).

Consequently, the Bank commits, under condition of the beneficiary waiving any right to contest or divide liability, to pay up to the maximum amount, any amount which X may owe to Enabel in case X defaults on the performance of the “Contract”.

This performance bond shall be released in accordance with the provisions of the tender documents Enabel < UGAX and of Art. 25-33 of the Royal Decree of 22 June 2017, and at the latest at the expiry of 18 months after the provisional acceptance of the Contract.

Any appeal made to this performance bond must be addressed by registered mail to the Bank X, address, with mention of the reference of the procurement procedure.

Any payment made from this performance bond will ipso jure reduce the amount secured by the Bank.

The performance bond is governed by the Belgian Law and only Belgian courts are competent in case of litigation.

Name and legal form	Address / Registered office	Object

Declaration on honour – exclusion criteria

Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare that the tenderer does not find himself in one of the following situations:

1) The tenderer or one of its 'directors[1]' was found guilty following a conviction by final judgement for one of the following offences:

1° involvement in a criminal organisation

2° corruption

3° fraud

4° terrorist offences, offences linked related to terrorist activities or incitement to commit such offence, collusion or attempt to commit such an offence

5° money laundering or terrorist financing

6° child labour and other trafficking in human beings

7° employment of foreign citizens under illegal status

8° creating a shell company.

2) The counterparty which fails to fulfil his obligations relating to the payment of taxes or social security contributions for an amount in excess of EUR 3 000, except if the counterparty can demonstrate that a contracting authority owes him one or more unquestionable and due debts which are free of all foreseeable liabilities. These debts are at least of an amount equal to the one for which he is late in paying outstanding tax or social charges.

3) The counterparty who is in a state of bankruptcy, liquidation, cessation of activities, judicial reorganisation or has admitted bankruptcy or is the subject of a liquidation procedure or judicial reorganisation, or in any similar situation resulting from a procedure of the same kind existing under other national regulations;

4) When Enabel can demonstrate by any appropriate means that the counterparty or any of its directors has committed serious professional misconduct which calls into question his integrity.

Are also considered such serious professional misconduct:

a A breach of Enabel's Policy regarding sexual exploitation and abuse – June 2019

b A breach of Enabel's Policy regarding fraud and corruption risk management – June 2019

c A breach of a regulatory provision in applicable local legislation regarding sexual harassment in the workplace

d The counterparty was seriously guilty of misrepresentation or false documents when providing the information required for verification of the absence of grounds for exclusion or the satisfaction of the selection criteria, or concealed this information

- e Where Enabel has sufficient plausible evidence to conclude that the counterparty has committed acts, entered into agreements or entered into arrangements to distort competition

The presence of this counterparty on one of Enabel's exclusion lists as a result of such an act/agreement/arrangement is considered to be sufficiently plausible an element.

5) When a conflict of interest cannot be remedied by other, less intrusive measures;

6) When significant or persistent failures by the counterparty were detected during the execution of an essential obligation incumbent on him in the framework of a previous contract, a previous contract placed with another contracting authority, when these failures have given rise to measures as of right, damages or another comparable sanction.

Also failures to respect applicable obligations regarding environmental, social and labour rights, national law, labour agreements or international provisions on environmental, social and labour rights are considered 'significant'.

The presence of the counterparty on the exclusion list of Enabel because of such a failure serves as evidence.

7) Restrictive measures have been taken vis-à-vis the counterparty with a view of ending violations of international peace and security such as terrorism, humanrights violations, the destabilisation of sovereign states and de proliferation of weapons of mass destruction.

The counterparty or one of its directors are on the lists of persons, groups or entities submitted by the United Nations, the European Union and Belgium for financial sanctions:

For the United Nations, the lists can be consulted at the following address:

<https://finances.belgium.be/fr/tresorerie/sanctions-financieres/sanctionsinternationales-nations-unies>

For the European Union, the lists can be consulted at the following address:

- 8) << If Enabel executes a project for another funder or donor, other grounds for exclusion may be added.

Signature preceded by 'read and approved', in writing, and indication of name and function of the person signing:

Place, date

Integrity statement for the tenderers

Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare the following:

- Neither members of administration or employees, or any person or legal person with whom the tenderer has concluded an agreement in view of performing the public contract, may obtain or accept from a third party, for themselves or for any other person or legal person, an advantage appreciable in cash (for instance, gifts, bonuses or any other kind of benefits), directly or indirectly related to the activities of the person concerned for the account of Enabel.
- The board members, staff members or their partners have no financial or other interests in the businesses, organisations, etc. that have a direct or indirect link with Enabel (which could, for instance, bring about a conflict of interests).
- I have / we have read and understood the articles about deontology and anticorruption included in the Tender Documents (see 1.7.), as well as *Enabel's Policy regarding sexual exploitation and abuse* of June 2019 and *Enabel's Policy regarding fraud and corruption risk management* of June 2019 and I / we declare fully endorsing and respecting these articles.

If above-mentioned public contract is awarded to the tenderer, I/we declare, moreover, agreeing with the following provisions:

- In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the public contract, it is strictly forbidden to the public contractor (i.e. members of the administration and workers) to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to the employees of Enabel who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the public contract, regardless of their hierarchical rank.
- Any (public) contract will be terminated, once it appears that contract awarding or contract performance would have involved the obtaining or the offering of the abovementioned advantages appreciable in cash.
- Any failure to comply with one or more of the deontological clauses will be considered as a serious professional misconduct which will lead to the exclusion of the contractor from this and other public contracts for Enabel.
- The public contractor commits to supply, upon the demand of the contracting authority, any supporting documents related to the performance conditions of the contract. The contracting authority will be allowed to proceed to any control, on paperwork or on site,

which it considers necessary to collect evidence to support the presumption of unusual commercial expenditure.

Finally, the tenderer takes cognisance of the fact that Enabel reserves the right to lodge a complaint with the competent legal instances for all facts going against this statement and that all administrative and other costs resulting are borne by the tenderer.

Signature preceded by 'read and approved', in writing, and indication of name and function of the person signing:
