1 GENERAL REMARKS

1. THE CONTRACTING AUTHORITY

- 1.1. The contracting authority of this public contract is Enabel, public-law company with social purposes, with its registered office at Rue Haute 147, 1000 Brussels in Belgium (enterprise number 0264.814.354, RPM/RPR Brussels), called ' Enabel ' pursuant to the entry into force of Law of 23 November 2017 changing the name of the Belgian Technical Cooperation and defining the missions and functioning of Enabel, the Belgian agency for development cooperation.
- 1.2. Enabel has the exclusive competence for the execution, in Belgium and abroad, of public service tasks of direct bilateral cooperation with partner countries. Moreover, it may also perform other development cooperation tasks at the request of public interest organisations, and it can develop its own activities to contribute towards realisation of its objectives.
- 1.3. For this public contract Enabel, in Palestine, is represented by :

Name	Position
Heidi DE PAUW	Country director of Palestine and Jordan

- 1.4. Attention: even if Enabel as contracting authority is based in Belgium, Enabel has different “permanent establishments” in partner countries, who are 'customer' in the sense of tax legislation.¹ As a result, services of this contract are deemed to be located in Palestine and applicable tax legislation is legislation of Palestine. For more information on this tax regime, you can contact Bayan Khatib, Procurement officer (clause **Error! Reference source not found.** of chapter 3 Award Procedure).

2. RULES GOVERNING THE PUBLIC CONTRACT

- 2.1. The following, among others, apply to this public contract:
 - (a) The Law of 17 June 2016 on public procurement;
 - (b) The Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors;
 - (c) The Royal Decree of 14 January 2013 establishing the general rules for the execution of public contracts;
 - (d) The Law of 17 June 2013 on motivation, information, and remedies in public procurement, certain works, supply, and service contracts, and concessions;
 - (e) Circulars of the Prime Minister with regards to public procurement;
 - (f) Enabels policy regarding sexual exploitation and abuse – June 2019;
 - (g) Enabels policy regarding fraud and corruption risk management – June 2019.
- 2.2. All Belgian regulations on public contracts can be consulted on <https://bosa.belgium.be/en/themes/public-procurement>;

¹ Article 13a of Council Implementing Regulation (EU) No 1042/2013: The place where a non-taxable legal person is established, as referred to in the first subparagraph of Article 56(2) and Articles 58 and 59 of Directive 2006/112/EC, shall be: the place where the functions of its central administration are carried out, or the place of any other establishment characterised by a sufficient degree of permanence and a suitable structure in terms of human and technical resources to enable it to receive and use the services supplied to it for its own needs (= permanent establishment).

Enabel's Code of Conduct and the policies mentioned above can be consulted on Enabel's website via <https://www.enabel.be/who-we-are/integrity/>.

3. APPLICABLE LAW AND COMPETENT COURTS

- 3.1. Belgian legislation applies for this public contract and no other. In the event of a conflict regarding the interpretation, application or performance of these tender specifications, the parties will first try all conciliation possibilities. Except for an emergency, the parties avoid litigation in court without preliminary notification.
- 3.2. In case of court action, correspondence must (also) be sent to the following address:

Enabel S.A.
Global Procurement Services
To the attention of Ms Laura Jacobs
Rue Haute 147
1000 Brussels
Belgium
- 3.3. Any litigation regarding this public contract is the exclusive competence of the Brussels legal district courts and tribunals. French or Dutch are the languages of proceedings.

2 SUBJECT-MATTER AND SCOPE OF THE PUBLIC CONTRACT

1. TYPE OF CONTRACT

- 1.1. This public contract is a works contract, with the subject of the performance of works.
- 1.2. Description of the works: This contract consists in the construction works for the “Rehabilitation and/or creation of STEM Labs in schools in the West Bank”, in conformity with the conditions of these Tender Specifications.

2. LOTS

- 2.1. This public contract comprises **2 (two)** lots, each of which is indivisible.
- 2.2. The tenderer may submit a tender for **all lots**.
- 2.3. A tender for part of a lot is inadmissible.
- 2.4. The lots are:

Lot N°	Lot title	Lot description
1	Lot 1: Eight STEM Labs in the Southern Governorates, consisting of the following schools	1° Alnahda Basic Boys’ School in Hebron City 2° Idna Secondary Girls’ School in Idna Village 3° Arab Alfrajat Basic Mixed School in Arab Alfrajat Village 4° Nahhalin Secondary Boys’ School in Nahhalin Village 5° Houssan Secondary Girls’ School in Houssan Village 6° Jouret Al Shamaa Secondary Coed School in Jouret Al Samaa Village 7° Marah Rabah Secondary Boys’ School in Marah Rabah Village 8° Thabara Basic Mixed School in Thabara Village
2	Lot 2: Eight STEM Labs in the Middle and Northern Governorates, consisting of the following schools	1° Musqat Secondary Boys’ School in El Ezarieh City 2° Al-Newimeh Secondary Boys’ School in Al-Newimeh Village 3° Al-Auja Secondary Girls’ School in Al Auja Village 4° Fasail Secondary Mixed School in Fasail Village 5° Tammoun Second Basic Boys’ School in Tammoun Village 6° Adawiah Secondary Girls’ School in Tulkarem City 7° Faroun Secondary Girls’ School in Faroun Village 8° Rameen Secondary Boys’ School in Rameen Village

Both lots are located in the West Bank.

Each lot was divided equally into eight (8) schools, since these schools are located within or in close proximity to the targeted area. It was deemed beneficial for the contracting beneficiary to

apply for them as one combined lot. Therefore, the labs were grouped together rather than split into separate lots.

All sub-lots will have to be performed in parallel and at the same time.

Enabel has the right to not commence one of the sublots.

- 2.5. The tenderer **MAY NOT** offer discounts or better conditions in their tender if these lots are awarded to them.
- 2.6. If a tenderer submits a tender for more lots than can be awarded to them on the basis of the mandatory minimum annual turnover set with regard to groups of lots that must be performed simultaneously (see clause 2 of chapter 6 Selection file), **the tenderer must indicate their order of preference for the award of these lots in their tender.**

3. ITEMS

- 3.1. Each lot of this public contract consists of the items listed under clause 3 of chapter 8 Forms - Tender form – Prices and Annex 1: Bill of quantities.
- 3.2. These items are grouped together to form one single lot. It is not possible to tender for one or several items and the tenderer must submit price quotations for all items of a same lot.

4. DURATION OF THE PUBLIC CONTRACT

- 4.1. This public contract starts **upon award notification** and lasts for **100 (one hundred) calendar days and expires upon final acceptance.**
- 4.2. This public contract **MAY NOT** be renewed.

5. VARIANTS

- 5.1. Variants are **NOT** allowed. Each tenderer may submit only one tender, no variants will be accepted.

6. OPTIONS

- 6.1. The tenderer may **NOT** submit options. Free options are forbidden. Any proposed option will be discarded.

7. QUANTITIES

- 7.1. Quantities will be determined in purchase orders.
- 7.2. The price to be paid will be obtained by applying the unit prices given in the inventory to the quantities actually performed.
- 7.3. The presumed quantities mentioned in Annex 1: Bill of quantities are for information purposes only.

3 AWARD PROCEDURE

SECTION (A) - GENERAL PROCEDURE INSTRUCTIONS

1. AWARD PROCEDURE

This public contract will be awarded through a Direct Negotiated Procedure with Prior Publication pursuant to Article 41, § 1, °2 of the Law of 17 June 2016 on public procurement.

2. PUBLICATION

This contract is advertised in

- 2.1. The following official platform:
 - (a) The Belgian Public Tender bulletin (<https://www.publicprocurement.be/bda>)
- 2.2. The following platforms:
 - (a) Website of Enabel (www.enabel.be);
 - (b) Website of the OECD (Organisation for Economic Co-operation and Development);
 - (c) Jobs.ps portal in Palestine (<https://www.jobs.ps>);
 - (d) Job match platform (<https://jobmatch.ps/>).
- 2.3. This publication constitutes an invitation to submit a tender.

3. FURTHER INFORMATION

3.1. Public procurement administrator

The awarding of this public contract is coordinated by:

Bayan Khatib

Procurement Officer

Bayan.khatib@enabel.be

All communication between the contracting authority and (prospective) tenderers regarding this public contract must go through this contact. Any other form of contact with the contracting authority about this public contract is prohibited unless otherwise stated in these tender specifications.

3.2. Requesting clarifications

Prospective tenderers have until **07 June 2026**, inclusive, before the deadline for submission of tenders to submit any questions regarding these tender specifications and the contract. All inquiries must be sent in writing to the procedure coordinator mentioned under clause 3.1 (Bayan.khatib@enabel.be) and will be answered in the order received.

Until the notification of the award decision no information will be given about the evolution of the procedure.

3.3. Publication of clarifications and/or amendments to the tender specifications

The complete overview of questions and answers, as well as any amendments to these tender specifications, will be available at the seventh day before the deadline for submission of tenders, at the latest **(10 June 2026)**.

These updates will be published on the same platforms as mentioned under clause 2.

The tenderer is to submit his tender after reading and taking into account any corrections made to these tender specifications that are published or that are sent to him by e-mail. To do so, when the tenderer has downloaded the tender specifications, it is strongly advised that he gives his coordinates to the public procurement administrator mentioned under clause 3.1 and requests information on any modifications or additional information.

4. SITE VISIT

4.1. Four site visits are planned prior to the submission of tenders as per table below. Participation in the site visits is **optional but highly recommended**, tenderers who wish to visit the remaining STEM labs should contact the managing official to arrange with school management.

Date	Time	School Name	GPS location	Address
Tuesday, June 2 nd , 2026	11:00-12:00	Houssan Secondary Girls' School	31.7128, 35.1322	Houssan Village
Tuesday, June 2 nd , 2026	12:00-13:00	Nahhalin Secondary Boys' School	31.686176 35.112868	Nahhalin Village
Wednesday, June 3 rd , 2026	11:00-12:00	Al-Newimeh Secondary Boys' School	31.9507, 35.4641	El Ezariah City
Wednesday, June 3 rd , 2026	12:00-13:00	Al-Auja Secondary Girls' School in	32.026771 35.443628	Al Auja Village

Transportation: interested tenderers need to ensure their transportation to the site by their own means.

4.2. No additional information beyond what is already specified in these tender specifications will be provided during the visit. Any potential observations regarding access, location of the premises, or other aspects must be communicated according to clause 3.

5. INFORMATION SESSION

The contracting authority is organizing an information session for prospective tenderers. The information session will take place on **4 June 2026 at 14:00 (Jerusalem)**. The session will be conducted virtually (online).

<p>Microsoft Teams meeting</p> <p>Join: https://teams.microsoft.com/meet/326663212551213?p=9pG20eHMi6KEMzOdpr</p> <p>Meeting ID: 326 663 212 551 213</p> <p>Passcode: 78o9c4R3</p>

Participation in the information session is optional.

SECTION (B) - INSTRUCTIONS FOR PREPARATION OF TENDERS

6. VALIDITY PERIOD OF TENDERS

The tenderers remain bound by their tender for a period of **90 (ninety) calendar days** from the tender reception deadline date.

7. DATA TO BE INCLUDED IN THE TENDER

- 7.1. Tenderers are advised to consult the general principles set out under Heading 1 of the Law of 17 June 2016 on public procurement, which are applicable to this award procedure.
- 7.2. The tender and all annexes to the tender form must be drawn up in:
- 7.3. By submitting a tender, the tenderer automatically waives any of their own general or specific sales conditions, even if these are mentioned in any annexes to their tender.
- 7.4. The tenderer must clearly indicate within their tender any information that is confidential and/or relates to technical or business secrets, which may not be divulged by the contracting authority.
- 7.5. The tenderer must use the tender forms provided in the annex:
 - (a) Identification of the tenderer (for each participant for tenders submitted by a group) (see clause 1 of chapter 8 Forms);
 - (b) List of subcontractors (see clause 2 of chapter 8 Forms);
 - (c) Annual turnover (see clause 3 of chapter 8 Forms)
 - (d) Staff disposed (see clause 4 of chapter 8 Forms)
 - (e) Tender form - Prices - lot 1 (see clause 5 of chapter 8 Forms)
 - (f) Tender form - Prices - lot 2 (see clause 6 of chapter 8 Forms)
 - (g) Awarding Preferences (clause 7 of chapter 8 Forms)
 - (h) Similar assignments (clause 8 of chapter 8 Forms)
 - (i) The declaration on honour – Exclusion grounds (for each participant for tenders submitted by a group) (see clause 9 of chapter 8 Forms);
 - (j) Integrity statement of the tenderers - (clause 10 of chapter 8 Forms).

Should the tenderer fail to use these forms, they shall bear full responsibility for ensuring that the documents submitted are in perfect concordance with the forms.

- 7.6. The tenderer also attaches the following to his tender:
 - (k) All documents demanded for the application of qualitative selection (see clause 15 and
 - (l)
 - (m)
 - (n)
 - (o) 6 Selection file) and award criteria (see clause 17);
 - (p) The order of preference for the award of lots (see clause 2 of chapter 2 Subject-Matter and Scope of The Public Contract);

- (q) A detail of the prices quoted, listing for each item the various elements that are included in the price and the applicable taxes;
 - (r) The statutes and any other document required to establish the power of attorney of the signer(s).
- 7.7. Where the tender is submitted by a group of economic operators, it must include a copy of the following documents for each of the participants in the group:
- (a) Identification of the tenderer (for each participant for tenders submitted by a group) (see clause 1 of chapter 8 Forms);
 - (b) The declaration on honour – Exclusion grounds (for each participant for tenders submitted by a group) (see clause 9 of chapter 8 Forms);
 - (c) Integrity statement of the tenderers - (clause 10 of chapter 8 Forms).
 - (d) The statutes and any other document required to establish the power of attorney of the signer(s);
 - (e) The association agreement signed by each participant, clearly showing who represents the association.
- 7.8. Participants in a group of economic operators must designate one member of the group who will represent the group vis-à-vis the contracting authority.
- 7.9. In accordance with Article 73 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors, where an economic operator wants to rely on the capacities of other entities (particularly subcontractors or independent subsidiaries) for replying to criteria of economic and financial capacity or technical and professional aptitude (see clause 15 and
- 7.10.
- 7.11.
- 7.12.
- 7.13. 6 Selection file), it shall prove to the contracting authority that it will have at its disposal the resources necessary, for example, by producing a commitment by those entities to that effect.

8. TENDER CURRENCY

All prices given in the tender form must obligatorily be quoted in **euro excluding vat**.

9. DETERMINATION OF PRICES

- 9.1. Lot 1: This public contract is a **price-schedule** contract, meaning that only the unit prices are fixed. The price to be paid will be obtained by applying the unit prices mentioned in the inventory to the quantities actually performed.
- 9.2. Lot 2: This public contract is a **price-schedule** contract, meaning that only the unit prices are fixed. The price to be paid will be obtained by applying the unit prices mentioned in the inventory to the quantities actually performed.
- 9.3. In accordance with Article 37 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors, the contracting authority may for the purpose of verifying the prices carry out an audit of any and all accounting documents and perform on-the-spot checks with a view of verifying the correctness of the indications supplied.

10. ELEMENTS INCLUDED IN THE PRICE

10.1. The tenderer is to include in his global prices any charges and taxes generally applied to the works, with the exception of the value-added tax. The VAT percentage is quoted separately, if applicable.

As mentioned in clause 1 of chapter 1 General Remarks, **local tax regime is applicable.**

10.2. The global prices for this public contract must encompass any costs, measures, and charges related to the performance of this public contract, including but not limited to:

- (a) Where applicable, the measures imposed by occupational safety and worker health legislation;
- (b) All works and supplies, such as bracing, sheet piling, and drainage, necessary to prevent landslips and other damage and to remedy these if required;
- (c) The perfect preservation, potential relocation, and redeployment of cables and pipes encountered during excavation, earthworks, and dredging, provided that these actions are not legally the responsibility of the owners of such cables and pipes;
- (d) Removal, within the confines of the excavations, earthworks, and dredging necessary for construction, of: a) Earth, mud, gravel, stones, rubble, riprap, masonry remains, turf, plants, bushes, stumps, roots, coppices, debris, and waste materials; b) Any rock, regardless of size, where the procurement documents specify that the earthworks, excavation, and dredging are to be carried out in rocky terrain, and, in the absence of this statement, any rock and any blocks of masonry or concrete with an individual volume not exceeding half a cubic meter;
- (e) The transportation and disposal of excavated material, either away from the property of the contracting authority or to locations within the sites for re-use, or to designated dumping sites, in accordance with the procurement documents;
- (f) All overheads, incidental expenses, and maintenance costs during the performance of the contract and the warranty period;
- (g) Customs and excise duties.
- (h) Acceptance costs;
- (i) Any additional works which, by their nature, depend on or are associated with those described in the procurement documents.

10.3. All such costs, measures, and obligations are included in the prices for this public contract.

SECTION (C) - SUBMISSION OF TENDERS

11. SUBMISSION OF TENDERS

11.1. Consequently, the submission of tenders on paper is prohibited, and the contracting authority will only consider tenders submitted electronically.

11.2. For this public contract, tenders will be submitted electronically via procurement.pse@enabel.be tender must be submitted before 18 June 2026, at 16:00 (Jerusalem time),

11.3. The format of the documents should be .pdf or equivalent.

11.4. Without prejudice to any variants, the tenderer may only submit one tender per contract.

11.5. In accordance with the rules governing means of communication, only tenders submitted by electronic means are accepted.

If the size of the tender exceeds the email limits, the tenderer may submit the tender in several emails clearly indicating the procurement reference number in the subject line.

12. TENDER SIGNATURE

- 12.1. **The tender and all accompanying documents must be numbered and signed (original hand-written signature) by the tenderer or his/her representative.** The same applies to any alteration, deletion or note made to this document. The representative must clearly state that he/she is authorised to commit the tenderer.
- 12.2. Signatures are placed by the person(s) empowered or mandated to commit the tenderer. This obligation applies to each participant when the tender is submitted by a group of economic operators (consortium). These participants are jointly liable.
- 12.3. When the submission report is signed by a mandatary, he or she must clearly indicate whom he or she represents. The mandatary attaches the original electronic deed or private document that transfers these powers to him or her or a scanned copy of that proxy.

13. DEADLINE FOR SUBMISSION AND OPENING OF TENDERS

- 13.1. Tenders must be in the possession of the contracting authority before **18 June 2026 at 16:00 (Jerusalem time)**.
- 13.2. The tender opening session will take place behind closed doors at the address given under clause 11 for the submission of tenders.

SECTION (D) - SELECTION, AWARDING & CONCLUSION

14. EXCLUSION GROUNDS

- 14.1. The obligatory and facultative grounds for exclusion are provided in the declaration on honour attached to these tender specifications (see clause 0 of chapter 8 Forms).
- 14.2. By submitting the declaration enclosed in the annex to these tender specifications, the tenderer certifies that they are not in any of the exclusion cases listed in Articles 67 to 70 of the Law of 17 June 2016 on public procurement, nor Articles 61 to 64 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors.
- 14.3. The grounds for exclusion apply to all participants submitting a joint bid as a consortium of economic operators and third parties (in particular subcontractors or independent subsidiaries) whose capacity is invoked with regard to the criteria of economic and financial capacity or technical and professional aptitude (see clause 15 and
- 14.4.
- 14.5.
- 14.6.
- 14.7. 6 Selection file), in accordance with Article 73 § 1 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors.
- 14.8. The contracting authority will verify the accuracy of this declaration on honour for the tenderer with the highest ranked tender. To this end, the contracting authority will request the tenderer concerned to provide the necessary information or documents to verify their personal situation. The tenderer must submit this information by the fastest means and within the deadline set by the contracting authority.

- 14.9. The tenderer may attach these documents directly to his tender. If the tenderer fails to deliver the requested document(s) on time, the contracting authority reserves the right to exclude the tenderer.
- 14.10. Tenderers are strongly advised not to wait for the request of the contracting authority and to request the documents they have not attached to their tender as soon as possible from the competent authorities of the country where they are based. After all, in some cases, it may take a long time to obtain particular documents.
- 14.11. The contracting authority will directly obtain any information or documents that can be accessed free of charge by digital means from the instances that manage the information or documents. This is the case for Belgian tenderers (via the Telemarc platform), with the exception of the extract from the criminal record, which must be requested by the tenderer himself.
- 14.12. **Conflicts of Interest – Revolving Doors (Article 51 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors)**
Without prejudice to Articles 6 and 69, paragraph 1, 5° of the Law of 17 June 2016 on public procurement, a conflict of interest also includes any “revolving doors” situation. This occurs when a natural person who previously worked for a contracting authority — whether as internal staff, in a hierarchical position, as a civil servant, public officer, or in any other capacity linked to the contracting authority — subsequently intervenes under a public contract awarded by that same contracting authority. A conflict of interest arises when there is a connection between the activities previously performed by the individual for the contracting authority and the activities carried out under the awarded contract.

15. QUALITATIVE SELECTION

- 15.1. By means of the documents requested in the 'Selection file' (
- 15.2.
- 15.3.
- 15.4.
- 15.5. 6 Selection file), the tenderer must demonstrate sufficient capacity to successfully perform this public contract.
- 15.6. Only tenders from tenderers who meet the selection criteria will be taken into consideration to participate in the comparison of tenders based on the award criteria outlined in clause 17 subject to the regularity of these tenders.
- 15.7. To meet the criteria of economic and financial capacity and the criteria on technical and professional aptitude, the tenderer may rely on the capacity of:
- (a) all participants submitting a joint bid as a consortium of economic operators;
 - (b) other entities (in particular subcontractors or independent subsidiaries) regardless of the legal nature of the relationship with these entities, in accordance with Article 73 § 1 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors.
- 15.8. For all such participants or entities, the contracting authority must verify that there are no grounds for exclusion.
- 15.9. In accordance with Article 73 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors, where an economic operator wants to rely on the capacities of other entities (particularly subcontractors or independent subsidiaries) for replying to criteria of economic and financial capacity or technical and professional aptitude, it shall prove to the contracting authority that it will have at its disposal the resources necessary, for example, by producing a commitment by those entities to that effect.

16. OVERVIEW OF THE PROCEDURE

- 16.1. In a first phase, the tenders submitted by the selected tenderers will be evaluated as to their formal and material regularity.
- 16.2. The contracting authority reserves the right to have the irregularities in a tender regularised.
- 16.3. In a second phase, the formally and materially regular tenders will be evaluated as to their content by an evaluation commission. The contracting authority will restrict the number of tenders to be negotiated by applying the award criteria stated in these tender specifications (clause 17). This evaluation will be conducted on the basis of the award criteria and aims to set a shortlist of tenderers with whom negotiations will be conducted.
- 16.4. Then, the negotiation phase follows. In view of improving the contents of the tenders, the contracting authority may negotiate with tenderers the initial tenders and all subsequent tenders that they have submitted, except final tenders. The award criteria and the minimum requirements are not negotiable. However, the contracting authority may also decide not to negotiate. In this case, the initial tender is the final tender.
- 16.5. When the contracting authority intends to conclude the negotiations, it will so advise the remaining tenderers and will set a common deadline for the submission of any BAFO's (*Best and Final Offer*). Once negotiations have closed, the BAFO's will be evaluated as to its regularity and compared on the basis of the award criteria. The tenderer whose BAFO shows the best value for money (obtaining the best score based on the award criteria given under clause 17) will be designated the successful contractor for this public contract, after having been verified for absence of exclusion grounds and respect for the criteria of qualitative selection.

17. AWARD CRITERIA

- 17.1. The contracting authority will select the regular tender that it considers to be the most economically advantageous, based on the following criteria:

Award Criterion	Criterion Weight (%)	Criterion Evaluation or Formula
Price	100	Points tender A = $\frac{\text{amount of lowest tender} * 100}{\text{amount of tender A}}$

- 17.2. The scores for the award criteria will added up. This public contract will be awarded to the tenderer that submitted the tender with the highest final score, after the contracting authority has verified the accuracy of the declaration on honour of this tenderer and provided the control shows that the declaration on honour corresponds with reality.

18. AWARDED THE PUBLIC CONTRACT

- 18.1. Each lot of this public contract will be awarded to the tenderer who has submitted the most economically advantageous tender for the lot in question.
- 18.2. In accordance with Article 85 of the Law of 17 June 2016 on public procurement, the contracting authority is under no obligation to award the contract. The contracting authority may choose either not to award the public contract or to restart the procedure, if necessary, through another award procedure.
- 18.3. The contracting authority also reserves the right to award only certain lots and may decide that the remaining lot(s) will be subject to one or more new contracts, if necessary through a different award procedure in accordance with Article 58, § 1, third paragraph of the Law of 17 June 2016 on public procurement.

19. CONCLUDING THE CONTRACT

19.1. The contract is formed upon notification to the successful tenderer of the approval of their tender.

19.2. Notification is made via digital platforms or email, and, on the same day, by registered post.

19.3. The full public contract consists of the following documents:

- (a) These tender specifications and their annexes;
- (b) The approved BAFO and all of its annexes;
- (c) The registered letter notifying the award decision;
- (d) Any later documents accepted and signed by both parties, as appropriate.

19.4. In the interest of transparency, Enabel commits to publishing an annual list of recipients of its contracts. By submitting their tender, the successful tenderer agrees to the publication of the contract title, nature and object of the contract, their name and location, and the contract amount.

4 SPECIAL CONTRACTUAL PROVISIONS

This chapter of these tender specifications holds the specific administrative and contractual provisions that apply to this public contract by way of derogation from the 'General Implementing Rules for public procurement' of the Royal Decree of 14 January 2013 (Royal Decree of 14 January 2013 establishing the general rules for the execution of public contracts), hereinafter referred to as "GIR", or as a complement or an elaboration thereof. The numbering of the articles below (between brackets) follows the numbering of the "GIR" articles. Unless indicated, the relevant provisions of the "GIR" apply in full.

These tender specifications derogate from the following Article of the "GIR":

Article 26 - The performance bond may be posted through an establishment that has its registered office in one of the countries of destination of the works. The contracting authority reserves the right to accept or refuse the posting of the bond through that institution. The tenderer mentions the name and address of this institution in the tender. This derogation is founded on the idea of providing possible local tenderers with an opportunity to submit a tender. This measure is made essential by the specific requirements of this public contract.

SECTION (A) - GENERAL

1. USE OF ELECTRONIC MEANS (ART. 10)

The use of electronic means for exchanges during the performance of the contract is permitted unless stated otherwise in these tender specifications. In such cases, notifications from the contracting authority will be sent to the address or registered office mentioned in the tender.

2. MANAGING OFFICIAL (ART. 11)

- 2.1. The managing official for this public contract is **Lina Haramy, Project Manager, email: lina.haramy@enabel.be**, and supported by **Walid Aboudi, Civil Engineering Expert, email: walid.aboudi@enabel.be**. The managing official is responsible for overseeing the performance of the contract.
- 2.2. Once this public contract is concluded, the managing official serves as the primary point of contact for the contractor. All correspondence or questions regarding the performance of the contract should be directed to him/her, unless otherwise explicitly stated in these tender specifications.
- 2.3. The managing official has full authority to monitor the satisfactory performance of the contract, which includes issuing service orders, preparing reports and statements, approving works, progress reports, and reviews. They may order changes to the contract with regards to its subject-matter or performance, provided that such changes remain within its original scope.
- 2.4. However, the signing of amendments or any other decision or agreement implying derogation from the initial terms and conditions of the contract are not part of the competence of the managing official. For such decisions the contracting authority is represented as stipulated under clause 1 of chapter 1 General Remarks.
- 2.5. Under no circumstances is the managing official allowed to modify the terms and conditions (e.g. performance deadline) of the contract, even if the financial impact is nil or negative. Any commitment, change or agreement that deviates from the conditions in these tender specifications and that has not been notified by the contracting authority, will be considered null and void.

3. CONFIDENTIALITY (ART. 18)

- 3.1. The knowledge and information obtained by the contractor within the framework of this public contract is strictly confidential. Under no circumstances may the collected information, regardless of its origin or nature, be disclosed or transferred to third parties in any form. The contractor is, therefore, bound by a duty of confidentiality.
- 3.2. In accordance with Article 18 of the “GIR”, the contractor undertakes to handle all information, facts, documents, and data — regardless of their nature or format — strictly confidentially. This obligation applies to any information communicated to the contractor or accessed by the contractor, directly or indirectly, in connection with this public contract. Confidential information includes, but is not limited to, the very existence of this public contract.
- 3.3. The contractor further undertakes to:
 - (a) Respect and ensure strict confidentiality of this information and take all necessary measures to safeguard its secrecy (such measures must not be less stringent than those the contractor applies to their own confidential information);
 - (b) Consult, use, or exploit the information mentioned above solely to the extent strictly necessary for the preparation and, if applicable, execution of this public contract, while complying with data protection laws, particularly those governing the processing of personal data;
 - (c) Not reproduce, disclose, distribute, transmit, or otherwise make the information available to third parties, in whole or in part, and in any form, without the prior written consent of the contracting authority;
 - (d) Return the information to the contracting authority upon their first request;
 - (e) Refrain from disclosing, directly or indirectly, the content of this public contract to third parties for advertising or any other purpose.
- 3.4. The contractor shall include in its contracts with subcontractors the confidentiality obligations it is required to comply with for the performance of the contract.

4. PROTECTION OF PERSONAL DATA

4.1. **Processing of personal data by the contracting authority**

The contracting authority undertakes to process the personal data that are communicated to it in response to the call for the tenders with the greatest care, in accordance with legislation on the protection of personal data (General Data Protection Regulation, GDPR). Where the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data contains stricter provisions, the contracting authority will act in accordance with said law.

4.2. **Processing of personal data by the contractor**

Where during contract performance, the contractor processes personal data of the contracting authority or in execution of a legal obligation, the following provisions apply:

For any processing of personal data carried out in connection with this public contract, the contractor is required to comply with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (GDPR) and the Belgian law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data.

By simply participating in the contracting process, the tenderer certifies that he will strictly comply with the obligations of the GDPR for any processing of personal data conducted in connection with that public contract.

Given the public contract, it is to be considered that the contracting authority and the contractor will each be responsible, individually, for the processing.

5. INTELLECTUAL PROPERTY (ART. 19 TO 23)

- 5.1. The contracting authority **acquires** the intellectual property rights created, developed, or used during performance of the public contract.
- 5.2. Unless otherwise specified in the procurement documents and without prejudice to clause 5.1, when this public contract involves the creation, manufacture, or development of designs, logos, or similar works, the contracting authority acquires the intellectual property rights to these works. This includes the right to trademark, register, and protect them.
- 5.3. For any domain names created under this public contract, the contracting authority similarly acquires the right to register and protect them unless stated otherwise in the procurement documents.

SECTION (B) - FINANCIAL GUARANTEES

6. INSURANCE (ART. 24)

- 6.1. The contractor shall take out insurance policies covering liability for occupational accidents and third-party liability arising from the performance of this public contract. The contractor shall also obtain any other insurance policies required by the procurement documents.
- 6.2. Within **thirty days** from the conclusion of the contract, the contractor must provide evidence of these insurance policies by submitting a certificate that specifies the extent of the liability coverage required by the procurement documents.
- 6.3. At any time during the performance of this public contract, the contracting authority may request updated proof of insurance. the contractor must provide a certificate of insurance within fifteen days of receiving such a request from the contracting authority.

7. PERFORMANCE BOND (ART. 25 TO 33)

7.1. Scope and amount (Art. 25)

The performance bond is a requirement for this public contract and is set at **5%** of the total value of each lot, excluding VAT. The resulting value will be rounded up to the nearest 10 euros.

7.2. Nature of the performance bond (Art. 26)

In accordance with the applicable legal and regulatory provisions, the performance bond may be provided in the form of cash, public funds, or a joint performance bond. It may also be issued as a surety bond by a credit institution meeting the requirements of the law governing credit institutions or by an insurance company approved for branch 15 (bonds) under the law governing insurance companies.

By way of derogation from Article 26 of the "GIR", the performance bond may be posted through an institution with its registered office in one of the countries of destination of the works. The contracting authority reserves the right to accept or refuse the posting of the bond through such an institution. The tenderer shall provide the name and address of this institution in the tender.

This derogation is intended to provide local tenderers with the opportunity to submit a tender, taking into account the specific requirements of the contract.

7.3. Deadline for submitting the performance bond (Art. 27)

The successful tenderer is required to provide proof of the posting of the performance bond within 30 calendar days from the conclusion of the procurement contract.

The period specified above is suspended during the period of closure of the contractor 's business for paid annual holidays and the days off in lieu stipulated by regulation or by a collective binding labour agreement.

7.4. **Posting of the performance bond (Art. 27)**

The performance bond must be posted by the successful tenderer in one of the following ways:

- (a) Cash deposit: Deposit the amount in the account of the Deposit and Consignment Office ([Dutch](#) or [French](#) procedure to enter a deposit in e-DEPO) or of a public institution performing a similar function similar;
- (b) Public Funds: Deposit with the State cashier at the National Bank's headquarters in Brussels or one of its provincial branches, on behalf of the Deposit and Consignment Office or a similar public institution;
- (c) Joint surety: By the deposit, via an institution that lawfully carries out this activity, of a deed of joint surety with the Deposit and Consignment Office or with a similar public institution;
- (d) Guarantee: Provide the deed of undertaking of the credit institution or the insurance company.

7.5. **Proof of deposit (Art. 27)**

Proof of posting the performance bond must be provided as applicable by submission to the contracting authority of:

- (a) A deposit receipt from the Deposit and Consignment Office or a similar public institution;
- (b) A debit notice from the credit institution or insurance company;
- (c) A deposit certificate issued by the State Cashier or a similar public institution;
- (d) The original copy of the deed of joint surety stamped by the Depot and Consignment Office or by a similar public institution;
- (e) The original copy of the deed of undertaking issued by the credit institution or the insurance company granting a guaranty.

These documents, signed by the depositor, must state why the performance bond was posted and its precise usage, consisting of a concise indication of the subject-matter of the procurement contract and a reference to the procurement documents, as well as the name, first name and full address of the contractor and, where relevant, that of the third party that made the deposit on the contractor 's account, bearing the statement 'lender' or 'mandatory', as appropriate.

Proof that the required performance bond has been posted must be sent to the address that will be mentioned in the contract conclusion notification.

7.6. **Release of bond**

If the contracting authority confirms acceptance of the works, the bond shall be released, even if the contractor has made no such request. One half will be released after provisional acceptance of the entire contract, the other half after final acceptance, in both cases after deduction of any sums owed by the contractor to the contracting authority.

SECTION (C) - THE PUBLIC CONTRACT DOCUMENTS

8. CONFORMITY OF PERFORMANCE (ART. 34)

The works must comply in all respects with the procurement documents. In the absence of specific technical specifications in the procurement documents, the performance of the contract must meet the highest standards of good practice in the relevant field.

9. PLANS, DOCUMENTS AND OBJECTS PREPARED BY THE CONTRACTING AUTHORITY (ART. 35)

- 9.1. At the request of the contractor, the contracting authority shall provide, free of charge and, where possible, in digital form, a complete set of plans that served as the basis for awarding the contract. The contracting authority is responsible for ensuring that these copies conform to the original plans.
- 9.2. The contractor must retain all documents and correspondence related to the award and performance of the contract and make them available to the contracting authority until the final acceptance of the contract.

10. DETAILED PLANS AND WORK PLANS PREPARED BY THE CONTRACTOR (ART. 36)

- 10.1. The contractor must prepare, at their own expense, all detailed plans and work plans required for the successful performance of the contract.
- 10.2. The procurement documents specify which plans require approval by the contracting authority. The contracting authority has 30 days to approve or reject the plans, starting from the date of their submission.

Any corrected documents must be resubmitted for approval, with the contracting authority having 15 days to review them, provided the corrections do not result from new demands made by the contracting authority.
- 10.3. This clause 10 also applies to the other documents and objects that the contractor prepares or produces to complete the contract.

10.4. Construction planning

How the planning is submitted is to be discussed with the managing official.

The first planning is to be introduced within 7 calendar days following tender award notification and it is to be updated every 15 days during construction.

This draft construction planning provides, in addition to deadlines for the 'on-site' works as such, the timing for the different preliminary achievements such as the establishment of documents prescribed by the technical provisions, implementation plans and detailed plans, calculation notes, selection of equipment and materials, including the approval of related documents, the supplies, workshop or factory work, preliminary tests and conformity tests, etc.

After it has been studied and remarks have been made and following approval of the contracting authority, the planning becomes contractually binding.

10.5. Master plan

The building contractor undertakes to deliver a master plan to be approved by the contracting authority and its advisors within 15 calendar days following notification of contract conclusion.

This plan must sufficiently anticipate situations to allow the contracting authority to take decisions or provide answers or supply the documents that are incumbent upon it.

The master plan will be updated at least every month and must be consistent with the construction planning. It will be aligned with the construction planning and will be based on the same document.

The contractor will be sole manager of the planning of all activities required to perform this procurement contract.

In particular, he plans:

- 1° Set dates for delivering implementation plans that he needs,
- 2° The placing of orders to his suppliers and subcontractors,
- 3° The presentation in due time of samples and technical forms of products submitted for preliminary technical acceptance,
- 4° Measuring the works and the workshop manufacture period,
- 5° Indication of deadline dates for decisions to be taken by the contracting authority,
- 6° Indication of deadline dates for the conclusion of modifications to orders being elaborated,
- 7° Indication of deadline dates for the achievement of works performed by other enterprises,
- 8° Registration, in due time, of the measurements of the works,
- 9° etc.

10.6. Implementing documents

These plans take into account the Tender Specifications and technical provisions, the design drawings of the project developer and general architecture plans, stability plans, and special techniques plans annexed to these Tender Specifications.

All implementation plans and detail plans are to be submitted for approval to the contracting authority along with calculation notes, technical approvals, and technical forms and in particular those related to the works and the equipment listed below (non-exhaustive list):

- 1° Upgrade foundations in view of works planned
- 2° Stability: plans for slabs, posts and beams, stairs, or any prefabricated component
- 3° Sealing
- 4° Finishing of rooms (walls, floor, and ceiling)
- 5° Inside and outside drainage
- 6° List of stones
- 7° Roof covering, roof carpentry
- 8° Façades,
- 9° Partition walls
- 10° False ceilings
- 11° Furniture based on tender documents
- 12° Lights layout plan
- 13° Plan of metal joinery (banisters, handrails, gangway, porch)
- 14° List of inside joinery Plan of special techniques

The managing official may refuse technical forms which are partial, incomplete, or too commercial and do not provide the technical information required for assessment and approval.

Samples of ironware, heating, electricity or plumbing fixtures or any similar pieces will be submitted for approval to the managing official and for advice to the project developer's and the approved model will remain on the construction site until the placement of the last piece of its kind.

At the request of the contracting authority, the building contractor will also provide the following documents during the performance period:

- 1° Samples of materials proposed corresponding to the technical forms (see "Samples" within Annex 3 - Technical Specifications)
- 2° Color shade cards to determine the choice of colors

- 3° Test reports, technical manuals, technical approvals, technical forms, etc. (see 1.8 "Material's testing" in Annex 3 - Technical Specifications)
- 4° Products or equipment used for this contract.

10.7. Establishment of "As Built" plans

During performance, the building contractor shall revise and update the plans to the last detail in order to accurately reproduce the works and installations and their specifics as built.

When the works are completed and in view of provisional acceptance of the works, the building contractor is to submit the complete plans and diagrams of the works and installations as built.

When the works are completed and in view of provisional acceptance, the building contractor is to submit the technical files including:

- 5° technical specifications with brands names, types, origin of the equipment installed
- 6° users' manuals, explaining the functioning of all equipment
- 7° maintenance manuals, explaining everything that needs to be done for the maintenance and care of the amenities and equipment (regular control and maintenance, list and codes of spare parts...)
- 8° and test reports, tuning and adjustment reports.

SECTION (D) - CHANGES TO THE PUBLIC CONTRACT

11. REPLACEMENT OF THE CONTRACTOR (ART. 38/3, °1)

11.1. Scope

The clause may be applied in case the contractor is unable to continue the performance of the contract due to termination of the contract (art. 61, 62 or 62/1, °2 of the "GIR") or after taking an ex officio measure (art. 47 of the "GIR").

11.2. Nature of the amendment

In derogation of art. 47, § 2, °3 of the "GIR", the contracting authority may, in all the above cases, immediately award a new contract to the subcontractor(s) of the contractor already involved in the performance of the contract or to the second-ranked tenderer, for all or part of the contract still to be performed, and this without initiating a new award procedure. This agreement will take the form of an amendment to the original contract to be concluded between the contracting authority and the new contractor.

11.3. Conditions under which this revision clause may be used

Provided that they meet the selection criteria and the exclusion grounds set out in this document, and if they can meet the initial conditions of the contract, the contracting authority may conclude a contract for account with the contractor's subcontractor(s) already involved in the performance of the contract. To this end, the contracting authority shall contact the subcontractor(s) or his (their) representative(s), asking whether he (they) can meet the original terms of the contract. If the subcontractor(s) cannot meet the original conditions, a contract for account may be concluded under amended conditions. Before concluding such an amended contract, the contracting authority shall check whether the new conditions are still more advantageous than those of the tenderer ranked second during the evaluation of the tenders under the original award procedure. If this is not the case, the contracting authority will conclude a contract for account as referred to in the paragraph below.

If the contracting authority is unable or unwilling to avail itself of the option mentioned in the preceding paragraph, a contract for account may be concluded with the tenderer who was ranked second during the evaluation of the tenders under the original award procedure, provided that he meets the selection criteria and the exclusion grounds set out in this document.

To this end, the contracting authority contacts the second-ranked tenderer or his representative to ask whether he agrees to maintain his bid. If that bidder agrees without reservation, the contracting authority proceeds to award and conclude the contract for account. If the tenderer in question does not agree to maintain the terms of his initial tender or if his modified tender does not remain the most economically advantageous on the basis of the evaluation of the tenders under the original award procedure (after exclusion of the initial contractor), the contracting authority shall address itself:

- (a) either successively, according to the ranking, to the other regular the tenderers. In this case too, the contracting authority contacts the tenderer concerned or his representative to ask whether he agrees to maintain his tender. If that tenderer agrees without reservation, the contracting authority proceeds to award and conclude the contract for account ;
- (b) or simultaneously to all the other regular tenderers, asking them to revise their tender, on the basis of the initial terms of the contract, in order to award and conclude the contract on the basis of the tender that has become the most economically advantageous.

In any case, the contracting authority shall ensure that verification of the absence of grounds for exclusion and compliance with the selection criteria has taken place in an impartial and transparent manner, either in the context of the initial award procedure or at the time of the conclusion of the contract for account, so that no contract is awarded to a tenderer (or subcontractor) who should have been excluded or who does not meet the selection criteria. The minimum requirements of qualitative selection may, where appropriate, be adjusted in proportion to the remaining part of the contract if the contract for account is concluded only for part of the contract still to be performed.

The contract for account will be concluded by means of an amendment to the original contract, which will be signed by the contracting authority and the new contractor. If the contract has already been partially performed, this amendment will accurately mention all parts of the contract that still need to be performed. The amendment shall also mention all the changed conditions compared to the original tender of the initial contractor, and compared to the original tender of the new contractor. If necessary, the amendment shall state the method of application of the original conditions to the remaining part of the contract. All other conditions stated in the contract documents (the tender specifications and the original tender of the initial or new contractor), shall continue to apply unchanged.

If a contract for account is concluded, a copy of the amendment concerning the contract to be concluded shall be sent to the initial contractor by electronic transmission, in deviation from art. 47, § 3 (3) of the “GIR”. If, following the application of an ex officio measure (art. 47 of the “GIR”), the price of the new contract for account concluded is higher than that of the initial contract, the initial contractor shall bear the additional costs.

12. REVISION OF PRICES (ART. 38/7)

12.1. This public contract provides for a price revision. Only one price revision can be applied per year (upon the contract award anniversary date).

12.2. To calculate the price revision, the following formula applies:

$$\blacktriangleright P = P_0 \times \left(\frac{S}{S} \times 0.4 + \frac{I}{I} \times 0.4 + 0.2 \right)$$

- Lower-case letters relate to data that are valid on the date the price revision is applied. Capital letters relate to data that are available 10 days before the opening of the tenders.
- P = Price after revision
- P₀ = Price of the tender
- S = salary costs (including social contributions): represents the average hourly wages of skilled workers, skilled workers and laborers, set by the Belgian National Joint Committee for the Construction Industry or local equivalent, increased by the overall percentage of social charges

and insurance, as accepted by the Belgian Federal Public Service Economy (category A) or local equivalent, 10 days before the opening of tenders

- s = same average hourly wages as S but on the initial date of the monthly period considered in the progress payment
- I = the index based on annual consumption on the internal market of the main materials and raw materials, established by the Belgian Federal Public Service (SPF) Economy (or local equivalent) for the calendar month preceding the date of opening of the offers
- i = the same index, for the calendar month preceding the period of the progress payment

12.3. Each fraction is rounded to the 5th decimal. The products of the multiplication of each of the quotients thus obtained by the value of the corresponding parameter are then also rounded to the 5th decimal.

12.4. The price revision may only be applied if the price increase or decrease following the request or if the price revision request amounts to at least 3% of the price quoted in the tender (for the first price revision) or of the last price revised or imposed (as of the second price revision).

13. INDEMNITIES FOR SUSPENSIONS ORDERED BY THE CONTRACTING AUTHORITY DURING CONTRACT PERFORMANCE (ART. 38/12)

13.1. The contracting authority reserves the right to suspend the performance of the contract for a given period, mainly because it considers that the procurement contract cannot be performed without inconvenience at that time.

13.2. The performance period is extended by the period of delay caused by this suspension, provided that the contractual performance period has not expired. If it has expired, the return of fines for late performance may be agreed.

13.3. When activities are suspended, based on this clause 13.3, the contractor is required to take all necessary precautions, at his expense, to protect the works already performed and the materials from potential damage caused by unfavourable weather conditions, theft or other malicious acts.

13.4. The contractor has a right to damages for suspensions ordered by the contracting authority when:

- (a) The suspension lasts in total longer than one twentieth of the performance period and at least ten working days or fifteen calendar days, depending on whether the performance period is expressed in working days or calendar days;
- (b) The suspension is not due to unfavourable weather conditions or other circumstances beyond the contracting authority's control which, in the contracting authority's discretion, constitute an obstacle to the continued performance of the contract at that time;
- (c) The suspension occurs during the contract's performance period.

14. UNFORESEEABLE CIRCUMSTANCES

14.1. As a general rule, the contractor is not entitled to request modifications to the contractual terms for circumstances unknown to the contracting authority.

14.2. A decision by the Belgian state to suspend cooperation with a partner country, or a decision of a government of a partner country to suspend cooperation with the Belgian state, constitutes an unforeseeable circumstance under this clause 14. In the event that the Belgian state or the partner country terminates or ceases activities, which implies therefore the financing of this public contract, Enabel will make reasonable efforts to negotiate a fair maximum compensation amount.

15. TAXATION HAVING AN EFFECT ON THE VALUE OF THE PUBLIC CONTRACT (ART. 38/8)

15.1. For this public contract, a price revision resulting from a change in taxation is possible if the case occurs in Belgium or in the country of performance concerned by this public contract and has an incidence on the value of the public contract.

15.2. Such price revision is only possible if both the following conditions apply:

- (a) The change entered into force after the tenth day preceding the deadline for submission of tenders, and
- (b) Either directly, or indirectly by means of an index, such taxation is not included in the revision formula provided for in procurement documents in application of Article 38/7 of the "GIR".

15.3. In the event of an increase in charges, the contractor must prove that it has actually borne the additional charges it has claimed and that they are related to the performance of the contract.

In case of a reduction, there is no revision if the contractor proves that he paid the charges at the old rate.

16. TERMS OF INTRODUCTION (ART. 38/14 TO 38/17)

16.1. The contracting authority or the contractor who wishes to rely on one of the review clauses, as referred to in Articles 38/9 to 38/12 of the "GIR", must give written notice of the facts or circumstances invoked on which it relies within 30 days, either after they occurred or after the date on which the contracting authority or the contractor should normally have known about them.

16.2. The contractor may only invoke the application of one of these review clauses if it succinctly discloses the influence of the facts or circumstances invoked on the course and cost of the contract to the contracting authority within the period mentioned under clause 16.1, regardless of whether the contracting authority is aware of the facts or circumstances.

SECTION (E) - CONTROL AND MONITORING OF THE PUBLIC CONTRACT

17. PRELIMINARY (TECHNICAL) INSPECTION (ART. 42)

17.1. As a rule, products should not be processed before being approved by the managing official or his authorised representative.

17.2. The following tests are foreseen:

1° costs related to the services of the receivers; these include travel and subsistence allowances for receivers.

2° the costs associated with taking samples, packaging and transporting the samples, regardless of where the inspection takes place,

3° the costs linked to the tests (preparations, manufacture of the test pieces, actual cost of the tests (for this purpose, the circulars relating to the fixing of the test prices are applicable)).

4° costs related to the replacement of products with defects or damage.

17.3. Products that at a given stage do not satisfy the inspection tests imposed will be declared unfit for inspection. Upon the request of the contractor, the contracting authority verifies whether the products have the required qualities or at the very least comply with good practice and satisfy the conditions of the contract.

If certain products are destroyed during verification, the contractor replaces these at its own expense.

Where the contracting authority declares that the product presented is not in the required condition for examination, the inspection request by the contractor will be considered not having been made. A new request is made when the product is fit for examination.

18. EX POST (TECHNICAL) INSPECTION (ART. 43)

- 18.1. For certain specified categories of performances, an ex post inspection shall be carried out after their performance.
- 18.2. These inspections and the taking of samples are carried out in accordance with the following provisions:
 - (a) Ex post technical acceptance will obligatorily be carried out for any defects to works or equipment components that would have remained hidden after completion of the works.
- 18.3. For performances subject to an ex post inspection, a deduction shall be made from the payments for those performances until the results of the inspection are known.

19. MEANS OF CONTROL (ART. 82)

- 19.1. The contractor shall notify the contracting authority of the precise locations of works in progress on its site, in its workshops and factories, as well as on the premises of its subcontractors and suppliers.
- 19.2. Without prejudice to the technical inspection procedures to be carried out on-site, the contractor shall at all times grant the managing official and the representatives appointed by the contracting authority free access to the production sites for the purpose of monitoring the strict application of the contract, particularly regarding the origin and quality of the products.
- 19.3. Where the contracting authority supervises the place of manufacture, no delivery may, on pain of refusal, be dispatched to the construction site until it has been approved for dispatch by the representative of the contracting authority.

Where the products are manufactured under permanent control in a particular workshop, they may be dispatched without further inspection by the contracting authority.

- 19.4. Accepted products located on the construction site will remain there under the contractor's supervision. They may no longer be removed from the construction site without the consent of the contracting authority.

The contracting authority becomes the owner of the products brought for processing at the construction site as soon as they have been accepted for payment. However, the contractor shall remain responsible for these products until provisional acceptance of the contract.

- 19.5. The rejected products shall be removed from the construction site by the contractor within fifteen days following service of the refusal report. Otherwise, the removal shall be carried out by the contracting authority at the contractor's expense and risk.

Any use of rejected products shall result in the automatic refusal of acceptance of the contract.

SECTION (F) - PERFORMANCE MODALITIES

20. ORDER FORMS

- 20.1. Performance of the public contract depends on the notification of one or more orders.

20.2. The contract can only be performed after an order form to that effect has been transmitted by the managing official via e-mail.

21. PERFORMANCE PERIOD (ART. 76)

21.1. The contractor must complete the works within **100 working days**.

Lot	School Name	Performance period / Calendar days
1	Eight STEM Labs in Southern Governorate	100
2	Eight STEM Labs in Middle and Northern Governorates	100

21.2. Performance shall start **from the day to be set in an order form**.

21.3. **Both lots must be implemented in parallel and independently**. The tenderer(s) shall start the implementation immediately after the commencement order.

22. PROVISION OF LAND (ART. 77)

22.1. The works must be carried out at the following address:

Lot N°	Address
1	Lot 1: Eight STEM Labs in the Southern Governorates, consisting of the following schools: 1° Alnahda Basic Boys' School in Hebron City 2° Idna Secondary Girls' School in Idna Village 3° Arab Alfrajat Basic Mixed School in Arab Alfrajat Village 4° Nahhalin Secondary Boys' School in Nahhalin Village 5° Houssan Secondary Girls' School in Houssan Village 6° Jouret Al Shamaa Secondary Coed School in Jouret Al Samaa Village 7° Marah Rabah Secondary Boys' School in Marah Rabah Village 8° Thabara Basic Mixed School in Thabara Village

Lot N°	Address
2	<p>Lot 2: Eight STEM Labs in the Middle and Northern Governorates, consisting of the following schools:</p> <p>1° Musqat Secondary Boys' School in El Ezarieh City</p> <p>2° Al-Newimeh Secondary Boys' School in Al-Newimeh Village</p> <p>3° Al-Auja Secondary Girls' School in Al Auja Village</p> <p>4° Fasail Secondary Mixed School in Fasail Village</p> <p>5° Tammoun Second Basic Boys' School in Tammoun Village</p> <p>6° Adawiah Secondary Girls' School in Tulkarem City</p> <p>7° Faroun Secondary Girls' School in Faroun Village</p> <p>8° Rameen Secondary Boys' School in Rameen Village</p>

The land occupied by the works or structure shall be provided by the contracting authority to the contractor free of charge.

- 22.2. Outside that area, the contractor shall be responsible for all costs associated with land required for the installation of construction sites, storage of supplies, preparation and handling of materials, as well as land needed for the storage of soil, excavated material that is deemed unsuitable for reuse as landfill, demolition debris, general waste, and excess earth. The contracting authority wishes to provide the following lands, necessary for the performance of the contract, to the contractor:

The contractor shall be liable for any damage to private property, including land owned by adjoining landowners, occurring during the execution of the works or while storing materials.

- 22.3. Enclosing hoardings must not be used for advertising purposes. Only "Construction Site Information" may be displayed on the sites, and no other form of advertising is permitted.

23. LABOUR CONDITIONS (ART. 78)

- 23.1. All legal, regulatory, and contractual provisions related to general working conditions and health and safety in the workplace shall apply to all personnel on the contractor's site.

- 23.2. The contractor, along with any subcontractors at any stage and all personnel providers, is required to pay their respective personnel salaries, bonuses, and allowances in accordance with the rates established by law and collective agreements, including those set by company agreements.

- 23.3. The contractor shall maintain an up-to-date list of all personnel employed on the site, which must be available to the contracting authority at all times, at a location designated by the contracting authority. This list must be updated daily and include at least the following personal information:

- (a) Name;
- (b) First name;
- (c) Actual occupation per day on the construction site;
- (d) Date of birth;
- (e) Job title;
- (f) Qualifications.

24. ORGANISATION OF THE CONSTRUCTION SITE (ART. 79)

- 24.1. The contractor shall comply with all local legal and regulatory provisions governing building works, road works, health and safety in the workplace, as well as the provisions of collective, national, regional, local, and company agreements.
- 24.2. During the performance of the works, the contractor shall be responsible for maintaining the security of the site throughout the duration of the works. In the interest of his own personnel, the representatives of the contracting authority, and third parties, the contractor must take all necessary measures to ensure their safety.
- 24.3. The contractor shall, under his sole responsibility and at his own expense, take all necessary measures to ensure the protection, preservation, and integrity of existing buildings and works. He shall also implement all required precautions, in accordance with best building practices and any special circumstances, to protect neighbouring properties and prevent any disturbances caused by his actions.
- 24.4. The contractor shall bear all costs and implement all necessary measures to clearly signal the construction and storage sites during the day, at night, and in foggy conditions, particularly in areas where vehicles and pedestrians circulate. The contractor must completely enclose his sites along temporary or permanent sidewalks, as well as along temporary or permanent traffic arteries. This enclosing and hoarding will also serve to protect the construction site from any outside intrusion during the construction period.
- 24.5. The contractor shall provide a purpose-made notification billboard for the construction site, with dimensions and design as specified by the contracting authority, prior to the commencement of works. The informative panel must be installed when construction work begins, along the public road, in a location to be determined by the contracting authority.

25. WORKS LOGBOOK (ART. 83)

- 25.1. Upon reception of the notification of contract conclusion, the contractor shall provide the necessary works logbooks to the contracting authority.
- 25.2. Once the works have commenced, the contractor shall submit two copies of the works logbooks, containing all the required information, on a daily basis to the representatives of the contracting authority. This information includes:
 - (a) Weather conditions;
 - (b) Interruptions to work caused by adverse weather conditions;
 - (c) Working hours;
 - (d) The number and capacity of workers employed on the site;
 - (e) Materials supplied;
 - (f) Equipment used and equipment out of service;
 - (g) Unforeseen events;
 - (h) Minor amendment orders;
 - (i) Attachments and quantities performed for each item and in each zone of the construction site. These attachments must accurately and comprehensively represent all work performed, including quantities, dimensions, and weights.
- 25.3. Failure to provide the above documents may result in the application of penalties.
- 25.4. If the contractor does not submit remarks by registered letter sent within 15 days of the disputed entry or detailed notes, they will be deemed to agree with the annotations made in the logbooks or detailed attachments.

25.5. If any observations are deemed unjustified, the contractor will be notified by registered letter.

26. LIABILITY OF THE CONTRACTOR (ART. 84)

- 26.1. The contractor shall be held liable for all works performed by him or his subcontractors until the final acceptance of all works.
- 26.2. During the warranty period, the contractor shall, as required, carry out all necessary works and repairs to restore the work to a good state of operation and maintain it in that state.
- 26.3. Any repairs to address shortcomings shall be performed in accordance with the instructions of the contracting authority.

SECTION (G) - MEANS OF ACTION

27. FAILURE OF PERFORMANCE (ART. 44)

- 27.1. The contractor shall be considered in breach of this public contract under the following circumstances:
- (a) When contract performance is not carried out in accordance with the conditions specified in the procurement documents;
 - (b) When, at any time, contract performance has not progressed in such a way that it can be fully completed on the due dates;
 - (c) When the contractor fails to comply with written orders issued in due form by the contracting authority.

Any failure to comply with the provisions of the public contract, including the non-compliance with orders from the contracting authority, will be documented in a report ('process verbal'). A copy of this report will be sent immediately to the contractor either by registered post or e-mail (with proof of the exact dispatch date).

- 27.2. The contractor must address the defects without delay. He may assert his right of defence, either by registered post or e-mail (with proof of the exact dispatch date), addressed to the contracting authority within fifteen days from the date of dispatch of the report (process verbal). Silence on his part after this period shall be deemed as acknowledgement of the reported facts.
- 27.3. Any defects that can be attributed to the contractor may result in the application of one or more measures as provided in Articles 45 to 49, 86 and 87 of the "GIR".

28. PENALTIES (ART. 45)

- 28.1. Due to the significance of the works, the following penalties will be imposed automatically, without prior notice, for each breach, at a daily rate of **EUR 250** for every calendar day of non-performance:
- (a) Non-delivery of administrative and technical documents : This penalty applies if the contractor fails to deliver the required documents by the deadlines set during construction site meetings or by administrative order.;
 - (b) Absence from construction site or coordination meetings: A penalty will be imposed for every absence where the contractor has not attended or has not been validly represented at meetings they were required to attend.;
 - (c) Delay in executing observations or administrative orders of the contracting authority via the managing official: If observations, especially those from construction site visits (e.g.,

painting orders) or following acceptance, are not addressed by the deadlines set by the managing official, the contractor will incur a daily penalty until the issue is resolved.;

- (d) Change of key staff members without prior approval from the contracting authority: A lump sum penalty will apply per day of non-compliance, until either the managing official receives the contracting authority's approval for the new staff member or the replaced staff member resumes their duties, or both parties agree on an acceptable replacement. Penalties will not be reversed retroactively, even if an agreement is reached later.
- 28.2. In accordance with Article 44 § 2 of the "GIR", if a shortcoming is identified in relation to any of the above stipulations, the contracting authority may grant the contractor a period to address the shortcoming and inform the contracting authority of the repair either by registered post or e-mail (with proof of the exact dispatch date). In this case, the contractor will be notified of the repair deadline, along with the failure of performance report mentioned in Art. 44 § 2 of the "GIR".
- 28.3. If no deadline is specified in the registered letter or e-mail, the contractor must repair the shortcomings without further delay.

29. FINES FOR DELAY (ART. 46 AND 86)

- 29.1. Fines for delay differ from penalties referred to in Article 45 of the "GIR". They are due, without the need for notice, by the mere lapse of the performance period without the issuing of a report and they are automatically applied for the total number of days of delay. Fines will be calculated using the formula in Article 86 § 1 of the "GIR".
- 29.2. If the works are not completed within the period specified in clause 21, a fine will be automatically applied for each working day of delay as follows:

$$R = 0.45 * ((M * n^2) / N^2)$$

Where:

- R = total fines for a delay of n working days;
- M = initial procurement value;
- N = initially specified number of working days for performance of the contract;
- n = number of working days of delay.

If M is less than **EUR 75.000** and N is no more than **150 working days**, N^2 will be replaced by **150 x N**.

If the contract includes several parts or several stages, each of which has its own period N and value M , each of them will be deemed a distinct contract for the application of fines.

If, without setting parts or stages, the tender specifications stipulate that binding partial periods apply, failure to meet them will incur fines calculated in accordance with the formula referred to in Article 86 § 1 of the "GIR", in which the factors M and N refer to the total contract. For each partial period of P working days, the maximum fine will be:

$$R_{par} = (M / 20) * (P / N)$$

- 29.3. Without prejudice to the application of these fines, the contractor shall indemnify the contracting authority where appropriate against any damages owed to third parties on account of its delay in performing the contract.

30. MEASURES AS OF RIGHT (ART. 47 AND 87)

- 30.1. When, upon the expiration of the deadline specified in Article 44, § 2 of the "GIR", to present justifications, the contractor has remained inactive or has submitted justifications deemed

insufficient by the contracting authority, the latter may invoke the measures as of right outlined in clause 30.2. However, the contracting authority may apply these measures before the expiration of the aforementioned term when the contractor has explicitly acknowledged the identified shortcomings.

30.2. The measures as of right are:

- (a) Unilateral termination of the contract. In this case the entire performance bond, or if no bond has been posted an equivalent amount, is acquired as of right by the contracting authority as lump sum damages. This measure excludes the application of any fine for delay in performance in respect of the terminated part;
- (b) Completion of all or part of the unfulfilled contract by the contracting authority itself;
- (c) Conclusion of one or more replacement contracts with one or more third parties for all or part of the contract remaining to be performed.

The measures outlined in points (a), (b), and (c) will be executed at the expense, risk, and peril of the defaulting contractor. However, any fines or penalties imposed during the performance of a replacement contract will be borne by the new contractor.

31. OTHER SANCTIONS (ART. 48)

Without prejudice to the sanctions outlined in these tender specifications, the contractor in default of performance may be excluded by the contracting authority from participating in its public contracts for a period of three years. The contractor will be given the opportunity to present a defence, and the contracting authority will notify the contractor of its reasoned decision.

32. PRICE OF THE CONTRACT IN CASE OF LATE PERFORMANCE (ARTICLE 94)

The price for the works performed during a delay attributable to the contractor will be calculated according to the method that is most advantageous to the contracting authority. The two options are:

- (a) By assigning to the constituent elements of the prices, contractually specified for revision, the values applicable during the period of delay in question; or
- (b) By assigning an average value (E) to each of the price elements, calculated as follows:

$$E = (e_1 \times t_1 + e_2 \times t_2 + \dots + e_n \times t_n) / (t_1 + t_2 + \dots + t_n)$$

Where:

e_1, e_2, \dots, e_n represent the successive values of the price element during the contractual period, which may be extended if the delay is not attributable to the contractor;

t_1, t_2, \dots, t_n represent the corresponding periods for applying these values, expressed in months of 30 days. Fractions of a month and the duration of suspensions in the performance of this contract shall not be taken into account.

The average value E will be calculated to two decimal places.

SECTION (H) - END OF THE PUBLIC CONTRACT

33. ACCEPTANCE AND GUARANTEE OF THE WORKS PERFORMED (ART. 64-65 AND 91-92)

33.1. The managing official will closely follow up the works during their performance. The works will not be accepted until after having satisfied the inspections, technical acceptance operations and prescribed tests.

33.2. Provisional Acceptance is provided upon the completion of performance of the works forming the subject-matter of the contract and, on expiry of a warranty period, final acceptance marking full completion of the contract.

The total or partial taking of possession of the work by the contracting authority does not constitute provisional acceptance.

33.3. If the work is completed by the specified completion date, and insofar as the results of the inspections and the prescribed tests are known, a report of provisional acceptance or refusal of acceptance shall be drawn up within fifteen days of the above-mentioned date.

If the work is completed before or after the specified date, the contractor must notify the managing official either by registered letter or e-mail showing the exact date of dispatch, and at the same time request provisional acceptance. Within fifteen days of the date on which the contractor's request is received and insofar as the results of the inspections and the prescribed tests are known, a report of provisional acceptance or refusal of acceptance shall be drawn up.

In any event, the contracting authority shall verify and pay the amount due to the contractor within the processing period referred to in Article 95, § 3 of the "GIR" (clause 34).

33.4. The warranty period will commence on the date provisional acceptance is granted and will last for **1 (one) year**.

33.5. Within **15 (Fifteen) calendar days** before the expiry of the warranty period, a report confirming final acceptance or refusal of acceptance will be issued.

33.6. The contractor remains liable for all works performed by themselves or their subcontractors until final acceptance of all works.

33.7. During the warranty period, the contractor must carry out any necessary repairs to restore the work to a good state of operation and maintain it in this condition. However, after provisional acceptance, the contractor will not be liable for damages the causes of which are not attributable to him.

If the contractor performs repairs or partial works during the warranty period, they must restore adjacent parts (e.g., paint, wallpaper, parquet flooring) if these have been damaged due to the repairs undertaken.

In buildings or other property that are being occupied the contractor may not hinder or endanger said occupation in any way for the performance of his works. The contractor shall bear all costs for the measures needed for that purpose.

Throughout the warranty period, the contractor must carry out any required works and repairs to restore the work to a good state of operation and maintain it in that condition.

33.8. From the date of provisional acceptance, and without prejudice to the contractor's obligations during the warranty period, the contractor shall be responsible for the solidity and proper execution of the works in accordance with Articles 1792 and 2270 of the Civil Code.

Any failure by the contractor to meet obligations during the warranty period will be documented in a report ('procès-verbal') and may lead to measures as of right, in accordance with Article 44 of the "GIR".

34. INVOICING AND PAYMENT (ART. 66-72 AND 95)

- 34.1. The contracting authority shall verify and pay the amount due to the contractor within a processing period of thirty days from the date of receipt by the contracting authority of the statement of claim and the detailed statement of work carried out. However, payment can only be made on condition that the contracting authority is in possession of the duly established invoice.
- 34.2. Only works that have been performed correctly may be invoiced. The invoice must be issued in EURO.
- 34.3. All invoices must be addressed to: **Al Bireh, Al Balou', Mecca Street, Ramallah Royal Center, 7th Floor**
- The invoice must include:
- (a) A detailed description of the works justifying the payment;
 - (b) A signature and date;
 - (c) The statement: **"Certified true and sincere for the amount of EUR (amount in words)."**;
 - (d) The reference **"PSE22001-10070"** and the name of the managing official (**"Lina Haramy"**) and supported by (**"Walid Aboudi"**).
- 34.4. Payments will be made via bank transfer(s) only.
- 34.5. Payment will be made in accordance with one of the following arrangements: Payment will be made on the basis of the monthly progress reports that are established by the building contractor and the permanent supervisor and approved by the managing official after inspection and partial provisional acceptance.
- 34.6. Each progress report must include:
- (a) Total quantities to be achieved as per the initial measurements;
 - (b) Quantities achieved and recorded in the previous month's progress report;
 - (c) Quantities achieved during the current month;
 - (d) Total quantities achieved to date;
 - (e) Unit prices as per the order;
 - (f) Total prices for the quantities achieved during the month for each item;
 - (g) Total amount invoiced for the current month. .

35. ADVANCE PAYMENTS

- 35.1. No advance payment will be granted under this contract.

5 TERMS OF REFERENCE

36. BACKGROUND INFORMATION

The Kingdom of Belgium has been involved in the sector of school construction in the occupied Palestinian territory (oPt) since 2003. In 2022, a new 5-year agreement was signed that included an intervention on quality education and learning. The budget of this intervention is 17.5 million EUR.

This tender and activity will pour into result two of the projects' objectives: Result 2 – Enhanced quality of general education & learning outcomes in STEAM & 21st century skills.

The intervention aims to help improve learning outcomes in STEAM and 21st century skills through the following major pathways:

- Enhance quality and learning outcomes through improving the quality of teaching and learning online;
- Improving the quality of formal teaching of science, technology, maths and 21st century skills;
- Expanding and facilitating access to and enhancing the quality of extra-curricular initiatives that raise the interest of children and youth in STEAM and that build their STEAM and 21st century skills;
- Attracting more students into science, maths and TVET streams.

37. SCHOOLS' LOCATION, DESCRIPTION AND SCOPE OF WORK

The scope of the works for each one of the schools is defined below. The scope is further detailed in Annexes 1 and 2.

37.1. Lot 1: Eight STEM Labs in the Southern Governorates

The lot consists of eight schools that are located Hebron and Bethlehem Governorates. These schools are part of the initiative of the Ministry of Education to expand the scope of schools that are fully equipped with STEM labs and equipment in support of the project objectives outlined above. The main objective of the intervention will be to rehabilitate and upgrade the existing computer/technology labs to accommodate new infrastructure and furniture to better serve the students in their learning experience; the scope in general entails civil works (including: flooring, ceiling, painting, curtains, and furniture), electrical works (including: power, lighting and low voltage systems), and mechanical (including: AC units).

Lot 1 – Southern Governorates				
#	School Number	School Name	Directorate	Adress
1	26111067	Alnahda Basic Boys School	Hebron	Hebron City
2	27112178	Idna Secondary Girls' School	South Hebron	Idna Village
3	27112253	Arab Alfrajat Basic Mixed School		Arab Alfrajat Village
4	22112008	Nahhalin Secondary Boys School	Bethlehem	Nahhalin Village
5	22112054	Houssan Secondary Girls School		Houssan Village
6	22112011	Jouret Al Shamaa Secondary Coed School		Jouret Al Shamaa

7	22112014	Marah Rabah Secondary Boys School		Marah Rabah
8	22112080	Thabara Basic Mixed School		Thabara Village

37.2. Lot 2: Eight STEM Labs in the Middle and Northern Governorates

The lot consists of eight schools that are located Jerusalem, Jericho, Tubas and Tulkarem Governorates. These schools are part of the initiative of the Ministry of Education to expand the scope of schools that are fully equipped with STEM labs and equipment in support of the project objectives outlined above. The main objective of the intervention will be to rehabilitate and upgrade the existing computer/technology labs to accommodate new infrastructure and furniture to better serve the students in their learning experience; the scope in general entails civil works (including: flooring, ceiling, painting, curtains, and furniture), electrical works (including: power, lighting and low voltage systems), and mechanical (including: AC units).

Lot 2 – Middle and Northern Governorates				
#	School Number	School Name	Directorate	Address
1	19112034	Musqat Secondary Boys School	Jerusalem	El Ezariah City
2	24112018	Al-Nweimeh Secondary Boys School	Jericho	Al-Nweimeh Village
3	24112014	Al-Auja Secondary Girls School		Al Auja Village
4	24112009	Fasail Secondary Mixed School		Fasail Village
5	29112025	Tammoun Second Basic Boys School	Tubas	Tammoun Village
6	14111059	Adawiah Secondary Girls School	Tulkarem	Tulkarem City
7	14112024	Faroun Secondary Girls School		Faroun Village
8	14112068	Rameen Secondary Boys School		Rameen Village

37.3. Constraints

All schools within each lot must be implemented in parallel; no access required for the project located in Jerusalem as it is situated in El Ezariah City.

37.4. Annexes

- ▶ Annex 1: Bill of quantities
- ▶ Annex 2: Set of plans for lot 1 and lot 2, and a book of details
- ▶ Annex 3: Technical specifications

6 SELECTION FILE

APTITUDE TO EXERCISE THE PROFESSIONAL ACTIVITY

1. OFFICIAL REGISTRATION

The tenderer must demonstrate being officially registered in the relevant trade or vocational register in accordance with the legislation of the country where the tenderer is established.

ECONOMIC AND FINANCIAL CAPACITY

2. MINIMUM TURNOVER

- 2.1. The tenderer must submit a statement of the total turnover and the turnover of the business activity that is the subject of the contract, for the last **three** available financial years (2023, 2024, and 2025), depending on the date of establishment or the date on which the economic operator commenced his business activities, insofar as the relevant turnover figures are available.
- 2.2. The annual minimum turnover that economic operators must achieve in the domain to which the contract relates:

Lot N°	Lot title	Minimum annual turnover – (€)
1	Lot 1: Eight STEM Labs in the Southern Governorates, consisting of the following schools:	350,000 euro
2	Lot 2: Eight STEM Labs in the Middle and Northern Governorates, consisting of the following schools:	350,000 euro

- 2.3. In the event that the successful tenderer is awarded several lots, the minimum turnover for these lots must be added up.
Therefore, if a tenderer submits a tender for more lots than can be awarded to them, the tenderer must indicate their order of preference for the award of these lots in their tender.

TECHNICAL AND PROFESSIONAL APTITUDE

3. STAFF QUALIFICATIONS AND EXPERIENCE

- 3.1. The tenderer shall ensure the availability of qualified staff capable of performing the contract effectively. The tenderer must include in their submission an overview of the staff to be assigned to the contract, detailing their qualifications, degrees, and relevant professional experience.
- 3.2. Specifically, the tenderer must demonstrate having access to, or the capability to deploy, the following:

No.	Position/ Requirements	Min.	Total work projects	Minimum quantity required for being awarded:
-----	------------------------	------	---------------------	--

		(years)	Any one lot	Both lots
1	Project Manager (B.Sc in Civil/Arch Engineering)	15	1 (full-time)	2 (full-time)
2	Site Engineer (B.Sc in Civil Engineering)	7	2 (full-time)	4 (full-time)
3	Electrical Eng (B.Sc in Electrical Engineering)	7	1 (part-time)	2 (part-time)
4	Mechanical Eng (B.Sc in Mechanical Engineering)	7	1 (part-time)	2 (part-time)

3.3. The tenderer shall include in his tender an overview of staff that will be used for the performance of the contract, using the table in 4- Staff disposed. The tenderer shall list the staff members' degrees (education) as well as their professional experience (number of years of post-graduate work experience in the construction sector), and their access to Jerusalem. Each staff proposed, including the foreman, shall be supported with a complete and up-to-date CV (2026) showing experience until present. The Contracting Authority reserves its right to request, during the works implementation, proofs of legal employment from relevant authorities of the different staff proposed in the tender.

4. REFERENCES FOR SIMILAR EXECUTED PROJECTS

- 4.1. The tenderer must provide references for similar contracts performed over the past three years.
- 4.2. The tenderer shall include in their submission a list of the main similar contracts completed in the last three years.
- 4.3. These references must be supported by certificates proving that the main works have been carried out properly, both in terms of the manner of execution and the result, issued or approved by the relevant authority, or, in the case of private recipients, by certification from the private purchaser or, alternatively, by a simple statement from the contractor.
- 4.4. The tenderer must provide a minimum of **3 (three)** accepted references per lot.
- 4.5. The total value of the accepted references must meet or exceed a minimum combined value of **500,000** euro per lot.
- 4.6. The value per accepted reference must meet or exceed a minimum value of **150,000** euro.

Lot 1

Date	Minimum Number of contracts	Each with a minimum amount of (€) incl. VAT:	Minimum combined value of contracts (€) incl. VAT:	Similarity check
Within last three years (from 2024)	At least three contracts	150,000.00	500,000.00	Rehabilitation of public buildings, laboratories, schools and STEM Labs.

Lot 2

Date	Minimum Number of contracts	Each with a minimum amount of (€) incl. VAT:	Minimum combined value of contracts (€) incl. VAT:	Similarity check
Within last three years (from 2024)	At least three contracts	150,000.00	500,000.00	Rehabilitation of public buildings, laboratories, schools and STEM Labs.

- 4.7. The tenderer includes in his tender a list of the main works that have been executed including the amount and date as well as the public or private recipients. The works are backed by completion certificates drawn up or approved by the competent authority or, where the consignee was a private purchaser by certification of the private purchaser, or by default, by a simple statement of the building contractor.
- 4.8. Works shall be successfully and substantially completed and that is similar to the proposed works.
- 4.9. Contracts which have been entirely (100%) subcontracted by the tenderer to another entity will not be considered as experience and shall not be listed.
- 4.10. For contracts implemented in consortium with other entities, only the amount of works really implemented by the tenderer shall be mentioned and considered as experience.

5. SUBCONTRACTING

The tenderer must provide a description of the part of the contract that the contractor may wish to subcontract.

6. PRODUCT CERTIFICATES

- 6.1. The tenderer must provide, as regards the products to be supplied, certificates issued by officially recognised institutes or quality control services, confirming the conformity of clearly identified products by means of references to technical specifications or standards.
- 6.2. The following certificates must be provided :

N°	Minimum Requirement
1	TS-35 All building materials and equipment should be registered with an international recognized norm institution or correspond to an international recognized norm. The standards used shall be DIN, ISO, and B.S..Standard or approved equivalent.

7 OVERVIEW OF THE DOCUMENTS TO BE SUBMITTED

- (a) Identification of the tenderer (for each participant for tenders submitted by a group) (see clause 1 of chapter 8 Forms);
- (b) List of subcontractors (see clause 2 of chapter 8 Forms);
- (c) Annual turnover (see clause 2 of chapter 8 Forms)
- (d) Staff disposed (see clause 2 of chapter 8 Forms)
- (e) Tender form - Prices - lot 1 (see clause 2 of chapter 8 Forms)
- (f) Tender form - Prices - lot 2 (see clause 2 of chapter 8 Forms)
- (g) Awarding Preferences (clause 3 of chapter 8 Forms)
- (h) Similar assignments (clause 3 of chapter 8 Forms)
- (i) The declaration on honour – Exclusion grounds (for each participant for tenders submitted by a group) (see clause 0 of chapter 8 Forms);
- (j) Integrity statement of the tenderers - (clause 10 of chapter 8 Forms).
- (k) All documents demanded in
- (l)
- (m)
- (n)
- (o) 6 Selection file (see clause 15 of chapter 3 Award Procedure);
- (p) All documents demanded in clause 17 of chapter 3 Award Procedure (award criteria);
- (q) Where an economic operator wants to rely on the capacities of other entities (particularly subcontractors or independent subsidiaries) with regard to the criteria of economic and financial capacity or technical and professional aptitude (see clause 15 of chapter 3 Award Procedure and
- (r)
- (s)
- (t)
- (u) 6 Selection file), it shall prove to the contracting authority that it will have at its disposal the resources necessary, for example, by producing a commitment by those entities to that effect;
- (v) The order of preference for the award of lots (see clause 2 of chapter 2 Subject-Matter and Scope of The Public Contract);
- (w) A detail of the prices quoted, listing for each item the various elements that are included in the price and the applicable taxes;
- (x) The statutes and any other document required to establish the power of attorney of the signer(s) (for each participant for tenders submitted by a group);
- (y) Where the tender is submitted by a group of economic operators, the association agreement signed by each participant, clearly showing who represents the association.
- (z) The following documents need to be provided as part of the tender:
 - **Error! Reference source not found.**
 - Valid deduction at source

- Bank certificate (EUR currency)

8 FORMS

1. IDENTIFICATION FORM

Identification form Natural person

This form must be completed, signed and accompanied by a legible photocopy of the identity document.

Please complete the form in CAPITAL LETTERS and LATIN LETTERS.

3. ANNUAL TURNOVER

The tenderer must complete the following table of financial data based on his annual accounts.

Financial data	Year [EUR]	2023	Year [EUR]	2024	Year [EUR]	2025
Annual turnover, excluding this public contract ^[1]						
Current Assets ^[2]						
Current Liabilities ^[3]						
Average annual exchange rates	1 ILS = 0.283 EUR		1 ILS = 0.251 EUR		1 ILS = 0.258 EUR	
	1 USD = 0.943 EUR		1 USD = 0.926 EUR		1 USD = 0.893 EUR	

First name:		Place:	
Last name:		Date:	
Duly authorised to sign this tender on behalf of:		Signature and stamp:	

^[1] Last accounting year for which the entity's accounts have been closed.

^[2] The gross inflow of economic benefits (cash, receivables, other assets) arising from the ordinary operating activities of the enterprise (such as sales of goods, sales of services, interest, royalties, and dividends) during the year.

A balance sheet account that represents the value of all assets that are reasonably expected to be converted into cash within one year in the normal course of business. Current assets include cash, accounts receivable, inventory, marketable securities, prepaid expenses and other liquid assets that can be readily converted to cash.

^[3] A company's debts or obligations that are due within one year. Current liabilities appear on the company's balance sheet and include short term debt, accounts payable, accrued liabilities and other debts.

4. STAFF DISPOSED

Tenderers wishing to apply for both lots must complete both tables below, while ensuring that the disposed staffing on both lots are different.

Lot 1:

Position	Full name	Total work projects (years)	Educational degree	CV attached?
Project Manager				
Site Engineer (Position 1)				
Site Engineer (Position 2)				
Electrical Engineer				
Mechanical Engineer				

Lot 2:

Position	Full name	Total work projects (years)	Educational degree	CV attached?
Project Manager				
Site Engineer (Position 1)				
Site Engineer (Position 2)				
Electrical Engineer				
Mechanical Engineer				

The tenderer shall attach to his tender the up-to-date (2026) CVs of all mentioned personnel.

5. TENDER FORM - PRICES - LOT 1

By submitting this tender, the tenderer commits to performing this public contract in conformity with the provisions of the Tender Specifications and all of their annexes and explicitly declares accepting all conditions listed in the Tender Specifications and their annexes and renounces any derogatory provisions such as his own general sales conditions.

Before filling this form, the tenderer shall fill his unit prices in Annex 1: Bill of quantities. The unit prices and the global prices for each item in the inventory are established relative to the value of these items in relation to the total value of the tender. All general and financial costs as well as the profits are distributed between the various items in proportion to their weight. The tenderer commits to performing the public contract in accordance with the provisions of the Tender Specifications for the following prices, given in euros:

Price offer (without V.A.T)	
€	

Certified true and sincere,

Done at:		Date:	
By (Name of entity):		Represented by (Full name)	
Signature of authorised representative:			

Management of VAT will depend on where the tenderers are registered.
 For tenderers registered with the Palestinian Authority, contracts will be exempted from VAT. Enabel will be in charge of obtaining a VAT exemption from the Palestinian Ministry of Finance for the entire contract immediately after awarding. The contractor will be issuing invoices with zero-VAT.
 For tenderers registered in Israel, Enabel will not be able to obtain a VAT exemption nor refund. VAT will therefore be paid by Enabel on each invoice on top of the prices mentioned in the financial offer.
 In both cases, the tenderer shall fill their prices without VAT as part of their financial offer in the tender.
 Please note that financial offers will be evaluated according to the cost actually incurred to the contracting authority. Therefore, for the evaluation of the award criterion, prices from tenderers registered in Palestine will be taken without VAT and be compared with prices with VAT for the tenderers registered in Israel.
 Reminder: joint venture agreements may be set up for this tender, including for the purpose of providing more competitive offers.

6. TENDER FORM - PRICES - LOT 2

By submitting this tender, the tenderer commits to performing this public contract in conformity with the provisions of the Tender Specifications and all of their annexes and explicitly declares accepting all conditions listed in the Tender Specifications and their annexes and renounces any derogatory provisions such as his own general sales conditions.

Before filling this form, the tenderer shall fill his unit prices in Annex 1: Bill of quantities. The unit prices and the global prices for each item in the inventory are established relative to the value of these items in relation to the total value of the tender. All general and financial costs as well as the profits are distributed between the various items in proportion to their weight. The tenderer commits to performing the public contract in accordance with the provisions of the Tender Specifications for the following prices, given in euros:

Price offer (without V.A.T)

9. DECLARATION ON HONOUR - EXCLUSION GROUNDS

Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer/beneficiary/partner/co-contractor declare that the tenderer is not in any of the following cases of exclusion:

** Please tick the boxes to confirm each situation*

- The counterparty or one of its directors has not been convicted by a final judicial decision of any of the following offenses:**
 - a. Participation in a criminal organization;
 - b. Corruption;
 - c. Fraud;
 - d. Terrorist offenses, offenses linked to terrorist activities or incitement to commit such offenses, complicity, or attempt;
 - e. Money laundering or terrorism financing;
 - f. Child labor and other forms of trafficking in human beings;
 - g. Employment of third-country nationals in illegal residence;
 - h. Creation of offshore companies.

- The counterparty fulfills its obligations related to the payment of taxes, duties, and social security contributions for an amount exceeding €3,000, unless it can demonstrate that it holds one or more certain, due, and unencumbered claims against a contracting authority for at least the amount corresponding to the overdue tax or social debt.**

- The counterparty is not in a state of bankruptcy, liquidation, cessation of activities, judicial reorganization, has not admitted bankruptcy, is not the subject of liquidation or judicial reorganization, or any analogous situation derived from similar procedures in other national regulations.**

- The counterparty has not committed any serious professional misconduct that questions its integrity. Serious professional misconduct particularly includes:**
 - a. Breach of Enabel's policy on sexual exploitation and abuse;
 - b. Breach of Enabel's policy on fraud and corruption risk management;
 - c. Violation of local legislation concerning sexual harassment at work;
 - d. Serious false statements or use of false documents in providing information required for exclusion checks or selection criteria, or concealing information;
 - e. Evidence sufficient to conclude anti-competitive acts, agreements, or arrangements;

Regarding conflict of interest:

Please tick the applicable box

- The counterparty or its directors have no actual or potential conflict of interest, no real or potential business or family relationship, nor appear to have such, with any member of Enabel's Board, personnel, or others involved in tender preparation, selection, or contract execution.
- or**
- The counterparty informs Enabel of any actual, potential, or reasonably perceived conflict of interest that may affect or appear to affect impartiality in the procurement, granting, selection, or contract execution process.
 - ➔ *A detailed description of any such conflicts, including nature and persons involved, will be annexed to this declaration.*
 - The counterparty has not committed any serious or persistent failures during the execution of a prior essential contractual obligation with another contracting authority resulting in measures, damages, or comparable sanctions.**
 - The counterparty attests that no restrictive measures have been taken against it related to international peace and security violations such as terrorism, human rights violations, destabilization of sovereign states, or proliferation of WMD.**
 - The counterparty does not appear on any sanction lists maintained by the United Nations, European Union and Belgium .**

I/we commit to promptly inform Enabel of any change in the above points, including sanctions or embargo measure adopted by the United Nations, the European Union and/or Belgium occurring after our signature of this Declaration.

10. INTEGRITY STATEMENT OF THE TENDERERS

§1 Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare the following:

- Neither members of administration or employees, or any person or legal person with whom the tenderer has concluded an agreement in view of performing the public contract, may obtain or accept from a third party, for themselves or for any other person or legal person, an advantage appreciable in cash (for instance, gifts, bonuses or any other kind of benefits), directly or indirectly related to the activities of the person concerned for the account of Enabel.
- The board members, staff members or their partners have no financial or other interests in the businesses, organisations, etc. that have a direct or indirect link with Enabel (which could, for instance, bring about a conflict of interests).
- I have / we have read and understood the articles about deontology of this public contract (see 1.7.) as well as Enabel's Policy regarding sexual exploitation and abuse and Enabel's Policy regarding fraud and corruption risk management and I / we declare fully endorsing and respecting these articles.

§2 If above-mentioned public contract is awarded to the tenderer, I / we declare, moreover, agreeing with the following provisions:

- In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the public contract, it is strictly forbidden to the public contractor (i.e. members of the administration and workers) to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to the employees of Enabel who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the contract, regardless of their hierarchical rank.
- Any (public) contract will be terminated, once it appears that contract awarding or contract performance would have involved the obtaining or the offering of the above-mentioned advantages appreciable in cash.
- Any failure to comply with one or more of the deontological clauses will lead to the exclusion of the contractor from this and other public contracts for Enabel.

§3 Finally, the tenderer takes cognisance of the fact that Enabel reserves the right to lodge a complaint with the competent legal instances for all facts going against this statement and that all administrative and other costs resulting are borne by the tenderer.

§4 Signature preceded by 'read and approved', in writing, and indication of name and function of the person signing:

Done at:		Date:	
By (Name of entity):		Represented by (Full name)	
Signature of authorised representative:
