

1. Could Enabel provide a consolidated overview of the complete offer structure, clearly distinguishing the administrative, technical and financial components, as well as the documents required under each component? **All details are included in the ToR**
2. Is there a prescribed template, structure or page limit for the technical proposal? **No**
3. Are bidders expected to propose their own team composition, or does Enabel require specific expert positions and a minimum number of experts? **The deliverables are our focus.**
4. Should the proposed team table indicate each expert's position, responsibilities, level of effort, mobilisation period and place of performance? **Yes in reference to the requested assignment.**
5. The award criteria refer to "personal Bios". Could Enabel confirm whether full CVs must be included in the offer, or whether concise professional bios are sufficient? If CVs are required, should they be submitted for all proposed experts or only for key personnel? **CVs are requested for key personal that will execute the assignment.**
6. Could Enabel confirm the complete list of administrative documents required at tender stage, including documents relating to legal registration, signing authority, exclusion grounds, subcontractors and consortium arrangements, where applicable?
7. Regarding the geographical scope, should bidders price activities only in Jerash and Ma'raq, or also include the potential expansion to Karak, Ma'an, Tafileh and Aqaba? **The geographical scope covers the whole north region.**
8. Could Enabel clarify the expected number of schools, VET centres, youth centres, community-based organisations, outreach events and community dialogue sessions to be covered? **All needed information is mentioned in the ToR**
9. Could Enabel confirm the radio campaign requirements, including the number of broadcasts per station, the duration of the campaign and whether airtime purchase must be included in the financial proposal? **Yes**
10. For Year 2, should bidders plan one infographic per quarter, resulting in four annually, or only one infographic for the entire year? **Per quarter is preferred**
11. For Year 3, does the photography requirement refer to four documentation sets per quarter or four sets for the entire year? **1 set per quarter.**
12. Is the service provider expected to conduct baseline, midline and final perception surveys? If so, could Enabel clarify the expected geographical coverage, sample size and related data-collection requirements? **No**
13. Could Enabel clarify the expected balance between remote work and physical presence in Jordan, particularly for the Team Leader and the experts responsible for community outreach and field implementation? **We expect a physical present of the team.**
14. Considering that the Inception Phase is currently scheduled for July 2026, could Enabel confirm the anticipated contract award and effective commencement dates? **Within one month**
15. Could Enabel clarify the expected review and approval process for communication strategies, content calendars, scripts and campaign materials, including the indicative approval timeline? **The team will work and coordinate closely with the service provider.**

Given the impact of these clarifications on the proposed methodology, team mobilisation, work plan and financial offer, CCM Worldwide respectfully requests an extension of the submission deadline. **Unfortunately, we are not able to extend the deadline.**
