SECTION (D) - SELECTION, AWARDING & CONCLUSION

12. EXCLUSION GROUNDS

12.1. The obligatory and facultative grounds for exclusion are provided in the declaration on honour attached to these tender specifications (see clause 0 of chapter 8 Forms).

12.2. By submitting the declaration enclosed in the annex to these tender specifications, the tenderer certifies that they are not in any of the exclusion cases listed in Articles 67 to 70 of the Law of 17

June 2016 on public procurement, nor Articles 61 to 64 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors.

- 12.3. The grounds for exclusion apply to all participants submitting a joint bid as a consortium of economic operators and third parties (in particular subcontractors or independent subsidiaries) whose capacity is invoked with regard to the criteria of economic and financial capacity or technical and professional aptitude (see clause 13 and 6 Selection file), in accordance with Article 73 § 1 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors.
- 12.4. The contracting authority will verify the accuracy of this declaration on honour for the tenderer with the highest ranked tender. To this end, the contracting authority will request the tenderer concerned to provide the necessary information or documents to verify their personal situation. The tenderer must submit this information by the fastest means and within the deadline set by the contracting authority.
- 12.5. The tenderer may attach these documents directly to his tender. If the tenderer fails to deliver the requested document(s) on time, the contracting authority reserves the right to exclude the tenderer.
- 12.6. Tenderers are strongly advised not to wait for the request of the contracting authority and to request the documents they have not attached to their tender as soon as possible from the competent authorities of the country where they are based. After all, in some cases, it may take a long time to obtain particular documents.
- 12.7. The contracting authority will directly obtain any information or documents that can be accessed free of charge by digital means from the instances that manage the information or documents. This is the case for Belgian tenderers (via the Telemarc platform), with the exception of the extract from the criminal record, which must be requested by the tenderer himself.
- 12.8. **Conflicts of Interest – Revolving Doors (Article 51 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors)**
Without prejudice to Articles 6 and 69, paragraph 1, 5° of the Law of 17 June 2016 on public procurement, a conflict of interest also includes any “revolving doors” situation. This occurs when a natural person who previously worked for a contracting authority — whether as internal staff, in a hierarchical position, as a civil servant, public officer, or in any other capacity linked to the contracting authority — subsequently intervenes under a public contract awarded by that same contracting authority. A conflict of interest arises when there is a connection between the activities previously performed by the individual for the contracting authority and the activities carried out under the awarded contract.

13. QUALITATIVE SELECTION

- 13.1. By means of the documents requested in the 'Selection file' (6 Selection file), the tenderer must demonstrate sufficient capacity to successfully perform this public contract.
- 13.2. Only tenders from tenderers who meet the selection criteria will be taken into consideration to participate in the comparison of tenders based on the award criteria outlined in clause 15 subject to the regularity of these tenders.
- 13.3. To meet the criteria of economic and financial capacity and the criteria on technical and professional aptitude, the tenderer may rely on the capacity of:
 - (a) all participants submitting a joint bid as a consortium of economic operators;
 - (b) other entities (in particular subcontractors or independent subsidiaries) regardless of the legal nature of the relationship with these entities, in accordance with Article 73 § 1 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors.
- 13.4. For all such participants or entities, the contracting authority must verify that there are no grounds for exclusion.

- 13.5. In accordance with Article 73 of the Royal Decree of 18 April 2017 on the award of public contracts in the classical sectors, where an economic operator wants to rely on the capacities of other entities (particularly subcontractors or independent subsidiaries) for replying to criteria of economic and financial capacity or technical and professional aptitude, it shall prove to the contracting authority that it will have at its disposal the resources necessary, for example, by producing a commitment by those entities to that effect.

14. OVERVIEW OF THE PROCEDURE

- 14.1. In a first phase, the tenders submitted by the selected tenderers will be evaluated as to their formal and material regularity.
- 14.2. The contracting authority reserves the right to have the irregularities in a tender regularised.
- 14.3. In a second phase, the formally and materially regular tenders will be evaluated as to their content by an evaluation commission. The contracting authority will restrict the number of tenders to be negotiated by applying the award criteria stated in these tender specifications (clause 15). This evaluation will be conducted on the basis of the award criteria and aims to set a shortlist of tenderers with whom negotiations will be conducted.
- 14.4. Then, the negotiation phase follows. In view of improving the contents of the tenders, the contracting authority may negotiate with tenderers the initial tenders and all subsequent tenders that they have submitted, except final tenders. The award criteria and the minimum requirements are not negotiable. However, the contracting authority may also decide not to negotiate. In this case, the initial tender is the final tender.
- 14.5. When the contracting authority intends to conclude the negotiations, it will so advise the remaining tenderers and will set a common deadline for the submission of any BAFO's (*Best and Final Offer*). Once negotiations have closed, the BAFO's will be evaluated as to its regularity and compared on the basis of the award criteria. The tenderer whose BAFO shows the best value for money (obtaining the best score based on the award criteria given under clause 15) will be designated the successful supplier for this public contract, after having been verified for absence of exclusion grounds and respect for the criteria of qualitative selection.

15. AWARD CRITERIA

- 15.1. The contracting authority will select the regular tender that it considers to be the most economically advantageous, based on the following criteria:

Award Criterion	Criterion Weight (%)	Criterion Evaluation or Formula
Delivery time	20	Delivery period for all 700 tablets: 20 points. Offers exceeding 60 calendar days are non-compliant. Compliant offers will be scored according to the method stated below. The period offered by the successful bidder is binding Delivery score = (shortest delivery period offered among compliant tenders ÷ delivery period offered by the tenderer) × 20.
Price	80	Lowest financial offer / Tenderer's financial offer × 80

- 15.2. The scores for the award criteria will added up. This public contract will be awarded to the tenderer that submitted the tender with the highest final score, after the contracting authority has verified the accuracy of the declaration on honour of this tenderer and provided the control shows that the declaration on honour corresponds with reality.

16. AWARDING THE PUBLIC CONTRACT

- 16.1. This public contract will be awarded to the tenderer who has submitted the most economically advantageous tender.
- 16.2. In accordance with Article 85 of the Law of 17 June 2016 on public procurement, the contracting authority is under no obligation to award the contract. The contracting authority may choose either not to award the public contract or to restart the procedure, if necessary, through another award procedure.

17. CONCLUDING THE CONTRACT

- 17.1. The contract is formed upon notification to the succesful tenderer of the approval of their tender.
- 17.2. Notification is made via digital platforms or email, and, on the same day, by registered post.
- 17.3. The full public contract consists of the following documents:
 - (a) These tender specifications and their annexes;
 - (b) The approved BAFO and all of its annexes;
 - (c) The registered letter notifying the award decision;
 - (d) Any later documents accepted and signed by both parties, as appropriate.
- 17.4. In the interest of transparency, Enabel commits to publishing an annual list of recipients of its contracts. By submitting their tender, the successful tenderer agrees to the publication of the contract title, nature and object of the contract, their name and location, and the contract amount.

4 SPECIAL CONTRACTUAL PROVISIONS

1. This chapter of these tender specifications holds the specific administrative and contractual provisions that apply to this public contract by way of derogation from the 'General Implementing Rules for public procurement' of the Royal Decree of 14 January 2013 (Royal Decree of 14 January 2013 establishing the general rules for the execution of public contracts), hereinafter referred to as "GIR", or as a complement or an elaboration thereof. The numbering of the articles below (between brackets) follows the numbering of the "GIR" articles. Unless indicated, the relevant provisions of the "GIR" apply in full.
2. These tender specifications do not derogate from the "GIR".

They may order changes to the contract with regards to its subject-matter or performance, provided that such changes remain within its original scope.
- 4.4. However, the signing of amendments or any other decision or agreement implying derogation from the initial terms and conditions of the contract are not part of the competence of the managing official. For such decisions the contracting authority is represented as stipulated under clause 1 of chapter 1 General Remarks.
- 4.5. Under no circumstances is the managing official allowed to modify the terms and conditions (e.g. performance deadline) of the contract, even if the financial impact is nil or negative. Any commitment, change or agreement that deviates from the conditions in these tender specifications and that has not been notified by the contracting authority, will be considered null and void.

5. CONFIDENTIALITY (ART. 18)

- 5.1. Suppliers who, during the performance of the contract, receive information or documents or data of any kind that are classified as confidential and relate, in particular, to the subject matter of the contract, the resources required for its performance and the operation of the contracting authority's services, shall take the necessary measures to prevent such information, documents or data from being disclosed to third parties who have no right to know them.

- 5.2. Suppliers who, in the performance of the contract, have knowledge of a drawing or model, know-how, method or invention belonging to the contracting authority or jointly to the contracting authority and the supplier, shall refrain from any communication concerning the drawing or model, know-how, method or invention to third parties, unless those elements are the subject of the contract.

By simply participating in the contracting process, the tenderer certifies that he will strictly comply with the obligations of the GDPR for any processing of personal data conducted in connection with that public contract.

Given the public contract, it is to be considered that the contracting authority and the supplier will each be responsible, individually, for the processing.

7. INTELLECTUAL PROPERTY (ART. 19 TO 23)

- 7.1. The contracting authority **does not acquire** the intellectual property rights created, developed, or used during performance of the public contract.
- 7.2. As the contracting authority does not acquire the intellectual property rights, it shall obtain a patent licence for the results protected by intellectual property law. This license must cover the modes of exploitation necessary for performance of this public contract.

10. REPLACEMENT OF THE SUPPLIER (ART. 38/3, °1)

10.1. Scope

The clause may be applied in case the supplier is unable to continue the performance of the contract due to termination of the contract (art. 61, 62 or 62/1, °2 of the "GIR") or after taking an ex officio measure (art. 47 of the "GIR").

10.2. Nature of the amendment

In derogation of art. 47, § 2, °3 of the "GIR", the contracting authority may, in all the above cases, immediately award a new contract to the subcontractor(s) of the supplier already involved in the performance of the contract or to the second-ranked tenderer, for all or part of the contract still to be performed, and this without initiating a new award procedure. This agreement will take the form of an amendment to the original contract to be concluded between the contracting authority and the new supplier.

10.3. Conditions under which this revision clause may be used

Provided that they meet the selection criteria and the exclusion grounds set out in this document, and if they can meet the initial conditions of the contract, the contracting authority may conclude a contract for account with the supplier's subcontractor(s) already involved in the performance of the contract. To this end, the contracting authority shall contact the subcontractor(s) or his (their) representative(s), asking whether he (they) can meet the original terms of the contract. If the subcontractor(s) cannot meet the original conditions, a contract for account may be concluded under amended conditions. Before concluding such an amended contract, the contracting authority shall check whether the new conditions are still more advantageous than those of the tenderer ranked second during the evaluation of the tenders under the original award procedure. If this is not the case, the contracting authority will conclude a contract for account as referred to in the paragraph below.

If the contracting authority is unable or unwilling to avail itself of the option mentioned in the preceding paragraph, a contract for account may be concluded with the tenderer who was ranked second during the evaluation of the tenders under the original award procedure, provided that he meets the selection criteria and the exclusion grounds set out in this document. To this end, the contracting authority contacts the second-ranked tenderer or his representative to ask whether he agrees to maintain his bid. If that bidder agrees without reservation, the contracting authority proceeds to award and conclude the contract for account. If the tenderer in question does not agree to maintain the terms of his initial tender or if his modified tender does not remain the most economically advantageous on the basis of the evaluation of the tenders under the original award procedure (after exclusion of the initial supplier), the contracting authority shall address itself:

- (a) either successively, according to the ranking, to the other regular the tenderers. In this case too, the contracting authority contacts the tenderer concerned or his representative to ask whether he agrees to maintain his tender. If that tenderer agrees without reservation, the contracting authority proceeds to award and conclude the contract for account ;

- (b) or simultaneously to all the other regular tenderers, asking them to revise their tender, on the basis of the initial terms of the contract, in order to award and conclude the contract on the basis of the tender that has become the most economically advantageous.

In any case, the contracting authority shall ensure that verification of the absence of grounds for exclusion and compliance with the selection criteria has taken place in an impartial and transparent manner, either in the context of the initial award procedure or at the time of the conclusion of the contract for account, so that no contract is awarded to a tenderer (or subcontractor) who should have been excluded or who does not meet the selection criteria. The minimum requirements of qualitative selection may, where appropriate, be adjusted in proportion to the remaining part of the contract if the contract for account is concluded only for part of the contract still to be performed.

The contract for account will be concluded by means of an amendment to the original contract, which will be signed by the contracting authority and the new supplier. If the contract has already been partially performed, this amendment will accurately mention all parts of the contract that still need to be performed. The amendment shall also mention all the changed conditions compared to the original tender of the initial supplier, and compared to the original tender of the new supplier. If necessary, the amendment shall state the method of application of the original conditions to the remaining part of the contract. All other conditions stated in the contract documents (the tender specifications and the original tender of the initial or new supplier), shall continue to apply unchanged.

If a contract for account is concluded, a copy of the amendment concerning the contract to be concluded shall be sent to the initial supplier by electronic transmission, in deviation from art. 47, § 3 (3) of the "GIR". If, following the application of an ex officio measure (art. 47 of the "GIR"), the price of the new contract for account concluded is higher than that of the initial contract, the initial supplier shall bear the additional costs.

11. REVISION OF PRICES (ART. 38/7)

Price revisions are not allowed under this contract.

12. INDEMNITIES FOR SUSPENSIONS ORDERED BY THE CONTRACTING AUTHORITY DURING CONTRACT PERFORMANCE (ART. 38/12)

- 12.1. The contracting authority reserves the right to suspend the performance of the contract for a given period, mainly because it considers that the procurement contract cannot be performed without inconvenience at that time.
- 12.2. The performance period is extended by the period of delay caused by this suspension, provided that the contractual performance period has not expired. If it has expired, the return of fines for late performance may be agreed.
- 12.3. When activities are suspended, based on this clause 12.3, the supplier is required to take all necessary precautions, at his expense, to protect the supplies already performed and the materials from potential damage caused by unfavourable weather conditions, theft or other malicious acts.
- 12.4. The supplier has a right to damages for suspensions ordered by the contracting authority when:
 - (a) The suspension lasts in total longer than one twentieth of the performance period and at least ten working days or fifteen calendar days, depending on whether the performance period is expressed in working days or calendar days;
 - (b) The suspension is not due to unfavorable weather conditions or other circumstances beyond the contracting authority's control which, in the contracting authority's discretion, constitute an obstacle to the continued performance of the contract at that time;

- (c) The suspension occurs during the contract's performance period.

13. UNFORESEEABLE CIRCUMSTANCES

- 13.1. As a general rule, the supplier is not entitled to request modifications to the contractual terms for circumstances unknown to the contracting authority.
- 13.2. A decision by the Belgian state to suspend cooperation with a partner country, or a decision of a government of a partner country to suspend cooperation with the Belgian state, constitutes an unforeseeable circumstance under this clause 13. In the event that the Belgian state or the partner country terminates or ceases activities, which implies therefore the financing of this public contract, Enabel will make reasonable efforts to negotiate a fair maximum compensation amount.

14. TAXATION HAVING AN EFFECT ON THE VALUE OF THE PUBLIC CONTRACT (ART. 38/8)

- 14.1. For this public contract, a price revision resulting from a change in taxation is possible if the case occurs in Belgium or in the country of performance concerned by this public contract and has an incidence on the value of the public contract.
- 14.2. Such price revision is only possible if both the following conditions apply:
- (a) The change entered into force after the tenth day preceding the deadline for submission of tenders, and
 - (b) Either directly, or indirectly by means of an index, such taxation is not included in the revision formula provided for in procurement documents in application of Article 38/7 of the "GIR".
- 14.3. In the event of an increase in charges, the supplier must prove that it has actually borne the additional charges it has claimed and that they are related to the performance of the contract.
- In case of a reduction, there is no revision if the supplier proves that he paid the charges at the old rate.

15. TERMS OF INTRODUCTION (ART. 38/14 TO 38/17)

- 15.1. The contracting authority or the supplier who wishes to rely on one of the review clauses, as referred to in Articles 38/9 to 38/12 of the "GIR", must give written notice of the facts or circumstances invoked on which it relies within 30 days, either after they occurred or after the date on which the contracting authority or the supplier should normally have known about them.
- 15.2. The supplier may only invoke the application of one of these review clauses if it succinctly discloses the influence of the facts or circumstances invoked on the course and cost of the contract to the contracting authority within the period mentioned under clause 15.1, regardless of whether the contracting authority is aware of the facts or circumstances.

SECTION (F) - PERFORMANCE MODALITIES

16. ORDER FORMS (ART. 115)

17. DEADLINES AND TERMS (ART. 116)

17.1. The supplier shall deliver all 700 tablets within the delivery period stated in its approved tender, which shall not exceed 60 calendar days. This period starts on the day following receipt of the contract conclusion notification.

18. PLACE OF PERFORMANCE (ART. 118)

The supplies must be delivered at the following address:

Belgian agency for international cooperation

22 Abdallah Ar – Rihani St. Al - Swefieh

Amman, Jordan

19. TRANSFER OF OWNERSHIP (ART. 132)

The contracting authority automatically becomes the owner of the supplies as soon as they have been accepted for payment pursuant to Article 127 of the "GIR".

SECTION (G) - MEANS OF ACTION

20. FAILURE OF PERFORMANCE (ART. 44)

20.1. The supplier shall be considered in breach of this public contract under the following circumstances:

- (a) When contract performance is not carried out in accordance with the conditions specified in the procurement documents;
- (b) When, at any time, contract performance has not progressed in such a way that it can be fully completed on the due dates;
- (c) When the supplier fails to comply with written orders issued in due form by the contracting authority.

Any failure to comply with the provisions of the public contract, including the non-compliance with orders from the contracting authority, will be documented in a report ('process verbal'). A copy of this report will be sent immediately to the supplier either by registered post or e-mail (with proof of the exact dispatch date).

20.2. The supplier must address the defects without delay. He may assert his right of defence, either by registered post or e-mail (with proof of the exact dispatch date), addressed to the contracting authority within fifteen days from the date of dispatch of the report (process verbal). Silence on his part after this period shall be deemed as acknowledgement of the reported facts.

- 20.3. Any defects that can be attributed to the supplier may result in the application of one or more measures as provided in Articles 45 to 49, 123 and 124 of the “GIR”.

21. FINES FOR DELAY (ART. 46 AND 123)

- 21.1. Fines for delay differ from penalties referred to in Article 45 of the “GIR”. They are due, without the need for notice, by the mere lapse of the performance period without the issuing of a report and they are automatically applied for the total number of days of delay.
- 21.2. Fines for delay are calculated, according to Article 123 of the “GIR”, at a rate of **0.1%** per day of delay, with a **maximum of 7.5%**, of the value of the supplies that were delivered with the same delay.
- 21.3. If the execution deadline is an award criterion, the penalty rate may increase to a **maximum of 10%**, depending on the weight assigned to this criterion in the tender specifications.
- 21.4. Without prejudice to the application of these fines, the supplier shall indemnify the contracting authority where appropriate against any damages owed to third parties on account of its delay in performing the contract.

22. MEASURES AS OF RIGHT (ART. 47 AND 124)

- 22.1. When, upon the expiration of the deadline specified in Article 44, § 2 of the “GIR”, to present justifications, the supplier has remained inactive or has submitted justifications deemed insufficient by the contracting authority, the latter may invoke the measures as of right outlined in clause 22.2. However, the contracting authority may apply these measures before the expiration of the aforementioned term when the supplier has explicitly acknowledged the identified shortcomings.
- 22.2. The measures as of right are:
- (a) Unilateral termination of the contract. In this case the entire performance bond, or if no bond has been posted an equivalent amount, is acquired as of right by the contracting authority as lump sum damages. This measure excludes the application of any fine for delay in performance in respect of the terminated part;
 - (b) Completion of all or part of the unfulfilled contract by the contracting authority itself;
 - (c) Conclusion of one or more replacement contracts with one or more third parties for all or part of the contract remaining to be performed.

The measures outlined in points (a), (b), and (c) will be executed at the expense, risk, and peril of the defaulting supplier. However, any fines or penalties imposed during the performance of a replacement contract will be borne by the new supplier.

SECTION (H) - END OF THE PUBLIC CONTRACT

23. ACCEPTANCE OF THE PRODUCTS DELIVERED (ART. 64, 120 AND 128-131)

- 23.1. The contracting authority checks the deliveries at the place of delivery. The supplies will not be accepted until after having satisfied the inspections, technical acceptance operations and prescribed tests. Any damage shall be recorded. The result of this inspection and the exact date of arrival of the deliveries shall be recorded in a report or, where applicable, on the delivery note or invoice referred to in Article 118, § 2 of the “GIR”.
- 23.2. Upon expiry of the thirty-day period starting from delivery, as appropriate, a report of provisional acceptance or refusal of acceptance will be drawn up.

23.3. In this contract, provisional acceptance is carried out as follows: Full acceptance is carried out at the place of delivery without prior partial acceptance at the place of manufacture. Provisional Acceptance is completed in full at the place of delivery. The contracting authority has thirty (30) days to inspect and test the supplies and notify the supplier of its acceptance or rejection. This period begins the day after the supplies arrive at the place of delivery, provided that the contracting authority has received the delivery note or invoice. The thirty-day period provided for in Article 127 of the "GIR" (clause 26) is included herein.

24. GUARANTEE PERIOD (ART. 65 AND 134)

The warranty period commences on the date on which provisional acceptance is given. It lasts for **1 year**.

25. FINAL ACCEPTANCE (ART. 135)

- 25.1. Final Acceptance occurs upon expiry of the warranty period. It is implicit when the delivery has not led to any claims during said period.
- 25.2. If delivery has led to complaints during the warranty period, a report of final acceptance or refusal of acceptance will be issued within 15 days prior to the expiry of said period.

26. INVOICING AND PAYMENT (ART. 66-72 AND 127)

- 26.1. The contracting authority shall verify and pay the amount due to the supplier within a processing period of thirty days from delivery, provided that the contracting authority is in possession of the duly established invoice.
- 26.2. Only deliveries that have been performed correctly may be invoiced. The invoice must be issued in **euro**.
- 26.3. If delivery takes place in several instalments, the processing period shall commence on the date of delivery for each partial delivery.
- 26.4. The supplier sends (one copy only of) the invoices and the contract acceptance report (original copy) to the following address: **Enabel - Belgian Development Agency, 22, Abdallah Ar-Rihani St., Swefieh, Amman, Jordan.**
- 26.5. In order for Enabel to obtain the VAT exemption and customs clearance documents as quickly as possible, the original invoice and all ad hoc documents will be transmitted as soon as possible before provisional acceptance.
- 26.6. Payments will be as follows

First payment will be upon the delivery and acceptance of 350 tablet.

The second payment will be upon the delivery and acceptance of the other 350 tablets.

In case the full quantity was delivered at once, 100% of the amount will be paid be upon the delivery and acceptance of 700 tablet.

6. INTEGRITY STATEMENT OF THE TENDERERS

§1 Hereby, I / we, acting as legal representative(s) of above-mentioned tenderer, declare the following:

- Neither members of administration or employees, or any person or legal person with whom the tenderer has concluded an agreement in view of performing the public contract, may obtain or accept from a third party, for themselves or for any other person or legal person, an advantage appreciable in cash (for instance, gifts, bonuses or any other kind of benefits), directly or indirectly related to the activities of the person concerned for the account of Enabel.

§2 If above-mentioned public contract is awarded to the tenderer, I / we declare, moreover, agreeing with the following provisions:

- In order to avoid any impression of risk of partiality or connivance in the follow-up and control of the performance of the public contract, it is strictly forbidden to the public contractor (i.e. members of the administration and workers) to offer, directly or indirectly, gifts, meals or any other material or immaterial advantage, of whatever value, to the employees of Enabel who are concerned, directly or indirectly, by the follow-up and/or control of the performance of the contract, regardless of their hierarchical rank.
- Any (public) contract will be terminated, once it appears that contract awarding or contract performance would have involved the obtaining or the offering of the above-mentioned advantages appreciable in cash.
